AGENDA
MESIA WATER DISTRICT
BOARD OF DIRECTORS
Thursday, September 24, 2015
1965 Placentia Avenue, Costa Mesa, CA 92627
3:30 p.m. Special Board Meeting

LEGISLATIVE & PUBLIC AFFAIRS COMMITTEE MEETING
Thursday, September 24, 2015 at 3:30 p.m.

Teleconference Site:
401 Southwood Avenue
Columbus, OH 43207

(Members of the Public may attend and participate in the meeting at both locations. Notice will be posted on door at the Teleconference Site.

CALL TO ORDER

PLEDGE OF ALLEGIANCE

PUBLIC COMMENTS

Non-Agendized Matters: Members of the public are invited to address the Board on matters which are not on the Agenda. Each speaker is limited to three (3) minutes. The Board will set aside thirty (30) minutes for public comments.

Agendized Matters: Members of the public may comment on Agenda items before action is taken, or after the Board has discussed the item. Each speaker is limited to five (5) minutes.

PRESENTATION AND DISCUSSION ITEMS:
Items recommended for approval at this meeting may be agendized for approval at a future Board meeting.

1. Legislative Consulting Services Update
2. Municipal Water District of Orange County Legislative Update
3. Social Media Metrics
4. Social Media Project RFP

ACTION ITEMS:
None

REPORTS:
5. Advocacy Consulting Services Report
6. Legislative Consulting Services Report
7. Report of the General Manager
8. Directors’ Reports and Comments
INFORMATION ITEMS:

9. Drought-Reach 2.0 Update
10. Outreach Update

In compliance with California law and the Americans with Disabilities Act, if you need disability-related modifications or accommodations, including auxiliary aids or services in order to participate in the meeting, or if you need the agenda provided in an alternative format, please contact the District Secretary at (949) 631-1206. Notification 48 hours prior to the meeting will enable Mesa Water District (Mesa Water®) to make reasonable arrangements to accommodate your requests.

Agenda materials that are public records, which have been distributed to a majority of the Mesa Water Board of Directors (Board), will be available for public inspection at the District Boardroom, 1965 Placentia Avenue, Costa Mesa, CA and on Mesa Water’s website at www.MesaWater.org. If materials are distributed to the Board less than 72 hours prior or during the meeting, the materials will be available at the time of the meeting.

ADJOURNMENT
MEMORANDUM

TO: Legislative & Public Affairs Committee
FROM: Stacy Taylor, Public & Government Affairs Manager
DATE: September 24, 2015
SUBJECT: Legislative Consulting Services Update

RECOMMENDATION

Receive the presentation for information only. No action is requested at this time.

STRATEGIC PLAN

Goal #4: Increase public awareness about Mesa Water® and about water.
Goal #7: Actively participate in regional water issues.

PRIOR BOARD ACTION/DISCUSSION

This presentation is provided quarterly at a meeting of the Legislative & Public Affairs Committee (LPAC). The next presentation will be at the December 17, 2015 LPAC meeting.

DISCUSSION

Mesa Water District (Mesa Water®) receives legislative consulting services from Townsend Public Affairs (TPA). At the Board’s request, a TPA representative will provide a brief presentation to the Legislative & Public Affairs Committee regarding: 1) TPA’s activities for Mesa Water®; 2) a legislative recap of this calendar year; 3) a look ahead into what’s upcoming for the 2016 legislative session; and, 4) information about priority legislation of interest to Mesa Water®.

FINANCIAL IMPACT

$60,000 was budgeted in the FY 2016 budget for legislative consulting services, funded from the Public & Government Affairs department’s expense budget. To date, $10,000 has been spent, with a remaining balance of $50,000 in this account.

MEMORANDUM

TO: Legislative & Public Affairs Committee
FROM: Stacy Taylor, Public & Government Affairs Manager
DATE: September 24, 2015
SUBJECT: Municipal Water District of Orange County Legislative Update

RECOMMENDATION

Receive the presentation for information only. No action is requested at this time.

STRATEGIC PLAN

Goal #4: Increase public awareness about Mesa Water® and about water.
Goal #7: Actively participate in regional water issues.

PRIOR BOARD ACTION/DISCUSSION

None.

DISCUSSION

Mesa Water District (Mesa Water®) works collaboratively with Municipal Water District of Orange County (MWDOC) on legislative issues of mutual interest. Heather Baez, MWDOC’s Governmental Affairs Manager, will present an update to the Committee regarding MWDOC’s key Federal, State and regional legislative actions and priorities for calendar year 2015.

