MESA WATER AND OTHER AGENCY PROJECTS STATUS REPORT
June 2025

Reservoirs 1 and 2 Pump Station Upgrades Project

File No.: M21-210B2

Description: The Reservoir Upgrades Project has several components to increase the efficiency and reliability of Reservoirs 1 and 2: Chemical storage and feed systems (sodium hypochlorite and aqueous ammonia) to help reduce nitrification issues in the distribution system; Pump replacement and conversion of drivers from gas engines to electrical motors; Upgrades to reservoir electrical service through SCE; Installation of diesel generator systems to power the reservoirs in the event of an emergency; Miscellaneous system rehabilitation and upgrades including electrical gear replacement, pipeline rehabilitation, pipeline modifications, and instrument replacement based on the results of site visits and related analyses; and Slurry Dewatering Pit upgrades located at the Reservoir 1 site.

Status: Following the approval of the recommendations of the Water, Power, and Supply Chain Reliability Assessment, Mesa Water developed a design Scope of Work for the Reservoirs 1 and 2 Upgrades Project. A proposal was solicited from a CIPR on-call design consultant and the project's Preliminary and Final Design was kicked off in May 2021. The consultant delivered a draft version of Technical Memorandum No.1 – Reservoir 1 Site Master Plan and the draft Permit Plan in July 2021. Following Mesa Water's review of TM1 and the Permit Plan, the consultant began work on the Preliminary Design Report. The Preliminary Design Report was delivered in November 2021 and the Preliminary Design Report Workshop was held in September 2021. In March 2023, the Final Bid documents and cost estimate were received and reviewed by staff. After receiving approval for the project's reduced scope, the project team began modifying the Bid Documents. The revised Bid Documents were received in August 2023. Request for Bids were released to the prequalified contractors in August 2023. A job walk was conducted in August 2023 and attended by five prequalified contractors. The bid opening was held in October 2023. Four bids were received. A recommendation for contract time extension negotiation and award was approved November 2023. The contract time extension negotiation to accommodate equipment lead times was completed and Notice to Proceed was provided January 2024. A preconstruction meeting and a site walk with the contractor team were held February 2024. The construction team mobilized at Reservoir 2 in June 2024 and Reservoir 1 in October 2024. The contractor installed and started new mixers in Reservoir 2 in August 2024. At Reservoir 2, the contractor poured and coated the concrete foundation for the Reservoir chemical facility and constructed yard piping and electrical. The chemical tanks are delayed, and start up of the chemical management system is

expected in September 2025. At Reservoir 1, the contractor has demolished yard structures, excavated for the new Heavy Equipment Port, Slurry Dewatering Pit, Chemical Facility, and Generator Pads. The Slurry Dewatering Pit iwent into operation in April 2025. After a rain delay, concrete foundations for the Heavy Equipment Port and Chemical Facility were poured in March 2025. The structural steel for the Heavy Equipment Port was received in April 2025, and the building is currently under construction. The building panels are delayed until August 2025. The AQMD Permits to Construct and Operate the diesel back up generators were received in March 2025. The generator concrete pads were poured in May 2025. The generators were set on the pads in June 2025.

Capital Improvement Program Update

File No.: M24-104

Description: Develop a prioritized 10- year Capital Improvement Program (CIP) for water system improvements, including an updated supply and demand analysis, calibration of the hydraulic model, District-wide asset condition assessment, and development of a roadmap for Asset Management Program implementation.

Status: A contract was awarded to Carollo Engineers in May 2024. Technical Memo (TM) 1 Demands and TM 2 Supply were received in October 2024 and were reviewed by Staff ahead of the Workshop on October 21, 2024. Revised TM 1 and TM 2 were received in January 2025. Staff provided pressure logger data and production data for the Hydraulic Model calibration in August 2024. Carollo's team performed asset condition assessment field work in August and September 2024. The Hydraulic Model TM was received in December 2024, and the workshop to review the TM was held on December 17, 2024. Staff provided addition data to the Carollo team to improve the hydraulic model calibration. A workshop to define the Asset Management Software Requirements was held in October 2024. Asset Management Software demonstrations were held in November and December 2024. TM 5 Regulatory Requirements was received in October 2024 was reviewed by staff. A workshop to define the asset Consequence of Failure was held in January 2025. TM 3 Transmission Systems Evaluation was received in January 2025 and was reviewed by staff. TM 9 Condition Assessment was received in January 2025 and reviewed by staff. Draft TM 10 Capital Improvement Program (CIP) was received in March 2025 was reviewed by staff. The draft TM 7 Asset Management Roadmap was received in April 2025 and was reviewed by staff. A workshop to review TM7 Asset Management

Roadmap was held in April 2025. Staff is working to incorporate comments on all TMs following a final review.

Local groundwater Supply Improvement Project (Local SIP)

File No.: M24-105

Description: The Local SIP will develop a feasibility study that meets the requirements of the Bureau of Reclamation's Feasibility Study Directives and Standards (WTR 11-01) for a brackish groundwater desalination facility. The project is being conducted in partnership and cost sharing with OCWD, City of Huntington Beach, and City of Newport Beach.

Status: A contract was awarded to Black & Veatch Corporation in May 2024. The project team has completed the evaluation of aquifer zones and selected the Talbert Gap on which to focus the alternative analysis for the feasibility study. The project team has also completed modeling the potential wellfield locations, developing treatment plant footprints, the Class V level life-cycle cost for the project, and developing the preferred alternative. The draft Feasibility Report is schedule to be submitted for review in June 2025.

Interagency Water Transfers

File No.: M25-101

Description: Conduct a feasibility study to determine if Mesa Water can reliably serve groundwater to the City of Huntington Beach.

Status: A Cooperative Agreement was executed with the City of Huntington Beach in October 2024. Staff received three proposals from qualified consultants in June 2025 and is currently reviewing the submitted proposals.

Plan Check Management System

File No.: M25-102

Description: Develop a Request for Proposal for a new Plan Check system.

Status: Staff is contacting various consulting companies and vendors to discuss and analyze available electronic Plan Check systems to develop a scope of work for the preliminary project phase.

Pipeline Integrity Program

File No.: M25-103

Description: Implement Resolution No. 1525 Replacement of Assets.

Status: Since its inception in 2015, the Pipeline Integrity Program has been implemented by staff to use pipeline condition, rather than pipeline age, to prioritize pipeline replacements. The current and previous fiscal year's progress is described in this report. In Fiscal Year 2024 (FY24), the Pipeline Integrity Program Consultant reviewed mainline break data from FY22 and FY23 and recommended condition assessment for pipeline groups with break thresholds that exceed the standards of Resolution No. 1525. These recommendations were presented to the Board in September 2023. Based on the recommendations, Staff negotiated a proposal for ePulse condition assessment of 2.2 miles of AC pipe. The field work was completed in May 2024 and the report was received in July 2024. The results of the condition assessment were reviewed by the Pipeline Integrity Program Consultant. The consultant's report was received in October 2024 was reviewed by staff. No AC pipelines were recommended in the report. Additionally, MWDOC staff performed 100 miles of Leak Detection in May and June 2024. The final leak detection report was received in June 2024 and no mainline leaks were reported. Staff is evaluating the feasibility of a condition assessment technology for small diameter metal pipelines, and has requested a proposal from a vendor. The contract for small diameter pipeline condition assessment was approved at the March 12, 2025 Board meeting. The condition assessment is scheduled for June 16-17, 2025. Staff sent ten AC pipe samples collected in conjunction with routine work for wall thickness measurement in February 2025. The wall thickness measurements were received in April 2025 and were reviewed by Staff and the Pipeline Integrity Program Consultant. No immediate pipeline replacements were suggested by the data. The Consultants report was received in June 2025 and is being reviewed by staff. MWDOC completed 100 miles of Leak Detection in May 2025. No mainline leaks were found. Installation of permanent pressure transient monitoring at the pump stations and other strategic locations is scheduled for June 2025.

Mesa Water Education Center Flagpole

File No.: M25-104

Description: Evaluate the most appropriate location and height of the flagpole at the MWRF. Then execute the construction of the selected flagpole.

Status: Staff received a draft report regarding the installation of a flagpole at the Mesa Water Education Center in December 2024. Staff reviewed the draft report and presented recommendations at the April 23rd Board Meeting.

Mesa Water Reliability Facility Electric Vehicle Charging Station

File No.: M25-105

Description: Conduct a feasibility study and preliminary cost estimate of constructing electric vehicle (EV) charging stations at the Mesa Water® Reliability Facility (MWRF).

Status: Staff is currently working with consulting companies and vendors to develop a feasibility report.

Water Quality Call Report
May 2025

Date: 5/2/2025
Source: Phone
Address: Not Provided
Description: The customer inquired about a recommendation for a water softener unit.

Outcome: Staff explained to the customer that because our water meets all state and federal drinking water standards the District does not make recommendations on softener units. Staff directed the customer to the State's Residential Treatment Devices webpage.

Date: 5/7/2025
Source: Phone
Address: 163 22nd Street
Description: The customer inquired about the Annual Water Quality Report and water quality sampling.

Outcome: Staff assisted the customer in accessing the latest Water Quality Report on the Mesa Water District website and responded to the customer's inquiries regarding water quality.

MEMORANDUM

Dedicated to
Satisfying our Community's
Water Needs

TO: Board of Directors
FROM: Anthony Phou, Controller
DATE: June 25, 2025
SUBJECT: Monthly Financial Reports

RECOMMENDATION

Receive and file the Monthly Financial Reports.

STRATEGIC PLAN

Goal #3: Be financially responsible and transparent.

PRIOR BOARD ACTION/DISCUSSION

None.

