DISCUSSION

The California Special Districts Association (CSDA) is the governing body responsible for all policy decisions related to CSDA’s member services, legislative advocacy, education and resources. The Board of Directors is crucial to the operation of the association and to the representation of the common interests of all California’s special districts before the legislature and the State Administration. Serving on the Board requires one’s interest in the issues confronting special districts statewide.

The leadership of CSDA is elected from its six geographical networks. Each of the six networks has three seats on the Board with staggered 3-year terms. Mesa Water District is located in the Southern Network. This year, Seat A in the Southern Network is open for election. Director Jo McKenzie from the Vista Irrigation District is the incumbent.

CSDA is conducting its Board election via an electronic ballot. The candidates for Region 6 are as follows:
- Jo Mackenzie, Vista Irrigation District
- Joseph Kelly, Big Bear Airport District

Electronic ballots were emailed June 18, 2018 and all cast ballots must be received by CSDA no later than 5:00 p.m. on August 10, 2018. The successful candidates will be notified no later than...
August 14, 2018 and all selected Board Members will be introduced at CSDA’s Annual Conference in Indian Wells, CA in September 2018.

FINANCIAL IMPACT

In Fiscal Year 2019, $6,500 is budgeted for the CSDA membership in the District Memberships account.

I would be honored to continue representing the Southern Network on the CSDA Board of Directors.

I am dedicated to CSDA’s mission and I pledge to continue building on CSDA’s foundation of education programs, legislative advocacy, and public outreach. During my tenure, special districts have gained recognition as the third leg of local government. It is important that CSDA continues to be the voice of California’s special districts in the Capitol.

Representing the Southern Network, I will bring to the California Special District Association years of experience in local government including LAFCO, and a strong understanding of how CSDA can best serve its members.

I have served as CSDA President, Treasurer, and the Chair of the Legislative Committee. I know the commitment and time it takes to be an effective board member. A flexible schedule is paramount to being a successful director. I have attended all board of directors and assigned committee meetings, read through a myriad of legislation, and hundreds of pages of Board packets in order to provide the leadership necessary for the association to run efficiently and effectively to serve the needs of the diverse special districts.

I have completed CSDA’s Special District Leadership Academy, a requirement to serve on the Board. Under my leadership, my district, Vista Irrigation District, has obtained the Special District Leadership Foundation District of Distinction Accreditation, Gold, and the District Transparency Certificate of Excellence.

I believe it is important to the continued success and growth of CSDA that the Board of Directors remain committed to its mission: to provide legislative advocacy, education, and member services for all special districts.

Your district’s vote will be greatly appreciated!

Hello, I am Joseph Kelly, your candidate for the California Special Districts Association (CSDA) Board of Directors. As an elected official, I understand the concept of serving our constituents. When elected to the CSDA Board, I will serve you.

CSDA is our "go to" organization, for training, support, data, answers and legislative outreach. During my tenure on the Big Bear Airport District Board of Directors, I have drawn on many of the resources provided by our membership in CSDA. These resources will not only continue, but get better with my input in Sacramento.

Technical innovations, communication and legislative support is what I bring to the table. I have no complaints about CSDA. To the contrary, I only seek to add my voice to make CSDA an ever improving association. I ask for your vote, the vote of your agency, to elect me to the CSDA Board of Directors.

Special Districts like yours provide vital services to a major portion of California. We as representatives require the support CSDA provides to help us carry out our responsibilities. We serve in every type of district from small rural areas to large metropolitan areas. One thing in common is that our constituents rely on us to provide services, without fail; and we are held accountable.

Each district faces its own challenges. In addition to these, some general concerns to me are:

• UNFUNDED MANDATES from Sacramento which are growing

• PREVAILING WAGE regulations impact on districts which don't have the large base of contractors

• NETWORKING AND COMMUNICATION between agencies to find solutions to problems in common

• ENCOURAGING INPUT from Special Districts as to their needs from CSDA

The opinions expressed herein are those of the candidate.

DISCUSSION

The annual Orange County (OC) Fair is an opportunity for Mesa Water District (Mesa Water®) to partner with the OC Fair as one of our key customers and:

- Engage, educate, and empower our OC Fair-going customers -- and the surrounding community -- with timely, impactful, and relevant information about wise water use;
- Increase Mesa Water’s visibility and brand recognition among OC Fair audiences who are also Mesa Water constituents (ratepayers, community members, elected officials, industry colleagues, and current/former Board and staff members); and,
- Garner greater awareness of Mesa Water, and of water, among local and regional media interested in the OC Fair.

Mesa Water has annually partnered with the OC Fair via an outreach sponsorship since the 2006 launch of our water-wise garden there. With 1,334,753 admissions in 2017, it is estimated that a good percentage of fairgoers live and/or work in Mesa Water’s service area. - Set lawn mower blades higher (longer grass means less evaporation)
- Remove invasive plants from your garden (they hurt our environment)
- Reduce water-thirsty grass and replace with California-Friendly® plants
- Turn off sprinklers during the rain and 48 hours after