This presentation can be provided annually at a meeting of the Legislative & Public Affairs Committee (LPAC). The next presentation can be planned for a 2016 LPAC meeting.

FINANCIAL IMPACT

None

MEMORANDUM

TO: Legislative & Public Affairs Committee
FROM: Noelle Collins, Public Affairs Coordinator
DATE: September 24, 2015
SUBJECT: Social Media Metrics

RECOMMENDATION

Receive the presentation for information only. No action is requested at this time.

STRATEGIC PLAN

Goal #4: Increase public awareness about Mesa Water® and about water.
Goal #6: Provide outstanding customer service.

PRIOR BOARD ACTION/DISCUSSION

This item is updated quarterly for the Legislative & Public Affairs Committee.

DISCUSSION

As part of the Mesa Water District (Mesa Water®) FY 2015 Public & Government Affairs plan, staff manages three social media platforms to directly share the District’s messages with customers, elected officials, industry colleagues, media, Mesa Water® employees, and the public. The three platforms include Facebook, Instagram, and Twitter. Mesa Water® additionally participates on LinkedIn and YouTube.

Mesa Water’s followers on Facebook, Instagram, and Twitter have grown organically, with small, periodic investments in Facebook ads, most recently through the Mesa Water Saver campaign. Each account is currently reaching the following number of people:

<table>
<thead>
<tr>
<th>Platform</th>
<th>FY 2016</th>
<th>FY 2015</th>

Mesa Water® has committed to two posts each week. These include #MesaWaterMonday and #WaterWiseWednesday. In addition, staff posts regular updates about events, news about the drought, water use efficiency programs, education outreach, operations and maintenance of the water delivery system, Board meeting presentations, and more.

Staff has found that “humanizing” posts has resulted in increased responses from followers. For example, posts focused on crews working on the field, staff retiring, and events receive more positive responses than posts without people.
In addition, the Board’s #KeepSavingCA series was a successful outreach campaign for Mesa Water®, and our timely posts “from the pumphouse” and during a recent rainstorm garnered significant social media attention to the District in a positive manner.

Staff continues to plan, strategize, and implement Mesa Water’s social media outreach to further the District’s online presence and grow support from the community.

FINANCIAL IMPACT

The Public & Government Affairs department’s FY 2015 expense budget totals $700,875. To date, $146,944 has been spent, with a remaining balance of $553,931.

ATTACHMENTS

None.
MEMORANDUM

TO: Legislative & Public Affairs Committee  
FROM: Stacy Taylor, Public & Government Affairs Manager  
DATE: September 24, 2015  
SUBJECT: Social Media Project RFP

RECOMMENDATION

This item is provided for information only. No action is requested at this time.

STRATEGIC PLAN

Goal #3: Be financially responsible and transparent.
Goal #4: Increase public awareness about Mesa Water® and about water.
Goal #6: Provide outstanding customer service.

PRIOR BOARD ACTION/DISCUSSION

This item was discussed at Mesa Water’s Executive Committee meeting on September 1, 2015, and the Committee recommended the item be discussed by the Board at the Legislative & Public Affairs Committee (LPAC) on September 24, 2015.

DISCUSSION

Mesa Water® staff is developing a Request for Proposals in order to retain an expert consultant to review Mesa Water’s use of social media, with a scope of work that consists of the following:

- Review online content and posts -- including comments and reviews, photos and videos, likes and shares, tweets/retweets and favorites, following and followers/subscribers, and more -- posted by the District’s representatives over the past year;
- Evaluate performance analytics to date for Mesa Water’s 4 social media platforms (Facebook, Instagram, Twitter, and YouTube);
- During FY 2016, monitor the District’s and its representatives’ social media activities, as well as social media metrics for Mesa Water’s 4 social media platforms (Facebook, Instagram, Twitter, and YouTube);
- Provide feedback to Mesa Water®, summarizing the District’s and its representatives’ social media activities, and recommending social media engagement tactics to boost Mesa Water’s audience connections, brand visibility and good reputation (i.e., posts frequency, messages tone/type, the District’s “voice”, etc.); and,
- Training (2 sessions) on social media best practices for the District’s representatives (1 session for Board, another for staff).
FINANCIAL IMPACT

$27,625 is approved in the FY 2016 Budget from the Public & Government Affairs department.

DISCUSSION

Mesa Water District (Mesa Water®) receives legislative consulting services from Townsend Public Affairs (TPA). As part of its service to Mesa Water®, TPA submits a monthly written report of its activities on behalf of the District, including a legislation matrix.

