## Water Use Efficiency Programs

Mesa Consolidated Water District offers several Water Use Efficiency Programs, *at no cost*, to assist customers with reducing water usage including:

**Residential Survey Program** - an experienced conservation specialist will assist with indentifying ways to lower water consumption in and around your home.

**Rebate Programs** - Rebates are available to assist customers with the cost of replacing indoor and outdoor high water using fixtures with water efficient models

**Landscape Programs** - Water Efficient Landscape Classes are offered to residential and commercial customers throughout the year. Online classes are also available through links from our web site.

**Water-Wise Gardening** - Mesa has two demonstration gardens, one at our District office and the other at the Orange County Fair Grounds. The garden displays a wide variety of attractive and water efficient California friendly plants. Our colorful brochure features photos and information about each plant in the garden.

**To learn more about these programs,  
please call us at (949) 631-1205**