DISCUSSION

The attached Treasurer's status reports reflect the performance of Mesa Water District's cash and investment accounts.

FINANCIAL IMPACT

None.

ATTACHMENTS

Attachment A: Monthly Treasurer's Status Report on Investments as of 5/31/25
Attachment B: Monthly Treasurer's Status Report on Investments as of 4/30/25

Mesa Water District
Monthly Treasurer's Status Report on Investments
5/31/2025

Investments are in compliance with the Investment Policy adopted as Resolution 1575 of the Mesa Water District Board of Directors. The liquidity of investments will meet cash flow needs for the next six months except under unforeseen catastrophic circumstances.

INVESTMENTS	YTM@Cost	Cost Value	Market Value	Maturity Date	Days to Maturity	% of Portfolio	Policy % Limit

California | Local Government Investment Pools

(1) Local Agency Investment Fund | LAIF includes funds designated for allocation of working capital cash to reserves, working capital cash and advances for construction. LAIF market value on Monthly Treasurer's Status Report on Investments for months between quarters is the dollar amount invested times the fair market value Fair Value factor of prior quarter end. The general ledger LAIF carrying value reflects market value (unrealized gains and losses) only at fiscal year end. LAIF provides the Fair Value factor as of March 31, June 30, September 30 and December 31 each year. LAIF market value on this report is based on the March 31 Fair Value Factor of 1.000849191.

Weighted Average Return

MEMORANDUM

Dedicated to Satisfying our Community's Water Needs

TO: Board of Directors
FROM: Kaitlyn Norris, Senior Public Affairs Specialist
DATE: June 25, 2025
SUBJECT: Outreach Update

RECOMMENDATION

Receive and file the Outreach Update.

STRATEGIC PLAN

Goal #4: Increase favorable opinion of Mesa Water.

PRIOR BOARD ACTION/DISCUSSION

This item is provided monthly at a Mesa Water District (Mesa Water®) Board of Directors (Board) meeting.

DISCUSSION

Mesa Water's outreach program aims to connect the District with its constituents in order to achieve Goal #4 of the Board's Strategic Plan. Outreach activities are also designed to achieve the Strategic Plan goals related to customer service and/or regional water issues involvement by educating and informing the District's constituents about Mesa Water, water issues, and water in general. Mesa Water's constituents include external audiences, such as customers, community members, elected officials, industry colleagues, media, water districts and special districts – as well as internal audiences, such as staff, retirees and Board members.

Upcoming Fiscal Year 2025 Events

1. **Lions Club Fish Fry –** Friday & Saturday, June 27-28, 2025, Lions Park – 570 W. 18th Street, Costa Mesa, CA 92627
2. **Concerts in the Park –** Tuesdays, July 8, 15, 22 & 29, 2025, Fairview Park – 2525 Placentia Avenue, Costa Mesa, CA 92626

The benefits of Mesa Water's outreach program include:

- Informing constituents about Southern California's perpetual drought, the historical drought facing California, and the importance of developing local and cost-effective sources of safe, reliable water for Mesa Water's service area and the region at large;
- Educating constituents about the importance of water and water stewardship, in order to sustain Southern California's population, quality of life, business, and economy;
- Educating constituents about Mesa Water's stewardship of ratepayer funds and financial responsibility to fund, invest in, and save for the current and future provision of safe and reliable water for the District's service area;

- Informing constituents of the District's infrastructure improvements to ensure water quality and water reliability for its service area;
- Learning from constituents and evolving as a well-informed Board of Directors;
- Promoting water use efficiency to Mesa Water's customers and community members to help them save water, money, and the environment;
- Ensuring, for public health and safety reasons, that Mesa Water customers and community members identify the District as their water provider and as the source of information about water in emergency situations;
- Supporting Mesa Water's service area as an actively involved participant in programs that provide added value and benefits to the community;
- Informing the media of Mesa Water's activities that benefit the District's customers and community;
- Empowering Mesa Water's Board and staff with information that will help them provide the best possible service to the District's customers and community members; and,
- Strengthening Mesa Water's industry relations to provide opportunities for improving the District's business and operations -- including the areas of financial and human resources strength, infrastructure and technological innovation, and setting/supporting policies that have a positive impact on Mesa Water's service area -- so that the District can continue to provide safe, high-quality, reliable, and affordable water to its customers.

FINANCIAL IMPACT

In Fiscal Year 2025, $1,047,550 is budgeted for Public Affairs Support Services; $546,740 has been spent to date.

MesaWater DISTRICT®

Dedicated to Satisfying our Community's Water Needs

MEMORANDUM

TO: Board of Directors

FROM: Stacy Taylor, Water Policy Manager

DATE: June 25, 2025

SUBJECT: Association of California Water Agencies 2025 Board Officers' Election

RECOMMENDATION

a. Adopt Resolution No. 1604 in Support of the Nomination of Ernesto A. Avila as a Candidate for the Position of Association of California Water Agencies President; and
b. Adopt Resolution No. 1605 in Support of the Nomination of Carol Lee Gonzales-Brady as a Candidate for the Position of Association of California Water Agencies Vice President.

STRATEGIC PLAN

Goal #4: Increase favorable opinion of Mesa Water.
Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

None.

DISCUSSION

Every two years, the Association of California Water Agencies (ACWA) holds an election among its membership for the Association's President and Vice President positions. ACWA has formed its Election Committee that reviews candidates' qualifications, verifies candidates' eligibility for listing on the ballot, and endorses one candidate each for ACWA President and Vice President.

ACWA issued a call for candidates on April 21, 2025, seeking nominations for the next ACWA President and Vice President to each serve a two-year term from January 1, 2026 to December 31, 2027. Candidates for these offices must have resolutions of support from the agency's Board upon which they serve.

At its April 16, 2025 Board meeting, Contra Costa Water District (CCWD) adopted a resolution in support of CCWD President -- and current ACWA Vice President -- Ernesto A. Avila for ACWA President.

At its March 13, 2025 Board meeting, Rancho California Water District (Rancho Water) adopted a resolution in support of Rancho Water Vice President -- and current ACWA Executive Committee and Board member -- Carol Lee Gonzales-Brady for ACWA Vice President.

While ACWA does not require resolutions of support from other agencies, both candidates are requesting support resolutions from other ACWA member agencies, including from Mesa Water District (Mesa Water®), and have provided the District with their candidate statement of qualifications (see attachments).

FINANCIAL IMPACT

None.

Subject: ACWA Advisory: Call for Candidates Opens for ACWA President, Vice President, Region Boards

ACWA ADVISORY

April 21, 2025

Call for Candidates Opens for 2026-'27 ACWA President, Vice President, Region Boards

Candidate Paperwork Due June 20

ACWA members interested in running to be the association's President, Vice President or Region Board Member may submit the necessary paperwork now through June 20. Agencies must also designate their voting representative by June 20. Below is a summary of how to become a candidate and how to vote in the 2026-'27 elections.

How to Become a Candidate

President and Vice President

Candidates for ACWA President and Vice President must be an elected or appointed director of an ACWA member agency and submit the following documents to donnap@acwa.com.

- An agency resolution that includes your member agency's Board of Directors' signatures (a sample resolution is available online);
- A statement of qualifications or resume highlighting your qualifications and active involvement in ACWA, such as through task forces, regional boards or committees;
- An abbreviated statement that will be included with the official ballot (300-word maximum); and
- A headshot.

In addition to the above documents, you may also send resolutions of support. A sample resolution of support is available online.

An 11-member Election Committee has been appointed to facilitate the election of President and Vice President, including confirming that candidates' eligibility criteria have been met, interviewing candidates and endorsing preferred candidates. More information about the committee is available online.

Region Boards

Each Region's Call for Candidates packet is available at acwa.com/elections. Candidates interested in serving on one of ACWA's 10 region boards must submit the following documents.

- A candidate nomination form; and
- A signed resolution of support from your agency's board of directors (a sample resolution is available online).

In addition to the required documents, candidates may submit a short biography and headshot that will be shared online.

The Nominating Committee for each region will select a recommended slate. More information about the committees is available online.

How to Vote

This year, the election process for officers and region boards is now combined. Voting for both sets of candidates will be done electronically by each member agency's designated voter on a single ballot. Agencies can designate their voting representative now by visiting

acwa.com/elections and submitting the Authorized Representative and Information Form by the June 20 deadline.