FINANCIAL IMPACT

$60,000 was budgeted in the FY 2016 budget for legislative consulting services, funded from the Public & Government Affairs department’s expense budget. To date, $10,000 has been spent, with a remaining balance of $50,000 in this account.

ATTACHMENTS

Attachment A: Report & Legislation Matrix
MEMORANDUM

To: Mesa Water®

From: Townsend Public Affairs, Inc.

Date: September 14, 2015

Subject: Monthly Political and Activity Report

Specific Activities for the Month:

- TPA provided Mesa Water staff with updated information on the State legislative session, the Department of Water Resources Turf and Toilet Replacement Program, and on a draft 2016 water bond.

- TPA worked on scheduling meetings with Assemblymember Harper and Senator Moorlach over the State Legislature’s summer recess. Several dates were provided to Mesa Water staff but none of them were able to be confirmed. Assemblymember Harper has a standing invitation for a conference call with Mesa Water Board Members throughout the final four weeks of session.
State Political Update

The 2015 regular session of the California legislative session ended at midnight on September 11. The legislature will reconvene for the second year of the two year session on January 4, 2016. The Governor will now consider the 249 legislative proposals on his desk. He has until October 11 to sign or veto the proposed legislation.

Among the hot topics that were tackled during the final week of the legislative session were climate change, medical marijuana, redevelopment and physician-assisted suicide. Among the bills that the Legislature sent Governor Brown was an ambitious, yet scaled down, climate change bill. SB 350 (de Leon) calls for the state to boost energy efficiency in buildings by 50 percent and requires California to get half of its electricity from renewable sources by 2030. In the final days of session, in order to ensure passage of the bill, Democrats were forced to drop a mandate to cut petroleum use from the proposal. Despite this setback, the Governor has stated that he will continue to look at state regulatory rules to accomplish the cutbacks.

During the regular legislative session recess, special sessions on healthcare and transportation remain open and lawmakers can continue to address these policies throughout the Fall. The Legislature is expected to form a special committee to determine how to pay for an estimated $59 billion backlog in state roads and highways repairs over the next decade. On the healthcare side, California has until July to restructure how it funds Medi-Cal, the state’s health care program for the poor, so it does not lose $1 billion in federal matching funds. The Obama administration warned California that its current system, which only taxes the plans that accept Medi-Cal patients, doesn’t comply with federal law. Democratic proposals called for an expanded tax on health insurers and a new tobacco tax to help restore lost services and improve care. Both proposals stalled on the final days of session amid pushback from the health plans and Republicans and will continue to be discussed over the coming months.

In addition to the hundreds of bills that were being considered by the Legislature, there has also been actions regarding the future leadership of the Legislature. On August 27th, the Senate Republican Caucus voted in Senator Jean Fuller (R-Bakersfield) as its new minority leader. It had been announced several months ago that Senator Fuller would be the next Minority Leader, but this change occurred two months before the previously announced transition, which was to take place in November. Leading up to the final two weeks of the legislative session, Senate Republicans publically declined to discuss the circumstances of the vote. The Republican Caucus played an important role in the final two weeks of session as well as in the proposals that are being debated by the special sessions as all proposed new taxes require a two-thirds vote in each house, which means bi-partisan support.

On September 1st, the Assembly Republican Caucus voted for their next leader, electing Chad Mayes (R-Yucca Valley) to replace Kristin Olsen as the next Assembly Minority Leader. Assembly Members Mayes and Olsen will work together to ensure a smooth transition and Mayes will assume the position when the Legislature reconvenes on January 4, 2016. Assemblyman Mayes was recently elected to the Legislature in 2014, so he will have the opportunity to serve as the Minority Leader until he terms out in 2026.

On September 3, the Assembly Democratic Caucus voted to select Assemblyman Anthony Rendon (D-Lakewood) as their next Speaker. This vote followed months of speculation and internal caucus politics over who would lead the Lower House for the better part of the next decade. The current Speaker, Toni Atkins, will remain in her position through the end of the Legislative Session until January, when an official vote will occur in the Assembly to elect Assemblyman Rendon.
On Friday, September 11, a bipartisan group of 47 state Assembly members delivered a letter to Governor Brown asking him to declare a special session to tackle problems related to California’s ongoing drought. Key topics of this proposed special session were the State’s sluggish response to the supposed state of emergency and ongoing state actions that have failed to deliver as promised. “We have seen from widespread reports that as much as half of the $687 million set aside to help drought-stricken communities remains unspent in state accounts — and will remain there until 2016,” says the letter. “In addition, we are seeing the same slow and lethargic project pace with the funds raised as a result of last year’s Proposition 1 ballot measure.” A spokesman for the Governor’s office stated that a sound process is in place to ensure assistance is distributed properly. The spokesman also went on to say that hundreds of millions of dollars of relief has been committed and distributed thanks to the bipartisan effort of both the Republicans and Democrats, but without the need of a special session.

