DISCUSSION

Mesa Water District (Mesa Water®) is seeking qualified law firms to serve as contracted General Legal Counsel (Counsel). Counsel’s primary role is to provide expert legal advice to the Board and General Manager. Attendance at a variety of meetings will be required, including Board meetings, workshops, etc., as specified.

Mesa Water sent the Request for Proposal (RFP) to seven firms requesting them to submit proposals to serve as the District’s Counsel.

The following five firms submitted proposals:
- Atkinson, Andelson, Loya, Ruud & Romo
- Burke, Williams & Sorensen, LLP
The Board agreed upon the process as follows:

- Upon receipt of proposals, staff will review and provide the Board with its rankings;
- The Board will provide direction to staff on which firms will be interviewed; and
- The Board will conduct interviews and make a final selection.

Each of the firms provided a qualified proposal based on the scope of work requirements. Staff ranked, in order, Burke, Williams & Sorensen, LLP; Rutan & Tucker, LLP; Atkinson, Andelson, Loya, Ruud & Romo; JC Law Firm and Meyers Nave; and Kidman Gagen Law, LLP as the highest based on their qualifications and experience. The Board directed staff to schedule interviews with the three highest ranked firms. The evaluation of the cost proposals will take place at the meeting at which staff will also provide the necessary interview materials.

The selected law firm will be expected to provide a broad range of general legal services, including but not limited to Brown Act compliance, ethics, environmental law, eminent domain, contract law, public works contracts, bidding and construction law, special district operations, legislative and regulatory advocacy, recycled and desalinated water regulation and permitting, operations and procedure of Local Agency Formation Commission (LAFCO), regulation of groundwater (and associated pumping charges), and general litigation. An operational knowledge of the roles and functions of the Association of California Water Agencies (ACWA), California Department of Water Resources (DWR), State Water Project (SWP), Metropolitan Water District of Southern California (MWD), Municipal Water District of Orange County (MWDOC), Orange County Water District (OCWD), State Water Resources Control Board (SWRCB), Santa Ana Regional Water Quality Control Board (RWQCB) and the SWRCB Drinking Water Division is essential to successfully performing the role of District Counsel.

In addition, the successful firm shall possess sufficient resources to ensure that the demands of the District’s legal needs will be met on a timely basis. This relationship will be on a consulting or contractual basis, as opposed to a staff position.

**FINANCIAL IMPACT**

In Fiscal Year 2022, $400,000 is budgeted for Legal Services; no funds have been spent to date.