RESOLUTION NO. 1604

RESOLUTION OF THE MESA WATER DISTRICT BOARD OF DIRECTORS IN SUPPORT OF THE NOMINATION OF ERNESTO A. AVILA AS A CANDIDATE FOR THE POSITION OF ASSOCIATION OF CALIFORNIA WATER AGENCIES PRESIDENT

WHEREAS, Mesa Water District (Mesa Water®) is a county water district organized and operating pursuant to the provisions of the laws of the State of California (State or California); and

WHEREAS, the Association of California Water Agencies (ACWA or Association) is seeking nominations of candidates for the 2025 election of the Association's statewide positions of President and Vice President; and

WHEREAS, eligible candidates must be an elected or appointed member of the governing body or commission of a member agency of the Association; and

WHEREAS, an official nominating resolution from an ACWA member agency on whose board the nominee serves must accompany all nominations for the positions of President and Vice President; and

WHEREAS, each nomination must include a statement of qualifications or resume highlighting the candidate's qualifications for the position, such as active involvement in ACWA task forces, region boards, committees, or the like; and

WHEREAS, the ACWA Election Committee will present an open ballot with all qualifying candidates to the members for a vote by written ballot; and

WHEREAS, the individual who fills an officer position will need to have a working knowledge of water industry issues and concerns, possess strength of character and leadership capabilities, and be experienced in matters related to the performance of the duties of the office; and

WHEREAS, this person must be able to provide the dedication of time and energy to effectively serve in this capacity; and

WHEREAS, Ernesto (Ernie) A. Avila has served in a leadership role as a member of the Contra Costa Water District (CCWD) Board of Directors since 2016, was selected to serve as President of the CCWD Board in May 2022, and is the CCWD Director appointed to the Los Vaqueros Reservoir Joint Powers Authority; and

DRAFT

WHEREAS, Ernie Avila has served as a Professional Civil Engineer, Construction Manager with CH2M Hill, Associate Engineer with East Bay Municipal Water District, Director of Engineering at CCWD, General Manager of Monterey Peninsula Water Management District, and is currently Principal/Vice President of Avila and Associates Consulting Engineers, Inc. He also served as Executive Director for the California Urban Water Agencies and Program Director of the Multi-State Salinity Coalition; and

WHEREAS, Ernie Avila actively participates on several ACWA Committees, including the Executive, Local Government (Chair) and Federal Affairs Committees while also serving as an ACWA Region 5 Board member and participating in the following ACWA workgroups: Property Tax, Paving Standards, Housing Densification, Foundation Steering, and Foundation Fundraising; and

WHEREAS, Ernie Avila further serves his community by volunteering for many citizen-based committees/organizations, including the East Bay Leadership Council (Board member), Walnut Creek Transportation Commission (Vice Chair), the Concord Planning Commission and Design Review Board, John Muir/Mount Diablo Community Health Fund Board of Directors (Treasurer), Knights of Columbus Scholarship Chair, and St. Francis of Assisi School Board President; and

WHEREAS, it is the opinion of the Mesa Water Board of Directors that Ernie Avila possesses all of the qualities needed to fulfill the duties of the office of ACWA President.

NOW, THEREFORE, THE BOARD OF DIRECTORS OF THE MESA WATER DISTRICT DOES HEREBY RESOLVE, DETERMINE, AND ORDER AS FOLLOWS:

Section 1. Mesa Water's Board of Directors wholeheartedly supports the nomination of Contra Costa Water District President Ernesto A. Avila as a candidate for the office of ACWA President.

ADOPTED, SIGNED, and APPROVED this 25th day of June 2025 by a roll call vote.

ERNIE AVILA FOR ACWA President

"The Association of California Water Agencies (ACWA) truly represents the nexus of knowledge and leadership in water for California. As the current Vice-President of the Association of California Water Agencies (ACWA), I am most proud of the thought, energy and collaboration that went into developing the 2025-'29 Strategic Plan. I want to be the next ACWA President to continue the momentum we have built focusing on four primary goals of Advocacy, Connections, Education and Organizational Effectiveness. This Strategic Plan is about finding new ways to benefit the members of ACWA as we navigate the shifts in water policy at the state and federal level. My commitment is to unify our collective efforts and better assert ACWA's leadership in shaping California's water policy."
– Ernesto (Ernie) Avila, P.E.

DRAFT

ELECT CAROL LEE GONZALES-BRADY
ACWA VICE PRESIDENT

PROTECTING OUR WATER, TODAY AND TOMORROW

Background

As an elected Director of Rancho California Water District in Temecula, I understand that water issues are complex and we sometimes have different opinions on solutions. I serve as Vice-Chair for ACWA's Region 9, representing members - desert, coastal, residential, commercial, and agricultural - with diverse priorities and perspectives. ACWA's Regions statewide may be different, but we can agree on one thing - that the need for prudent, sustainable water management in California is critical.

I've served as a member on several Standing Committees, Sub-committees, Task Forces and Work Groups. My experience on our ACWA Board, on our Executive Committee, and on our Strategic Planning and Water Policy Task Forces has prepared me for our next steps as we execute the initiatives of our recently streamlined strategic plan. It will provide us with a clear, focused framework as we address water issues and position ACWA in its continued role as a strong, vital industry leader.

I earned my Bachelor of Science degree (magna cum laude) in Business Management from Pepperdine University. My professional career in procurement, contracts and strategic management has spanned federally regulated industries including water and electric utilities. I am committed to building relationships, partnerships and alliances with other water, business and community leaders. In addition to my work at ACWA, I serve on the Boards of Southern California Water Coalition and Urban Water Institute, and was twice appointed by our Board of Supervisors as a Director of a Resource Conservation District.

I'm a grower for local wineries, and my husband and I have lived on our family vineyard for over 20 years. I support important causes and my community through participation and memberships in charities, churches, associations, and advocacy groups such as the Farm Bureau and Southwest California Legislative Council.

You can learn more about me by visiting RanchoWater.com/ACWAVP. Thank you for your support.

Dedicated to Satisfying our Community's Water Needs

MEMORANDUM

TO: Board of Directors

FROM: Anthony Phou, Controller

DATE: June 25, 2025

SUBJECT: Public Hearing Regarding the Proposed Collection of Capital Charges By Way of the Office of the Orange County Treasurer-Tax Collector

RECOMMENDATION

a. Conduct public hearing;
b. Review and discuss Resolution No. 1606;
c. Adopt Resolution No. 1606 Determining Compliance with Procedural Requirements, Making Findings, Authorizing Collection of Mesa Water Fiscal Year 2025/26 Capital Charges By Way of the Office of the Orange County Treasurer-Tax Collector and County Property Tax Roll Process and Taking Related Actions; and
d. Accept Mesa Water District's Updated Secretary's Report Listing the Capital Charge Property Tax Roll for Fiscal Year 2025-2026.

STRATEGIC PLAN

Goal #1: Provide an abundant, local, reliable and safe water supply.
Goal #2: Perpetually renew and improve our infrastructure.
Goal #3: Be financially responsible and transparent.
Goal #6: Provide excellent customer service.

PRIOR BOARD ACTION/DISCUSSION

At its April 13, 2022 meeting, the Board of Directors (Board) adopted Resolution No. 1565 Supplementing Resolution No. 1560 Concerning the Collection of the Capital Charge By Way of the Office of the Orange County Treasurer-Tax Collector and County Property Tax Roll Process and Taking Related Actions; and accepted Mesa Water District's Updated Secretary's Report Listing the Capital Charge Property Tax Roll for Fiscal Year 2022-2023.

At its June 14, 2023 meeting, the Board accepted Mesa Water's Updated Secretary's Report Listing the Capital Charge Property Tax Roll for Fiscal Year 2023-2024.

At its July 26, 2023 meeting, the Board adopted Resolution No. 1582 Determining Compliance with Procedural Requirements, Making Findings, Authorizing Collection of Mesa Water Fiscal Year 2023/24 Capital Charge By Way of the Office of the Orange County Treasurer-Tax Collector and County Property Tax Roll Process and Taking Related Actions.

At its June 12, 2024 meeting, the Board adopted Resolution No. 1597 Determining Compliance with Procedural Requirements, Making Findings, Authorizing Collection of Mesa Water Fiscal Year 2024/25 Capital Charge By Way of the Office of the Orange County Treasurer-Tax Collector and County Property Tax Roll Process and Taking Related Actions; and accepted Mesa Water District's Updated Secretary's Report Listing the Capital Charge Property Tax Roll for Fiscal Year 2024-2025.

DISCUSSION

On an annual basis, the County of Orange requires that the Board approve a resolution authorizing the collection of the Capital Charge through the Office of the Orange County Treasurer-Tax Collector and County Property Tax Roll Process.

In addition, the Board needs to approve the Updated Secretary's Report (Attachment C) to communicate what amount should be collected by the Office of the Orange County Treasurer–Tax Collector. Mesa Water must provide the county a Secretary's Report that lists the parcel numbers of each property in the service area, the address and the Capital Charge amount. The Capital Charge is determined based on the meter size of the parcel.

Based on the rates approved by the Board at its December 13, 2023 meeting, approximately $9.4MM will be transferred to the property tax roll in the Property Tax Roll Fiscal Year 2025-2026.

LEGAL REVIEW

Mesa Water's General Legal Counsel – Atkinson, Andelson, Loya, Ruud & Romo – has confirmed that Mesa Water must provide a resolution on an annual basis to the County of Orange authorizing the collection of the Capital Charge through the property tax roll.

Staff recommends that the Board adopt Resolution No. 1606 Determining Compliance with Procedural Requirements, Making Findings, Authorizing Collection of Mesa Water Fiscal Year 2025/26 Capital Charges By Way of the Office of the Orange County Treasurer-Tax Collector and County Property Tax Roll Process and Taking Related Actions.

FINANCIAL IMPACT

Based upon current projections, proceeding with the timetable and implementing the rate adjustment as outlined above will result in continuing to meet the Board's fiscal policy goals for a strong AAA rating, days cash, cash on hand, and debt coverage, while achieving the Board's Capital Improvement Program.