**Cap and Trade**

On the final day of session, the Legislature decided to postpone the discussion of Cap and Trade revenues until January 2016. However, they did pass a budget trailer bill, SB 101, which includes funding for existing Cap and Trade and water programs at state agencies as well as other funds for infrastructure projects, education, and long-term care. SB 101 provisions include:

1. **Strategic Growth Council (SGC):** $1.817 million that will count toward the continuously appropriated funds for SGC.
   - $500,000 for technical assistance to disadvantaged communities.

2. **Department of Water Resources:** $19 million to local agencies, JPAs, and nonprofits for water efficiency and energy efficiency programs, for continued implementation of the California Water Plan.

3. **Air Resources Board:** $90 million for local assistance. $18.686 million simply labeled “climate change.”
   - $1 million (of the $18.6 million) to establish a tracking system to track projects funded through Cap-and-Trade

4. **Department of Food and Agriculture:** $40 million for water and energy efficiency grants promoting water and energy savings.

**Drought Update**

**AB 1164 (Gatto) Water Conservation: Drought Tolerant Landscaping**

This bill would prohibit cities and counties from enacting or enforcing any ordinance or regulation that prohibits the installation of synthetic grass or artificial turf on residential property. The $300 million appropriation from this bill for turf removal was removed on the Senate Floor on September 4. The bill is now on the Governor’s desk.

**State Water Use: July 2015**

Californians reduced their water use beyond the 25 percent target for the second month in a row. Californians cut overall urban use by 31%, compared with July 2013. In June, the first month of the Governor’s mandatory reduction of 25 percent, Californians cut water use by 27 percent even though it
was the hottest June on record. The new data shows that 290 of 402 communities reached their conservation targets, or were within 1 percent in July. This is up seven percent from last month.

**Bay Delta Conservation Plan**

On August 27, the Department of Water Resources and the U.S. Bureau of Reclamation submitted a change petition to the State Water Resources Control Board seeking approval to add points of diversion to water rights permits as part of the proposed California WaterFix plan. The change position would affect existing water right permits and diversion authorizations held by the State Water Project (SWP) and the Central Valley Project (CVP) by constructing three new intakes, each with the capacity of 3,000 cubic feet per second. The intakes will allow more flexibility for the SWP and the CVP to move water from the north Delta to the south Delta. The State Water Resources Control Board will review the petition to ensure that it includes the required fish and wildlife protections as well as upholds the Delta Reform Act. A public hearing will also be available this fall for comment on the petition before the Board makes a final decision.

**Water Supply Reliability and Drought Protection Act of 2016**

In recent weeks, Gerald Meral and the National Heritage Institute have begun to distribute draft language of a possible water bond for the 2016 ballot. According to Meral, the funding in this second water bond is designated for programs that were underfunded, or not funded at all, in the Proposition 1 that was approved by voters in November 2014. Meral is a former deputy secretary of the Natural Resources Agency and was the chief agent in Governor Brown’s two-tunnel Delta plan. Meral has not yet included specific funding amounts for the bond, nor for the specific programs within the bond, however it is expected that a second bond would be significantly less than Proposition 1. The draft water bond that is currently being distributed would contain funding for the following activities:

- Capture and use of urban runoff and stormwater;
- Desalination and water recycling;
- Water Conservation:
  - Turf Replacement
  - Leak Detection
- Watershed improvement for water supply enhancement;
- Land and water management for water supply improvement;
- Flood management for improved water supply;
- Groundwater Planning and storage;
- Water for wildlife:
  - Acquisition of water rights
- Repair of flood control reservoirs
- Funding for water measurement; and,
- Equipment for water supply for firefighting.

**Federal Legislative Update**

The U.S. House of Representatives (House) and the U.S. Senate (Senate) were in recess for the month of August and recently resumed legislative business on Tuesday, September 8 after the Labor Day holiday. For the remainder of September, Congress will focus efforts on addressing appropriations legislation which will likely result in the passage of a Continuing Resolution (C.R.), a short-term extension of the Fiscal Year 2015 spending bills.
The House has six legislative days to address appropriations bills and/or pass a C.R. before the end of the fiscal year. Given the time constrain Members face, it is assumed Congress will be unable to meet the September 30th deadline (last day of the fiscal year) to keep the government funded. Major barriers preventing passage of Fiscal Year 2016 spending bills include ongoing disputes over spending caps and policy riders. Currently, potential policy rider conversations do not include water-related provisions because leadership is primarily focused on addressing foreign affairs negotiations and social issues.

