Project Activities

- All activities will take place within the Mesa Water site
- Demolition of existing structures
- Excavation and backfill work
- Construction of a new reservoir management facility
- Deliveries of materials and use of construction equipment

Potential Impacts

- Some noise, dust and vibration during work activities

Traffic Management & Access

- Through-traffic will be maintained at all times
- Driveway access, trash and delivery services will not be affected

There will be no disruption in water service to customers during construction.