RESOLUTION NO. 1606

RESOLUTION OF THE MESA WATER DISTRICT BOARD OF DIRECTORS DETERMINING COMPLIANCE WITH PROCEDURAL REQUIREMENTS, MAKING FINDINGS, AUTHORIZING COLLECTION OF MESA WATER FISCAL YEAR 2025/26 CAPITAL CHARGES BY WAY OF THE OFFICE OF THE ORANGE COUNTY TREASURER-TAX COLLECTOR AND COUNTY PROPERTY TAX ROLL PROCESS AND TAKING RELATED ACTIONS

WHEREAS, Mesa Water District (Mesa Water) is a county water district organized and operating pursuant to the provisions of the laws of the State of California (State or California); and

WHEREAS, Mesa Water has authority to set and collect rates, fees and charges for water and water service that it provides pursuant to the provisions of California Water Code (Water Code) Sections 31000, 31001, 31007, 31024 and 31025; and

WHEREAS, pursuant to Section 5470 *et seq*. of the California Health & Safety Code (Health & Safety Code) Mesa Water is authorized to establish and collect certain water rates and charges on the County of Orange (County) property tax roll through the Office of the Orange County Treasurer-Tax Collector; and

WHEREAS, the Board of Directors (Board) of Mesa Water District has previously adopted and updated its "Policy Concerning Rate Change Proceedings" (Policy) in order to provide directives, guidance and policies for changes in Mesa Water's water and water service rates, fees and charges under the provisions of State law, and to provide assistance for implementation of such requirements; and

WHEREAS, the Board has previously adopted Resolution No. 1559 determining compliance with the procedural requirements, making findings, adopting certain rates and charges, and taking related actions, which Resolution No. 1559 was adopted on January 12, 2022, and which Resolution No. 1559 is incorporated herein by this reference; and

WHEREAS, the Board has previously undertaken proceedings and provided direction for the establishment of certain rates and charges, specifically the Capital Charge component thereof (Capital Charge(s)), to be collected on the County property tax roll through the Office of the Orange County Treasurer-Tax Collector and a noticed public hearing was held concerning such collection method as required by State law and as further described herein; and

WHEREAS, written notice of the referenced public hearing, the proposal to collect such capital charge on the County property tax roll through the Office of the Orange County

DRAFT

Treasurer-Tax Collector has been provided as required under applicable State law, including, but not limited to, Health & Safety Code Section 5473.1 and as further described herein; and

WHEREAS, a report concerning information on the Capital Charges and identifying the properties subject to the Capital Charges has been prepared (hereinafter the Secretary's Report) pursuant to Health & Safety Code Section 5473.1, which Secretary's Report has been made available for public review, made available for review by the Board and is on file with Mesa Water's District Secretary (District Secretary); and

WHEREAS, provisions of California Health and Safety Code Section 5473.1 require a public hearing to be held each year that the Capital Charges are to be collected on the property tax roll and a notice to be published in a local newspaper; and

WHEREAS, the notice of such public hearing was published in the *Daily Pilot* newspaper on June 7th and 14th, 2025, notifying the public of the following: (a) the reason for the public hearing – Method of Collection; (b) the date, time and place of the public hearing; and (c) a summary of the effect of a majority protest; and

WHEREAS, on June 25, 2025, the Board conducted and completed a noticed public hearing held at Mesa Water's main office (Boardroom) located at 1965 Placentia Avenue, Costa Mesa, California pursuant to State law to receive public comments and protests regarding the proposal to collect the capital charge on the County Fiscal Year 2025/26 property tax roll through the Office of the Orange County Treasurer-Tax Collector; and

WHEREAS, the Board desires to make certain findings and determinations in connection with the collection of the Capital Charges on the County property tax roll through the Office of the Orange County Treasurer-Tax Collector; and

WHEREAS, the Board desires to take action to authorize the collection of the Capital Charges on the County property tax roll through the Office of the Orange County Treasurer-Tax Collector.

NOW, THEREFORE, THE BOARD OF DIRECTORS OF THE MESA WATER DISTRICT DOES HEREBY RESOLVE, DETERMINE, AND ORDER AS FOLLOWS:

Section 1. **Recitals.** The foregoing recitals are true and correct and are incorporated herein by this reference.

Section 2. **Provision of Notices, *et seq*.** Pursuant to the requirements of Health & Safety Code Section 5470, and specifically Health & Safety Code Section 5473.1, notice of the proposal to collect the Capital Charges through the County property tax roll through the Office of the Orange County Treasurer-Tax Collector was provided by publication, as referenced above, and posting to Mesa Water's website, its business offices and the City of Costa Mesa all as reported to the Board by the District Secretary.

Section 3. **Public Hearing.** Pursuant to the provisions of Health & Safety Code Section 5473.2, the Board conducted a public hearing on the proposal to collect the Capital Charges through the County property tax roll process as set forth in Section 2 herein. Such public hearing was conducted at Mesa Water's main office (Boardroom) located at 1965 Placentia Avenue, Costa Mesa, California commencing at 4:30 p.m. on June 25, 2025. At the time of the public hearing, the Board considered all protests against the proposal to collect the Capital Charges through the County property tax roll process as set forth in Section 5 hereof. During such public hearing, the Board was presented with the results of all qualified protests to the proposal to collect such Capital Charges through the County property tax roll process and heard and considered all public comments submitted to the Board during such public hearing and the Board finds and determines that a full and fair hearing was held.

Section 4. **No Majority Protest; Findings.** Pursuant to the provisions of Health & Safety Code Section 5473.2, the District Secretary has reviewed those protests received by Mesa Water with regard to the proposal to collect the Capital Charges through the County property tax roll process. Any and all protests submitted to Mesa Water concerning such proposal to collect such Capital Charges through the County property tax roll process were received, reviewed for validity, handled and considered. The District Secretary has compared such protests with the Mesa Water customer/property owner list on file with Mesa Water. The District Secretary has provided the Board with a statement of all such valid protests. Based thereon, the Board hereby finds and determines that the proposal to collect the Capital Charges through the County property tax roll process, as described herein, have not been protested by a majority of owners of parcels/customer accounts within Mesa Water's service area.

1. The Board finds and determines that the procedural and notice requirements of Health & Safety Code Section 5473.1 have been complied with.

2. The Capital Charge revenues shall be utilized only for the purposes set out in Health & Safety Code Section 5471.

3. The collection of the Capital Charges through the County property tax roll process will facilitate Mesa Water's cash flow process and assist in stabilizing Mesa Water's revenues and revenue collections.

4. The Secretary's Report has been presented to the Board and is on file with the District Secretary. The Secretary's Report shall form the basis for the collection of the Capital Charges for Fiscal Year 2025/26.

DRAFT

Section 5. Capital Charges and Collection.

1. The Capital Charges shall continue to be charged to applicable parcels within Mesa Water's service area to contribute to the payment of Mesa Water's capital facilities costs.

2. Pursuant to Health & Safety Code Section 5470 *et seq.,* the Board authorizes and directs the collection of the Capital Charges through the County property tax roll process in Fiscal Year 2025/26.

3. The Board authorizes and directs that all filings required by Health & Safety Code Section 5470 *et seq.,* including, but not limited to, Sections 5473.1 and 5473.4, for the imposition and collection of the Capital Charges as set forth herein shall be made.

4. The provisions of Health & Safety Code Sections 5473.5, 5473.7 and 5473.8 shall apply to the Capital Charges and their collection as authorized and directed herein.

5. The provisions of Health & Safety Code Section 5473.10 shall apply to the Capital Charges and their collection as authorized and directed herein. The General Manager is authorized to provide for the collection of penalties applicable thereon with the Office of the Orange County Treasurer-Tax Collector.

Section 6. Schedule of Charges. The Capital Charges will be collected as described in Resolution No. 1559 - Exhibit A, Water Rates and Charge Schedule.

Section 7. Charges Collected with General Taxes. The Board hereby orders for the collection of Capital Charges for Fiscal Year 2025/26 on the tax roll in the same manner, by the same persons and at the same time as, and together with and not separately from, general taxes.

Section 8. Other Actions. Mesa Water's General Manager, District Secretary, other officers, staff, and consultants are hereby authorized and directed to take all necessary and appropriate actions as may be required or desirable to carry out the findings and directives of this Resolution.

Section 9. Partial Invalidity; Severability. If any one or more of the findings or directives set forth in this Resolution should be contrary to law, then such findings or directives, or such portions thereof, shall be null and void and shall be deemed separable from the remaining findings and directives or portions thereof and shall in no way affect the validity of this Resolution or the other directives set out herein. The Board hereby declares that it would have adopted this Resolution and each and every other section, paragraph, subdivision, sentence, clause and phrase hereof and would

DRAFT

have authorized and approved the findings or directives set forth herein irrespective of the fact that any one or more sections, paragraphs, subdivisions sentences, clauses or phrases of this Resolution or the application thereof to any person or circumstance may be held to be unconstitutional, unenforceable or invalid.

Section 10. Authority. This Resolution is adopted pursuant to the provisions of Water Code Sections 31000, 31001, 31007, 31024 and 31025 and the provisions of Health & Safety Code Sections 5470 *et seq*.

Section 11. Effective Date. This Resolution shall be effective immediately upon adoption by the Board.

ADOPTED, SIGNED, and APPROVED this 25th day of June 2025 by a roll call vote.

MesaWater DISTRICT®

Dedicated to Satisfying our Community's Water Needs

MEMORANDUM

TO: Board of Directors

FROM: Andrew D. Wiesner, P.E., District Engineer

DATE: June 25, 2025

SUBJECT: Reservoirs 1 and 2 Pump Station Upgrades Project

RECOMMENDATION

Approve a contract to Black & Veatch Corporation for an amount not to exceed $552,359 to provide Construction Management and Inspection Services for the Reservoirs 1 and 2 Pump Station Upgrades Project, and authorize execution of the contract.

STRATEGIC PLAN

Goal #1: Provide an abundant, local, reliable and safe water supply.
Goal #2: Perpetually renew and improve our infrastructure.

PRIOR BOARD ACTION

At its August 13, 2020 meeting, the Board of Directors (Board) awarded contracts to five consulting firms to provide on-call professional construction management and inspection services to support the Capital Improvement Program Renewal (CIPR) effort.

At its March 23, 2021 Committee meeting, the Board approved the proposed recommendations for the Water Supply, Energy, and Supply Chain Reliability Assessment as identified in the Executive Summary and Technical Memorandums 1, 2 and 3, and directed staff to implement them as part of the CIPR.