To avoid another government shutdown, Congress will likely pass a C.R. to keep the government funded at current funding levels. For water policy, this means, like all other appropriations bills, the Energy-Water Appropriations bill will be funded at the same levels as Fiscal Year 2015 until the C.R. expires. Past C.R. timelines indicate Congress may extend current funding levels until December, before Congress breaks for the year.

**Legislative Efforts**

**Federal Drought Legislation**

With Congress back in session, the goal is to address looming deadlines regarding next year’s budget and reauthorization packages. While drought legislation is not included in that list, it remains a top priority for some Members of leadership in both chambers and for committee leaders with jurisdiction over water policy. The recent introduction of drought legislation in both the House and Senate will generate key hearings in the Senate Energy and Natural Resources Committee. Energy and Natural Resources Committee Chairwoman, Senator Lisa Murkowski’s (R-AK) will lead the Senate’s drought bill this Congress and has articulated her willingness to work with Senator Feinstein and Senator Boxer on major drought legislation in particular with consideration of Senator Feinstein’s California Emergency Drought Relief Act. As of now, Chairwoman Murkowski plans to introduce a drought bill before the end of the 2015 calendar year. It is expected the bill will be a larger, Western region bill rather than specific to California. Should Chairwoman Murkowski introduce and pass a drought bill in the Senate, a joint conference committee would be formed to resolve differences between the Senate version and H.R. 2898, Congressman Valadao’s bill.

**Surface Transportation Reauthorization**

The House and the Senate passed a short-term extension of MAP-21, federal surface transportation authorization, until October 29th. However the Senate also passed a long-term (six year) reauthorization. Although the majority of the long-term Senate bill addresses federal-aid highway programs, the legislation does include provisions on water policy, specifically on the Water Infrastructure Finance and Innovation Act (WIFIA). The Senate’s long-term bill removes limitations on using tax-exempt bonds to finance projects under WIFIA for projects that receive federal credit assistance.

The House has not been able to find consensus on a long-term bill that would also include WIFIA provisions. However, the House Committee on Transportation and Infrastructure is determined to release a proposal prior to the expiration (October 29) of the extension passed by both chambers in July and August. If the House can pass a long-term reauthorization and both chambers are willing to negotiate in conference, WIFIA could be updated with the passage of a long-term reauthorization of the Surface Transportation bill.

REPORTS AND INFORMATION ITEMS:

7. REPORT OF THE GENERAL MANAGER:
REPORTS AND INFORMATION ITEMS:

8. DIRECTORS’ REPORTS AND COMMENTS:
MEMORANDUM

TO: Legislative & Public Affairs Committee
FROM: Stacy Taylor, Public & Government Affairs Manager
DATE: September 24, 2015
SUBJECT: Drought-Reach 2.0 Update

RECOMMENDATION

This item is provided for information only. No action is requested at this time.

STRATEGIC PLAN

Goal #1: Provide a safe, abundant, and reliable water supply.
Goal #4: Increase public awareness about Mesa Water® and about water.
Goal #6: Provide outstanding customer service.
Goal #7: Actively participate in regional water issues.

PRIOR BOARD ACTION/DISCUSSION

At the District’s August 28, 2014, Board meeting, staff presented an update on the Mesa Water District (Mesa Water®) drought-related outreach activities -- called “Drought-Reach” -- in response to the State Water Resources Control Board’s regulations that became effective on July 29, 2014.

At its October 30, 2014 meeting, the Legislative and Public Affairs Committee approved staff conducting a selection process to retain a “Drought-Reach” campaign consultant, and bringing a recommendation to the Board at its November 13, 2014 meeting.

At its November 13, 2014 meeting, the Board approved a contract with Fraser Communications as the District’s "Drought-Reach" campaign consultant for the total amount of $178,731.

DISCUSSION

Due to the seriousness of this drought, Governor Brown declared a drought state of emergency in January 2014 and, in April 2014, he called on all Californian’s to reduce their water use by 20 percent. In June 2014, the State Water Resources Control Board (SWRCB) issued curtailments to junior water-rights holders and, in July 2014, the SWRCB adopted two resolutions for drought emergency regulations—the first resolution mandated water curtailments, and the second resolution mandated urban water conservation.

