

FEES AND CHARGES FOR NEW DEVELOPMENT

Effective September 27, 2011

A deposit will be collected on all new development to cover the actual cost for time and materials, including Mesa’s fully burdened labor rate, for Plan Check, Installation and Inspection work performed. After the work has been completed, the actual cost of the project will be determined and any excess funds from the deposit will be refunded or the Applicant shall be required to pay the costs in excess of the deposit.

The following costs will be used in determining the deposit.

1) **PLAN CHECK:**

For the first service line constructed	\$ 900	residential
	\$ 1,225	commercial
For each additional service	\$ 85.00	per service
For meter changes only	\$ 335	per meter
Fourth or more review of plans	\$ 55.00	per additional review

A service is defined as a service connection, fire hydrant or backflow device.

When only a meter change is requested, a deposit will be charged that recovers Mesa’s costs of reviewing plans and determining appropriate meter size.