At its June 28, 2023 meeting, the Board approved the reduction of scope for the Reservoirs 1 and 2 Pump Station Upgrades Project to remove the Reservoir 2 Pump Station conversion from natural gas engine driven pumps to electrically driven pumps.

At its November 8, 2023 meeting, the Board awarded a contract to Pacific Hydrotech Corporation for $14,764,900 and a 10% contingency of $1,476,490 for a total amount not to exceed $16,241,390 for the construction of the Reservoirs 1 and 2 Pump Station Upgrades Project, and directed staff to negotiate a contract end date.

Since April 2024, the Board has received a quarterly update on the Reservoirs 1 and 2 Pump Station Upgrades Project.

At its July 10, 2024 meeting, the Board awarded a contract to Lee + Ro, Inc. for $271,500 and a 10% contingency of $27,150 for a total contract amount not to exceed $298,650 to provide Engineering Services During Construction for the Reservoirs 1 and 2 Pump Station Upgrades Project.

BACKGROUND

Mesa Water District (Mesa Water®) delivers abundant, local, reliable and safe potable water to its ratepayers using nine groundwater wells and two storage reservoirs, each with a pump station. Constant pressure in the distribution system is supplied by the groundwater well pumps, with the reservoirs and associated pump stations serving to balance flow and pressure with demand. The reservoirs also provide a total of 28 million gallons of storage that can be used during peak demands, maintenance events or firefighting; however, water quality issues have limited the amount of water that can be reliably stored.

Additionally, the current reservoir pump stations utilize natural gas engines to drive the main pumps and electric motors for the smaller jockey pumps that manage low flow requirements. These gas engines are near the end of their useful life and require replacement. In 2020, a Water Supply, Energy, and Supply Chain Reliability Assessment was completed which recommended replacing the gas engines with electric motors and diesel generator back-up power. The recommendation was based on the standardization of pump drive and backup technologies with the clear wells.

The purpose of the Reservoirs 1 and 2 Pump Station Upgrades Project is to improve overall system reliability and streamline operations and maintenance. The following components were included in the scope of work for the project:

- Replacement of natural gas engine driven pumps with electric motor driven pumps at Reservoir 1
- Replacement of propane backup systems with standby diesel generators at Reservoir 1
- Demolition of hydro turbines at Reservoir 1
- Comprehensive rehabilitation of pumping systems piping, valves and instrumentation at Reservoir 1
- Replacement of electrical gear to support new electrical systems at Reservoir 1
- Upgrade of Southern California Edison (SCE) services for both reservoir sites
- Upgrade of selected structures and maintenance facilities
- Replacement of existing slurry dewatering pit at Reservoir 1
- Addition of two new electric motor driven jockey pumps at Reservoir 2
- Incorporation of new chemical facilities at both reservoirs

DISCUSSION

In August 2020, the Board approved a contract with Black & Veatch (BV) for On-Call Construction Management and Inspection in support of the CIPR. The term of the CIPR contract was three years with two additional 1-year renewals. The CIPR contract term ends on June 30, 2025.

In March 2022, staff issued a CIPR Task Order to BV for Construction Management and Inspection of the Reservoirs 1 and 2 Upgrades Project. The amount of the task order was $1,400,518 for an anticipated construction period from July 2022 to June 2023. Bidding and construction were delayed as the scope of the project was optimized for the available budget. Contractor bidding and award took place from August 2023 to December 2023, with contractor Notice to Proceed

issued in January 2024. The approved construction schedule, including equipment lead times, is approximately 30 months, with the current completion in May 2026. The construction period extends approximately 11 months past the expiration of BV's CIPR contract, and a new contract authorization from the Board is needed for BV to continue to provide Construction Management and Inspection services.

BV has invoiced through April 2025 for $848,159 of the approved $1,400,518 task order. $552,359 of the March 2022 task order will not be spent. Staff recommends the Board approve a contract to BV for an amount not to exceed $552,359 to continue to provide Construction Management and Inspection Services for the Reservoirs 1 & 2 Pump Station Upgrades Project.

As the construction schedule is 10 months longer than anticipated in the 2022 Task Order, the BV contract, if approved, may need to be amended before the project is complete to add funds. Staff may bring a request for a contract amendment to the Board in Calendar Year 2026.

FINANCIAL IMPACT

The Reservoirs 1 and 2 Pump Station Upgrades Project is scheduled to be constructed from Fiscal Year 2024 to Fiscal Year 2026. $19,500,000 is budgeted for the Reservoirs 1 and 2 Pump Station Upgrades Project; $7,970,000 has been spent to date.

	Project Estimate Amounts	Project Cost Amounts
Project Estimate	$19,500,000	
Original Contracts		$18,629,000
Change Orders		$ 32,000
Requested Funding		$ 0

MEMORANDUM

MesaWater DISTRICT®

Dedicated to Satisfying our Community's Water Needs

TO: Board of Directors
FROM: Andrew D. Wiesner, P.E., District Engineer
DATE: June 25, 2025
SUBJECT: Plan Check Consulting Services

RECOMMENDATION

Award a contract to John Robinson Consulting, Inc. for an amount not to exceed $180,000 per year for three years, with two 1-year renewable options, to provide Plan Check Consulting Services effective July 1, 2025, and authorize execution of the contract.

STRATEGIC PLAN

Goal #1: Provide a safe, abundant, and reliable water supply.
Goal #2: Perpetually renew and improve our infrastructure.
Goal #6: Provide excellent customer service.

PRIOR BOARD ACTION

At its April 11, 2019 meeting, the Board of Directors (Board) awarded a 3-year contract to John Robinson Consulting, Inc. for $124,800 per year with two 1-year renewable options to provide Plan Check Consulting Services.

At its February 14, 2024 meeting, the Board approved a renewal of the contract with John Robinson Consulting, Inc. to provide Plan Check Consulting Services through Fiscal Year (FY) 2025 for an amount not to exceed $250,000.

BACKGROUND

Mesa Water District's (Mesa Water®) Engineering Department oversees plan check review responsibilities for proposed development work implemented throughout its service area. While Mesa Water staff works closely with the City of Costa Mesa's (City) Building Department, Mesa Water's plan check process and requirements are independent of the City's building approval process. Plan check duties generally consist of the following activities:

- Review of proposed development plans and specifications;
- Utility coordination;
- Process plan check permits, cost estimates, service agreements and payment vouchers;
- Easement review and County of Orange recording coordination;
- Coordination with City Building and Fire Departments;
- Fire flow analysis and system pressure inquiries;
- Respond to customer plan check inquiries regarding District standards;
- Coordinate and analyze hydraulic modeling results; and
- Oversee construction inspection compliance.

DISCUSSION

Mesa Water has seen a steady increase in customer development projects requiring plan check services, growing from 58 in Fiscal Year (FY) 2020 to 159 in FY 2025 to date. To continue providing timely, high-quality plan check services, Mesa Water issued a Request for Proposals (RFP) via PlanetBids for a new three-year contract beginning in FY 2026 with the aforementioned plan check duties as the core scope of work.

Five proposals were received in May 2025. Proposals were evaluated by a staff Selection Panel based on firm qualifications, experience, scope understanding, responsiveness and overall proposal quality. The results of the evaluation and each cost proposal are as follows:

Rank	Proposer	Average Hourly Rate ($/Hr)	Score
1	John Robinson Consulting, Inc.	$143.50	92
2	West & Associates Engineering, Inc.	$144.00	84
3	Michael Baker International	$213.79	76
4	Bureau Veritas North America, Inc.	$144.00	66
5	Project Partners	$152.68	62

Although several firms demonstrated strong qualifications and relevant experience, John Robinson Consulting, Inc. distinguished itself with its unmatched familiarity with Mesa Water's standards, procedures and internal coordination needs. John Robinson Consulting, Inc. has successfully provided Plan Check Consulting Services to the District since 2018, completing over 700 plan checks and supporting staff across Engineering, Water Operations and Customer Service. Their proposal reflected a clear and detailed understanding of the scope of work and demonstrated a proven ability to manage the District's increasing workload while maintaining consistent, high-quality service. Staff recommends the Board consider awarding a contract to John Robinson Consulting, Inc. for three years, with two 1-year renewable options, for an amount not to exceed $180,000 per year to provide Plan Check Services.

FINANCIAL IMPACT

In Fiscal Year 2026, $180,000 is budgeted for Plan Check Consulting Services.

ATTACHMENTS

None.

MEMORANDUM

MesaWater DISTRICT®

Dedicated to Satisfying our Community's Water Needs

TO: Board of Directors
FROM: Kaitlyn Norris, Senior Public Affairs Specialist
DATE: June 25, 2025
SUBJECT: Mesa Water District Annual Customer Survey

RECOMMENDATION

Award a contract to FM3 Research for an amount not to exceed $41,500 per year for three years, with two 1-year renewable options, to conduct the Mesa Water District Annual Customer Survey, and authorize execution of the contract.

STRATEGIC PLAN

Goal #4: Increase favorable opinion about Mesa Water.
Goal #6: Provide excellent customer service.

PRIOR BOARD ACTION/DISCUSSION

At its July 22, 2019 meeting, the Legislative and Public Affairs Committee received information that staff was developing a Request for Qualifications for a new baseline survey. The survey's purpose is to serve as a benchmark for measuring the effectiveness of Mesa Water District's (Mesa Water®) communications and customer services efforts, and for planning future communications and customer services programs.

At its September 12, 2019 meeting, the Board of Directors (Board) awarded a five-year contract to True North Research, Inc. for $34,875 per year to conduct the annual Mesa Water District Customer Survey.