The SWRCB’s drought emergency regulations for urban water conservation mandated that all water providers enact water shortage contingency plans with outdoor watering restrictions and prohibitions on specific outdoor watering activities. In response, Mesa Water® ensured its Water Conservation Ordinance (Ordinance 21) is in compliance, and the District initiated Drought-Reach activities to further educate the public about the drought and inform its service area about the State’s requirements.
In anticipation of additional water conservation mandates from the SWRCB, the high probability of allocations implementation by the Metropolitan Water District of Southern California, and to encourage continued water conservation results in the District’s service area, staff recommended a grassroots Drought-Reach campaign to reach all Mesa Water® residents with multiple touchpoints via the following tactical elements (starting in December 2014): 1-2 automated calls; 1-2 mailers; 1 door hanger; and, canvassing. Per the Board’s direction, the campaign included a District-wide bill insert as one of the mailer elements.

Following the initial Drought-Reach campaign’s success, Mesa Water® determined to retain Fraser Communications to implement “Drought-Reach 2.0” in order to leverage and extend the initial campaign. New multi-media creative was developed emphasizing the new outdoor watering rules and featuring the number 2 throughout all elements. Additionally, the campaign is continuing to use the Mesa Water Saver campaign icon.

Attached is Fraser Communications’ status update memo to Mesa Water® regarding the campaign. Also attached are charts of Mesa Water’s 2013/2014/2015 Water Use Comparisons showing the District’s conservation performance, which is being tracked for monthly reports to the SWRCB.

Following are the campaign’s key messages developed for Mesa Water’s Board and staff:

- This is one of the worst droughts in California’s history and we are now into the fourth consecutive year of this drought which began in 2012.

- Furthermore, 2013 was the driest year on record in terms of rain; 2014 was the hottest year on record; and, 2015 had the lowest snow levels on record for California.

- Although we’ve had some rain, it is nowhere near enough to get us out of drought.

- While Mesa Water® has enough water, other areas across California are running low or running out of water.

- We are all in this together as one state with one water, and Governor Brown has asked everyone to reduce their water use; the State Water Board has determined Mesa Water’s reduction to be 20%.

- To achieve this goal, Mesa Water’s drought-reach campaign asks everyone – businesses, public agencies, and residents – to do only two days of outdoor watering per week (Tuesday and Saturday) before 8:00 a.m. or after 5:00 p.m.

- For questions or to request water conservation information, items, and rebates, go to MesaWaterSaver.org, email conservation@MesaWater.org, call 949.631.1200, or visit the District’s office.

- Thanks for being a Mesa Water Saver!

**FINANCIAL IMPACT**

The total campaign budget approved by the Board is not-to-exceed $240,000 with a maximum of...
$60,000 allocated for FY 2015 and the remaining $180,000 allocated for FY 2016. To date, $228,251 has been committed with $11,749 pending allocation. Spending to date totals $177,997.

Attachment B: Water Use Comparisons 2013/2014/2015
MESA WATER DISTRICT “DROUGHT-REACH” STATUS Memo
September 17, 2015

Campaign Scope
On April 1, 2015, Governor Brown issued an Executive Order for a 25% reduction of water use statewide. To comply with the mandated water use restrictions, at its May 14, 2015 Board meeting, Mesa Water District (Mesa Water®) approved the adoption of an updated Water Conservation Ordinance and a Water Supply Emergency Program encouraging continued water conservation results in Mesa Water’s service area by extending the grassroots Drought-Reach campaign – including business, commercial, industrial, institutional, and residential water users – via multiple communications touchpoints – developed and executed again by Fraser Communications.

The purpose of the new campaign is to educate all ratepayers and residents to include to all residences, businesses, industrial and institutional water users in the 18-square-mile area covered by Mesa Water’s service area, of the new outdoor watering restrictions that took effect on May 14, 2015. The intent of the new ordinance is to reduce aggregate potable water consumption by at least 20%.

The strategy for the campaign messaging is to clearly outline the new outdoor watering restrictions, with the campaign’s focus is on outdoor water usage.

Overarching Campaign Theme Development
Fraser developed a strong campaign theme “Let’s All Be Mesa Water Savers” with an impactful/fast read hose graphic that clearly highlights the new water restrictions of only watering two (2) days a week, Tuesday and Saturday, before 8 AM or after 5 PM.

In addition to the new graphics, Fraser developed a highly graphic animated :30 video to be used In-Cinema, on Gas Pump Toppers, and as video pre-roll. Fraser is carrying forward several key elements from the previous campaign – to include the “heart” graphic and the MesaWaterSaver.org as the campaign destination URL.