At its June 12, 2024 meeting, the Board approved a contract amendment with True North Research, Inc. for $38,362.50 to conduct the 2024 Mesa Water District Customer Survey.

BACKGROUND

At the request of the Board, staff has presented the Mesa Water District Customer Survey annually since 2020.

The survey's purpose is to serve as a benchmark for measuring the effectiveness of Mesa Water communications and customer services efforts, and for planning future communications and customer services programs.

DISCUSSION

Mesa Water opened a Request for Proposals (RFP) via PlanetBids on February 14, 2025 and received nine proposals from the following firms by the March 14, 2025 deadline: Ebony Marketing Systems, Inc., EMC, FM3 Research, Lexicon and Line LLC, Marketway Global LLC, National Business Research Institute, Probolsky Research, True North Research, Inc. and Zilo

International Group, LLC. Each proposal was evaluated by a staff selection panel based on qualifications, experience, responsiveness, understanding of scope and proposal quality. Following initial evaluation, the selection panel interviewed the top four highest scoring firms: EMC Research, FM3 Research, Probolsky Research and True North Research, Inc.

Rank	Proposer	Project Total Cost	Score
1	FM3 Research	$41,500	74
2	True North Research, Inc.	$32,875-$47,925*	71
3	Probolsky Research	$26,700-$32,950*	68
4	EMC Research	$52,500	65

*Multiple costs provided dependent on survey sample size.

Although multiple firms provided a strong approach to the required scope of work and are well qualified to perform the work effort, FM3 Research received the top combined score based on proposal evaluation and interview. In addition to receiving the top combined score, FM3 Research has significant experience with both utilities and water districts while also proving the best approach for Mesa Water's service area demographics along with providing new ideas to fully utilize Mesa Water's Annual Customer Survey data. Staff recommends the Board consider awarding a contract to FM3 Research for an amount not to exceed $41,500 per year for three years, with two 1-year renewable options, to conduct the Mesa Water District Annual Customer Survey.

FINANCIAL IMPACT

In Fiscal Year 2025, $1,047,550 is budgeted for Public Affairs Support Services; $546,740 has been spent to date.

ATTACHMENTS

None.

MesaWater DISTRICT®

Dedicated to Satisfying our Community's Water Needs

MEMORANDUM

TO: Board of Directors

FROM: Stacy Taylor, Water Policy Manager

DATE: June 25, 2025

SUBJECT: Local/Regional Water Policy Consulting Services

RECOMMENDATION

Approve a sole source contract to Ohlund Management & Technical Services to provide Local/Regional Water Policy Consulting Services for Fiscal Year 2026 through Fiscal Year 2030 for a total amount not to exceed $200,000, and authorize execution of the contract.

STRATEGIC PLAN

Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

None.

DISCUSSION

Mesa Water District (Mesa Water®) is engaged in several advocacy activities to fulfill the Board-adopted Strategic Plan Goal #7 to *actively participate in regional and statewide water issues*. Mesa Water initially retained Ohlund Management & Technical Services (OMTS) in April 2021 to supplement the District's work on local and regional water policy issues.

Based in Orange County, OMTS is led by Lisa Ohlund whose experience includes approximately 40 years working in the water industry in California, including service for over 11 years as General Manager of East Orange County Water District (EOCWD). She also serves on the Board of Directors for the Urban Water Institute.

Ms. Ohlund possesses knowledge of, and expertise in, the areas of water/wastewater system administration, management and operations, as well as in water issues advocacy. Furthermore, Ms. Ohlund's water industry experience encompasses work throughout the five-county Southern California region, and beyond. Due to this, along with her prior role as General Manager of EOCWD, Ms. Ohlund has built strong relationships with elected and appointed officials, general managers and senior-level staff at water/wastewater organizations spanning the Southland.

Mesa Water requested and received a proposal from OMTS to continue assisting the District for Fiscal Year 2026 through Fiscal Year 2030 in two key areas:

1. External Agency Review/Monitoring for matters relevant to Mesa Water's policy priorities; and
2. Other General Consulting Services.

The total cost for these services during the term of a five-year contract is expected to not exceed $200,000. District staff are confident in OMTS' ability to continue providing targeted consulting services to Mesa Water in an effective and cost-efficient manner. Given OMTS' experience and

expertise, and prior partnership work with Mesa Water on local and regional water policy issues, staff recommends approval of a sole source procurement for a total amount not to exceed $200,000 for OMTS' services for Fiscal Year 2026 through Fiscal Year 2030.

FINANCIAL IMPACT

For Fiscal Year 2026, $450,000 is budgeted for Water Policy Support Services.

ATTACHMENTS

None.

MesaWater DISTRICT®

Dedicated to Satisfying our Community's Water Needs

MEMORANDUM

TO: Board of Directors

FROM: Stacy Taylor, Water Policy Manager

DATE: June 25, 2025

SUBJECT: Regulatory Consulting Services

RECOMMENDATION

Approve a sole source contract to Bolland & Associates to provide Regulatory Consulting Services for Fiscal Year 2026 through Fiscal Year 2030 for a total amount not to exceed $75,000, and authorize execution of the contract.

STRATEGIC PLAN

Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

None.

DISCUSSION

Mesa Water District (Mesa Water®) is engaged in several advocacy activities to fulfill the Board-adopted Strategic Plan Goal #7 to *actively participate in regional and statewide water issues*. Mesa Water initially retained Bolland & Associates in June 2020 to supplement the District's regulatory advocacy efforts related to water policy issues.

Based in Sacramento, Bolland & Associates is led by Dave Bolland, a respected water policy advocate with over 30 years of experience representing the interests of local government and the broader water user community throughout California. His recent experience included working for over 20 years for water agencies statewide with the Association of California Water Agencies.

Mr. Bolland has knowledge of, and expertise in, the areas of regulatory advocacy strategy, coalition-building, position messaging, expert testimony, persuasive formal comment letters, policy white papers, and rulemaking negotiations. Furthermore, he is a credible thought-leader with policymakers and staff, an effective communicator who delivers compelling arguments, a strategic influencer and a trusted advisor.

As a relationship builder who is skilled at developing collaborative partnerships, Mr. Bolland possesses extensive productive relationships with water agency leaders and state and local officials and decision makers. He has an excellent history of working with managers and technical specialists from agencies, associations and advocacy organizations.

Mesa Water requested and received a proposal from Bolland & Associates to continue assisting the District for Fiscal Year 2026 through Fiscal Year 2030 in five key areas:

1. Urban Conservation/Water Use Efficiency Regulation Implementation Processes;

2. Water Loss Standards Regulation Implementation Processes;
3. General Regulatory Consulting related to water and water/energy nexus issues;
4. Other related regulatory processes upon request by Mesa Water; and
5. Periodic regulatory consulting tasks.

The total cost for these services during the term of a five-year contract is expected to not exceed $75,000. District staff are confident in Bolland & Associates' ability to continue providing targeted regulatory consulting services to Mesa Water in an effective and cost-efficient manner. Given Bolland & Associates' experience and expertise, and prior partnership work with Mesa Water on statewide water policy issues, staff recommends approval of a sole source procurement for a total amount not to exceed $75,000 for Bolland & Associates' services for Fiscal Year 2026 through Fiscal Year 2030.

FINANCIAL IMPACT

For Fiscal Year 2026, $450,000 is budgeted for Water Policy Support Services.

ATTACHMENTS

MEMORANDUM

MesaWater DISTRICT®

Dedicated to Satisfying our Community's Water Needs

TO: Board of Directors
FROM: Andrew D. Wiesner, P.E., District Engineer
DATE: June 25, 2025
SUBJECT: Grant Writing and Administration Support Services

RECOMMENDATION

Approve a contract amendment to West Yost for an amount not to exceed $80,000 per year for five years for a total contract amendment amount not to exceed $400,000 to provide Grant Writing and Administration Support Services, and authorize execution of the contract amendment.

STRATEGIC PLAN

Goal #1: Provide an abundant, local, reliable and safe water supply.
Goal #2: Perpetually renew and improve our infrastructure.
Goal #3: Be financially responsible and transparent.
Goal #4: Increase favorable opinion of Mesa Water.
Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION

At its July 26, 2023 meeting, the Board of Directors (Board) awarded a one-year contract to Brown and Caldwell for an amount not to exceed $100,000 to provide Grant Writing and Grant Administration Support Services.

At its June 26, 2024 meeting, the Board approved a one-year contract to West Yost for an amount not to exceed $80,000 to provide Grant Writing and Grant Administration Support Services.

DISCUSSION

Mesa Water District (Mesa Water®) staff have identified nine priority capital improvement projects and related programs for which the District is actively pursuing funding opportunities.

Over the past fiscal year, West Yost has provided Grant Writing and Administration Support Services to Mesa Water, including identifying and pursuing funding opportunities, and supporting the administration of the U.S. Bureau of Reclamation WaterSmart grant for the District's Local groundwater Supply Improvement Project (Local SIP), thus helping to ensure Mesa Water's compliance with the funding agreement.

Staff recommends awarding a contract amendment to West Yost for five years, from Fiscal Year 2026 through Fiscal Year 2030, for an amount not to exceed $80,000 per fiscal year, to provide Grant Writing and Administration Support Services for a total amount not to exceed $400,000.

FINANCIAL IMPACT

For Fiscal Year 2026, $80,000 is budgeted for Grant Writing and Administration Support Services.

ATTACHMENTS

None.

REPORTS:

16. DIRECTORS' REPORTS AND COMMENTS

MEMORANDUM

Dedicated to Satisfying our Community's Water Needs

TO: Board of Directors
FROM: Stacy Taylor, Water Policy Manager
DATE: June 25, 2025
SUBJECT: Federal Advocacy Update

RECOMMENDATION

Receive and file the Federal Advocacy Update.

STRATEGIC PLAN

Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

This item is provided monthly at a Mesa Water District (Mesa Water®) Board of Directors meeting.

DISCUSSION

Attached are the Federal Advocacy Report and the list of Federal legislation that Mesa Water is tracking.

FINANCIAL IMPACT

In Fiscal Year 2025, $445,000 is budgeted for Water Policy Support Services; $341,735 has been spent to date.

ATTACHMENTS

Attachment A: Federal Advocacy Report
Attachment B: Federal Legislation Tracker

To: Mesa Water District
From: Van Scoyoc Associates (VSA); Geoff Bowman, Pete Evich, Jessica Flewallen
Date: June 16, 2025
Subject: June 2025 Report

Budget Reconciliation

On May 22nd, the House passed a budget reconciliation package, the One Big Beautiful Bill Act (H.R.1), by a vote of 215-214. The bill extends the first Trump Administration tax cuts, raises defense and border spending, cuts Medicaid and SNAP, and trims green energy incentives. The Senate will now review and likely make modifications to the legislation. Speaker Mike Johnson (R-LA) warned his colleagues in the upper chamber against major changes, saying the bill is the product of a delicate agreement that narrowly passed the House. Many Senate Republicans have concerns about the tax components, the implications of Medicaid changes, and several other major elements of the bill. Senate Majority Leader Thune (R-SD) indicated that he has a goal of approving the bill prior to the 4th of July, but some Senate staff believe it will be completed closer to the start of the August recess.

California's Electric Vehicle Mandate Blocked by White House

On June 12th, the President signed three Congressional Review Act (CRA) resolutions to block California's electric vehicle (EV) mandate, undoing the Biden administration's previous waiver approvals. The EV mandate would have required all new cars to be electric after 2035. Immediately after the signing, Attorney General Rob Bonta announced that California will sue the Administration in response. The CRA is intended to apply to federal rulemakings and the Government Accountability Office (GAO) previously concluded the waivers are not rules, providing the State with what will likely be their main argument in the lawsuit.

The conclusion by the GAO has been a point of contention between the White House and the State, with the White House's Office of Management and Budget (OMB) directing the Department of Transportation to disregard the ruling. The OMB backed this direction stating the ruling was "wrong and legally indefensible."

David Fotouhi Confirmed as EPA Deputy Administrator

On June 10th, the Senate confirmed David Fotouhi as the Environmental Protection Agency (EPA) deputy administrator. Fotouhi has a history of working under the President during his first term in various jobs within the EPA's Office of General Counsel. Since then, he has worked as a partner at Gibson, Dunn and Crutcher, a law firm, assisting a range of clients who are regulated by the EPA. After the confirmation, Fotouhi stated plans "to protect our nation's air, land and water resources and to unleash our nation's growth engine." In support of his confirmation, Senator

Capito (R-W.Va.) stated “he will refocus the agency back to fulfilling its core mission and away from pushing extreme regulations that threaten the reliability of our electric grid and our American competitiveness.”

EPA Requests Extension for PFAS Decisions

Following the EPA’s announcement in April to extend the time limit given to water utilities to meet PFOA and PFOS requirements, the agency is requesting more time to decide to what extent other per- and polyfluoroalkyl substances (PFAS) will be regulated. The agency has stated plans to propose a new rulemaking in the Fall. Additionally, although the agency’s previous announcement labeled water utilities as “passive receivers” of the chemicals, the agency’s plans to ensure PFAS removal costs are the responsibility of the polluters, not utilities or ratepayers, are anticipated to be announced around the same time as the rule in the Fall.

EPA Releases Memo on Clean Water Act Applications

On May 22nd, the Environmental Protection Agency (EPA) Office of Water issued a memo clarifying the application of Clean Water act (CWA) section 401 certifications. The memo asserts that States and tribes are not permitted to use the CWA as leverage to block or impede energy projects that have been approved by the Administration. Although within the CWA is a provision allowing States and tribes to evaluate federally permitted energy projects regarding effects on waterways and water resources, the agency is working to clarify the limited authority this provides. The agency stated a regulation supporting this assertion will be proposed soon. Under the regulation the scope of state and tribal authority to challenge projects will be outlined more thoroughly to clearly show the intended purpose of the provision.

NEPA Review Process is Being Streamlined

On April 16th, the Administration directed federal agencies to begin streamlining environmental reviews and permitting processes for energy and infrastructure projects, including those reviews conducted under the National Environmental Policy Act (NEPA). Since the release of the memorandum, the Department of the Interior (DOI) has announced a 28-day review standard. Interior Secretary Doug Burgum has stated the administration is "cutting through unnecessary delays to fast-track the development of American energy and critical minerals."

On May 23rd, the DOI set a precedent for the effort to streamline the NEPA permitting process. The agency signed off on a uranium mine in Utah after an 11-day review. The shortened review has sparked concern with some saying the process undercuts environmental laws. In response to the approval of the mine, DOI Secretary, Doug Burgum, stated “by streamlining the review process for critical mineral projects like Velvet-Wood, we're reducing dependence on foreign adversaries and ensuring our military, medical and energy sectors have the resources they need to thrive.”

On May 29th, the Supreme Court unanimously ruled that NEPA analyses for major federal projects, like pipelines and railways, should focus on effects that fall directly under the purview of approving agencies. Justice Brett Kavanaugh said "simply stated, NEPA is a procedural cross-check, not a substantive roadblock. The goal of the law is to inform agency decision making, not to paralyze it."

New Discoveries and Decisions Regarding Funding for CA High Speed Rail Project

On June 4th, the Trump administration expressed the desire to pull back $4 billion in federal funding for California's high speed rail system project. Concerns surrounding the viability of the project arose after the discovery that tracks have not yet been laid following the proposal of the rail in 2008. The project, designed to provide connections to cities from Los Angeles and San Francisco, has received about a quarter of its funding thus far from the federal government with the rest coming from State bonds and other sources. The federal government has estimated that so far, $6.9 billion has been invested into the project from federal funds. With an original goal of opening in 2020, the project is now estimated to cost more than $100 billion.

In February, the Department of Transportation directed the Federal Railroad Administration to investigate and provide a report of the California High-Speed Rail Authority's (CHSRA) use of the funding. The report, released on June 4th, has ignited further concerns regarding the viability of the project. Finding that certain elements required for the project have not yet been procured, there is little optimism surrounding the project's ability to meet partial functionality by 2033, which is an agreement within the awarding of the already-received federal grants. CHSRA has one week to acknowledge the report and the following 30 days to dispute the findings.

WIPPES Act Passes Senate Committee on Commerce, Science and Transportation

On May 27th, the Wastewater Infrastructure Pollution Prevention and Environmental Safety (WIPPES) Act (S.1092), a bill to require labeling on non-flushable wipes and similar products in order to protect wastewater infrastructure, passed out of the Senate Committee on Commerce, Science and Transportation. The House companion of the bill (H.R.2269) passed out of the House Committee on Energy and Commerce on April 8th. VSA will keep Mesa Water® apprised with information as the bill moves forward.

Presidential Memorandum Released on Water Pressure Standards

On May 9th, the White House released a memo entitled "Rescission of Useless Water Pressure Standards." The purpose of the memo was to "eliminate restrictive water pressure and efficiency rules that make household appliances less effective and more expensive." The memo directs the Secretary of Energy to rescind or revert rules that limit water use in water fixtures like showerheads, faucets, and other household appliances; publish a notice within the Federal Register clarifying the scope of federal preemption of state rules for water use in showerheads, faucets, toilets, and urinals; pause enforcement related rules until they are rescinded or revised; work with the Director of the Office of Legislative Affairs to recommend to Congress any water pressure or related energy efficiency laws that should be repealed amended.

Bureau of Land Management Administrator Placed on Administrative Leave

On May 27th, the deputy director of the Bureau of Land Management (BLM), Mike Nedd, was placed on administrative leave. Before being placed on leave, Nedd was responsible for overseeing all BLM employees and day-to-day operations. Nedd's removal from the agency comes after his directions for BLM employees to disregard a memo which directed Department of the Interior (DOI) employees to update their resumes and provide other information to be used to develop retention rosters and potential layoff plans.

Elon Musk Leaving Trump Administration

On May 28th, Elon Musk announced he will be stepping down from his role as one of the top advisors to the President. His position was not intended to be permanent, as the President announced on April 3rd that Musk will likely leave the administration "in a few months." Musk has stated he will be leaving the administration to focus on his companies, like Tesla and SpaceX.

SUPPORT

Water Conservation Rebate Tax Parity Act (H.R.1871, S.857) Rep. Jared Huffman (D-CA), Sen. John Curtis (R-UT)

Status: House - 03/05/2025 Referred to the House Committee on Ways and Means.
Senate - 03/05/2025 Referred to the Committee on Finance.

Summary: This legislation will amend federal tax law to ensure homeowners do not have to pay income tax when they receive rebates from water utilities for water conservation and water runoff management improvements.

Special District Fairness & Accessibility Act (H.R.2766) Rep. Pat Fallon (R-TX)

Status: House - 04/09/2025 Referred to the House Committee on Oversight and Government Reform.

Summary: The bill would require special districts to be recognized as local government and be eligible for federal funding.

WATCH

Regulations from the Executive in Need of Scrutiny (REINS) Act (H.R. 142) Rep. Kat Cammack (R-FL)

Status: House - 01/03/2025 Referred to the Committee on the Judiciary, and in addition to the Committees on Rules, and the Budget

Summary: This bill will aim to increase accountability and transparency in the federal regulatory process by requiring that any new "major rule" proposed by federal agencies receive approval from both the House and Senate before taking effect.