The outreach campaign includes the following grassroots District-wide outreach elements listed in chronological order of implementation:

JUNE
  • KOCI Radio :15 second messages – 6/1-8/30
  • Digital Ad Campaign, geo-fenced to the Mesa Water service area – 6/22-8/30
    o Of Note: Pre-Roll is consistently seeing a very high 66% VTR meaning those who have viewed completely; typical view-throughs range between 55% - 70%
  • Pandora streaming radio, geo-fenced to the Mesa Water service area – 6/22-8/30
    o Of Note: Audio ads combined with display banners are also consistently seeing a .48% CTR; slightly above the industry standard of 0.46%
Solo mobile banner ads are also very strong with a 1.56% CTR; above the industry standard of 1.06%

- Mesa Water Bill Stuffer, 2-sided, English and Spanish
- Mesa Water Truck Magnets/Vinyl’s, English and Spanish

**JULY**

- Mailer, 2-sided, 6” x 11” English and Spanish to 30,500 residents and rate payers – week of 7/6
- Door Hanger, 2-sided, English and Spanish to 20,007 residential and renters – week of 7/6
- Print, full page color insertion: Costa Mesa Chamber Newsletter

**JULY/AUGUST**

- KOCI Radio Interview dates – 7/19 and 8/16
- (2) In-Cinema Advertising; :30 Video – 6/29-8/23
- (4) Gas Pump Toppers; :30 Video – 7/6-8/30
- (12) Office Building Lobby and Elevators – 7/6-8/30
- Newspaper, two full page color insertions each:
  - Daily Pilot – 7/10 & 8/7
  - Of Note: Digital site served banners are seeing a consistently high: 12% CTR which is very strong for local site direct
    - Newport Beach Costa Mesa Current w/ front page “Post-it Note” – 7/23 & 8/13
    - Excelsior (Spanish) – 7/17 & 8/14
- (2) E-Mails to 87,497 all residents and those who work in the Mesa Water service area – 7/21 & 8/18
  - The 7/21 E-Mail had an extremely high open rate of 10.25% compared with the industry standard of 3%
  - Of note: the 8/18 E-Mail also had an extremely high open rate of 9.82% compared with the industry standard of 3%
- OC Fair Sponsorship to include (5) Information Booth Signs and Flyer handout – 7/17-8/16

**JULY/AUGUST/SEPTEMBER**

- (4) Outdoor Billboard, high profile/high visibility 14’ x 48’ bulletins – 7/6-9/13

**AUGUST**

- (9) Bus Shelters – 7/27-8/23

**AUGUST/SEPTEMBER**

- Print, full page color insertions:
  - South Coast Metro 360 Magazine – August/September
  - Costa Mesa Recreation Guide – September
Completed as of September 17, 2015

- KOCI radio 15’s running and (2) interviews conducted
- Social Media posts written and posting
- Digital ad banner program to include video pre-roll and Pandora running
- Costa Mesa Recreation Guide, Costa Mesa Chamber Newsletter ads ran
- Mesa Water Saver webpage text translated into Spanish
- Bill Stuffer printed
- Outdoor Billboard vinyl’s posted
- OC Fair Sign and Flyer mechanicals printed
- Bus Shelter art posted
- Cinema, Gas Pump Topper :30 video videos started running
- Lobby and Elevator signs posted
- Daily Pilot and Excelsior (Spanish) newspaper ads ran
- Newport-Mesa Current newspaper ads and front page “post-it” notes ran
- Postcard mailer printed and mailed
- Door Hangers printed and delivered
- Email blasts deployed
- Costa Mesa Aquatics Banner art delivered
- City of Costa Mesa TV art delivered
- Estancia Banner art delivered
- AWCA Trade Ad and produced video art delivered
- St. Andrews print ad art delivered

TO: Legislative & Public Affairs Committee
FROM: Noelle Collins, Public Affairs Coordinator
DATE: September 24, 2015
SUBJECT: Outreach Update

RECOMMENDATION
This item is provided for information only. No action is requested at this time.

STRATEGIC PLAN
Goal #4: Increase public awareness about Mesa Water® and about water.
Goal #6: Provide outstanding customer service.
Goal #7: Actively participate in regional water issues.

PRIOR BOARD ACTION/DISCUSSION
This item is updated for the monthly meeting of the Legislative & Public Affairs Committee.

DISCUSSION
In addition to ongoing communications, industry and internal relations, legislative relations, media relations (News Bureau), publications, water education and the annual Water Issues Study Group (WISG) series, the Mesa Water District (Mesa Water®) outreach program includes constituent relations via Community Outreach events, Speaker’s Bureau opportunities, Town Hall talks, and “Well Wiser” meetings.

Each of these activities is designed to connect Mesa Water® with its constituents in order to achieve the awareness goal in the District’s strategic plan. These activities are also designed to achieve the human resources, customer services, and/or regional water issues involvement goals by educating and informing the District’s constituents about Mesa Water®, water issues, and water in general.

Mesa Water® constituents include external audiences -- such as customers; community members; elected officials; industry colleagues, water districts and special districts; and, media -- as well as internal audiences such as current and former Mesa Water® staff and Board members.

Following is an update on outreach activities designed to educate and inform the District’s constituents about Mesa Water®, water issues, and water in general.

1. Community Outreach Events – Staff has planned Mesa Water’s participation in and/or sponsorship support of the following events:
   a. OC Taxpayer’s Roses, Radishes, and Royalty Awards on September 25th;
   b. Project Independence Walk on September 26th;
   c. Susan G. Komen Race for the Cure on September 27th;
d. Newport-Mesa Schools Foundation “State of the Schools” breakfast on September 30th;
e. Lions Club’s Wild West Casino Night on October 16th;
f. OCC’s Science Night on October 16th.

5th Grade Education Program/School Assemblies:
- Victoria Elementary School, 1025 Victoria St., Weds., Oct. 7, 9:30 am.
- Killybrooke Elementary School, 3155 Killybrooke Lane, Mon. Oct. 12, at 1:30 pm.
- Wilson School, 801 W. Wilson St., Fri. Oct. 16, at 2:00 pm.

2. Speaker’s Bureau – Includes presentations by Mesa Water Board and/or staff member(s) in the community as well as media interviews, including Mesa Water Reliability Facility (MWRF) tours; Leadership Tomorrow’s “Water Day” at the MWRF on Thursday, October 15th at 10am.

3. Town Hall Talks – Mesa Water® staff is planning two town hall talks at the MWRF to address questions regarding the drought and Mesa Water’s emergency conservation regulations– town halls were hosted on Thursday, August 20th and Thursday, September 17th; the third will be hosted on Wednesday, October 14 from 4:30-6:00 pm.

4. “Well Wisher” Meetings – To date, Mesa Water® has received 312 “Well Wisher” support cards and hosted 986 constituents at the MWRF.

Staff will continue to provide updates to the Board regarding Mesa Water’s Community Outreach events, Speaker’s Bureau opportunities, Town Hall talks, and “Well Wisher” meetings.

For the “Well Wisher” meetings, staff will continue to develop, prioritize, and update the contact information list of appropriate representatives at key businesses, charities, churches, community service organizations, customers, HOAs, Mesa Water former directors/staff, WISG alums, and other groups/individuals in the District’s service area. Also, staff will work with the Board to designate the appropriate Mesa Water® representative(s) to participate in specific “Well Wisher” meetings, arrange the “Well Wisher” meetings, and notify the appropriate Mesa Water® representative(s).

Following are the benefits of Mesa Water’s outreach program:
- Informing constituents about Southern California’s perpetual drought, the historical drought now facing California, and the importance of developing local and cost-effective sources of safe, reliable water for Mesa Water’s service area and the region at large;
- Educating Mesa Water® constituents about the importance of water -- and water stewardship -- in order to sustain Southern California’s population, quality of life, business, and economy;
- Educating constituents about Mesa Water’s stewardship of ratepayer funds and financial responsibility to fund, invest in, and save for the current and future provision of safe and reliable water for the District’s service area;
- Informing Mesa Water® constituents of the District’s infrastructure improvements to ensure water quality and water reliability for its service area;
- Learning from constituents and evolving as a well-informed Board of Directors;
- Promoting water use efficiency to Mesa Water’s customers (ratepayers) and community members to help them save water, money, and the environment;
- For public health and safety reasons, ensuring that Mesa Water® customers and community members know the District as their water provider and as the source of information about water in emergency situations;
- Supporting Mesa Water’s service area as an actively involved participant in programs that provide added value and benefits to the community;
- Informing the media of Mesa Water’s activities that benefit the District’s customers and community;
- Empowering Mesa Water’s Board and staff with information that will help them provide the best possible service to the District’s customers and community members; and,
- Strengthening Mesa Water’s industry relations to provide opportunities for improving the District’s business and operations -- including the areas of financial and human resources strength, infrastructure and technological innovation, and setting/supporting policies that have a positive impact on Mesa Water's service area -- so that the District can continue to provide safe, high-quality, reliable, and affordable water to its customers.

**FINANCIAL IMPACT**

The Public & Government Affairs department’s FY 2015 expense budget totals $700,875. To date, $146,944 has been spent, with a remaining balance of $553,931.