To eliminate federal funding for the failed California High-Speed Rail project (H.R. 213) Rep. Kevin Kiley (R-CA)

Status: House - 01/07/2025 Referred to the House Subcommittee on Railroads, Pipelines, and Hazardous Materials.

Summary: This bill will prohibit the use of Federal financial assistance for the California High-Speed Rail development project in the State of California.

Colorado River Basin System Conservation Extension Act (H.R. 231) Rep. Harriet Hageman (R-WY)

Status: House - 02/12/2025 Ordered to be Reported (Amended) by Unanimous Consent.

Summary: This bill will reauthorize the Colorado River System Conservation Pilot Program through fiscal year 2026.

Preserving Choice in Vehicle Purchase Act (H.R.346) Rep. John Joyce (R-PA)

Status: House - 01/13/2025 Referred to the House Committee on Energy and Commerce.

Summary: This bill will block the U.S. Environmental Agency from giving California a waiver to "limit the sale or use of new motor vehicles with internal combustion engines." It would do so by modifying the waiver process under the Clean Air Act related to state emission control standards for new motor vehicles.

Providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Environmental Protection Agency relating to "National Primary Drinking Water Regulations for Lead and Copper: Improvements (LCRI) (H.J. Res. 18) Rep. Gary Palmer (R-AL)
Status: House - 01/13/2025 Referred to the House Committee on Energy and Commerce.
Summary: This joint resolution nullifies the rule titled National Primary Drinking Water Regulations for Lead and Copper: Improvements (LCRI), which was submitted by the Environmental Protection Agency on October 30, 2024.

Every Drop Counts Act (H.R. 338) Rep. Jim Costa (D-CA)
Status: House - 01/13/2025 Referred to the House Committee on Natural Resources
Summary: This bill will expand the Bipartisan Infrastructure Law's Small Storage Program by making it easier for groundwater projects to qualify for funding, increase the amount of water they can store, and stabilize underground aquifers.

Fix Our Forests Act (H.R.471, S.1462) Rep. Bruce Westerman (R-AR), Sen. John Curtis (R-UT)
Status: House – 01/23/2025 Passed in house 279 - 141
Senate - 03/06/2025 Committee on Agriculture, Nutrition, and Forestry Subcommittee on Conservation, Forestry, Natural Resources, and Biotechnology. Hearings held.
Summary: The bill simplifies and expedites environmental reviews for forest management projects, promotes federal, state, tribal, and local collaboration, and deters frivolous litigation that delays essential projects.

Stop the Delta Tunnel Act (H.R.1311) Rep. Josh Harder (D-CA)
Status: House - 02/13/2025 Referred to the Subcommittee on Water Resources and Environment.
Summary: This bill would prohibit the Army Corps of Engineers from issuing a federal permit necessary for the State of California to build the Delta Conveyance Project, commonly known as the Delta Tunnel.

Headwaters Protection Act of 2025 (H.R.605) Rep. Jim Costa (D-CA)
Status: House - 02/28/2025 Referred to the Subcommittee on Conservation, Research, and Biotechnology
Summary: The bill reauthorizes the Water Source Protection Program (WSPP) at $30 million annually from 2024-2028, expands the list of eligible lands and entities, lowers the non-federal match requirement for smaller private sector companies, and reduces bureaucratic hurdles for existing Watershed Restoration Action Plans.

Colorado River Basin System Conservation Extension Act (S.154) Sen. John Hickenlooper (D-CO)
Status: Senate - 01/21/2025 Referred to the Committee on Energy and Natural Resources.

Summary: This bill will amend the Energy and Water Development and Related Agencies Appropriations Act, 2015, to reauthorize the Colorado River System conservation pilot program.

To improve the lead time, accuracy, and dissemination of forecasts of atmospheric rivers throughout the United States (S.322) Sen. Alex Padilla (D-CA)
Status: Senate – 01/29/2025 Referred to Committee on Commerce, Science, and Transportation
Summary: This bill will require the National Oceanic and Atmospheric Administration (NOAA) to establish a forecast improvement program within the National Weather Service.

To direct the Secretary of Agriculture to select and implement landscape-scale forest restoration projects, to assist communities in increasing their resilience to wildfire (S.350) Sen. Alex Padilla (D-CA)
Status: Senate - 01/30/2025 Referred to the Committee on Energy and Natural Resources
Summary: This bill will direct the Secretary of Agriculture to select and implement these projects, focusing on reducing the threat of destructive wildfires and assisting communities in increasing their resilience.

Lower Colorado River Multi-Species Conservation Program Amendment Act of 2025 (H.R.831) Rep. Ken Calvert (R-CA)
Status: House - 01/31/2025 Referred to the House Committee on Natural Resources.
Summary: This bill will establish an interest-bearing account for the non-Federal contributions to the Lower Colorado River Multi-Species Conservation Program. This will ensure that state contributions to conservation projects in the Lower Colorado River Basin are able to earn interest and grow before being allocated.

Emergency Wildfire Fighting Technology Act (H.R.836) Rep. David Valadao (R-CA)
Status: House – 02/05/2025 Passed by voice vote
Senate - 02/06/2025 Referred to the Committee on Agriculture, Nutrition, and Forestry.
Summary: The bill will require the U.S. Forest Service and the Department of the Interior to jointly evaluate the use of the Container Aerial Firefighting System to mitigate and suppress wildfires

To amend the Robert T. Stafford Disaster Relief and Emergency Assistance Act to require the President to establish an individual household disaster mitigation program (H.R.1105) Rep. Mike Thompson (D-CA)
Status: House - 02/06/2025 Referred to the Committee on Ways and Means, and in addition to the Committee on Transportation and Infrastructure
Summary: This bill will provide homeowners in disaster-prone regions with broad incentives to harden their properties against wildfires and other risks.

Water Systems PFAS Liability Protection Act (H.R.1267) Rep. Marie Gluesenkamp Perez (D-WA)
Status: House - 02/12/2025 Referred to the Committee on Energy and Commerce, and the Committee on Transportation and Infrastructure
Summary: This bill exempts specified water management entities from liability under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA) for releases of certain perfluoroalkyl or polyfluoroalkyl substances, commonly referred to as PFAS.

To direct the Secretary of Commerce to establish and carry out a program to sequence the genomes of aquatic species (H.R. 1332) Rep. Dave Min (D-CA)
Status: House - 02/13/2025 Referred to the House Committee on Natural Resources.
Summary: This bill will establish a program within the National Oceanic and Atmospheric Administration (NOAA) to collect data on at-risk, aquatic species.

Midnight Rules Relief Act (H.R.77, S.164) Rep. Andy Biggs (R-AZ), Sen. Ron Johnson (R-WI)
Status: House – 02/12/2025 Passed by the Yeas and Nays: 212 - 208
Senate - 02/13/2025 Referred to the Committee on Homeland Security and Governmental Affairs
Summary: This bill will allow lawmakers to roll back multiple federal regulations in one Congressional Review Act resolution, as currently CRA resolutions can only address one rule at a time.

Coastal Commission Accountability Act (H.R. 1874) Rep. Kevin Kiley (R-CA)
Status: House - 03/05/2025 Referred to the House Committee on Natural Resources.
Summary: This bill will amend the Coastal Zone Management Act (CZMA) to expedite important coastal activities, including national security initiatives, critical infrastructure development, and disaster mitigation and recovery efforts.

Federally Integrated Species Health (FISH) Act (H.R.1894) Rep. Ken Calvert (R-CA)
Status: House - 03/06/2025 Referred to the House Committee on Natural Resources.
Summary: This bill will eliminate the National Oceanic and Atmospheric Administration (NOAA) Fisheries' oversight role in regulating salmon and other fish under the Endangered Species Act and designate the Fish and Wildlife Life Service (FWS) as the sole regulatory authority.

To amend the Federal Water Pollution Control Act with respect to permitting terms (H.R.2093) Rep. Ken Calvert (R-CA)
Status: House - 03/14/2025 Referred to the House Committee on Transportation and Infrastructure.
Summary: This bill will extend National Pollution Discharge Elimination System permits from 5 years to 10 years.

Protect the West Act of 2025 (S.670/H.R.1459) Sen. Michael Bennet (D-CO), Rep. Jason Crow (D-CO)
Status: Senate - 02/20/2025 Referred to the Committee on Agriculture, Nutrition, and Forestry. House - 03/20/2025 Referred to the Subcommittee on Conservation, Research, and Biotechnology
Summary: This bill will provide an investment of $60 billion to establish an Outdoor Restoration Fund for restoration and resilience projects across the West.

Wildfire Emergency Act (S.350) Sen. Alex Padilla (D-CA)
Status: Senate - 01/30/2025 Referred to the Committee on Energy and Natural Resources.
Summary: This bill will reduce the risk of wildfires in forests by increasing landscape-scale forest and restoration projects.

Preventing Our Next Natural Disaster Act (H.R.403) Rep. Eric Swalwell (D-CA)
Status: House - 01/15/2025 Referred to the Subcommittee on Economic Development, Public Buildings, and Emergency Management
Summary: The bill will modify the Building Resilient Infrastructure and Communities (BRIC) grant program to increase FEMA's Disaster Relief fund and increases funding accessibility for community planning, environmental justice communities, and impoverished communities.

Ending Major Borderland Environmental Ruin from Wildfires (EMBER) Act (H.R.2026) Rep. Ken Calvert (R-CA)
Status: House - 04/04/2025 Referred to the Subcommittee on Forestry and Horticulture.
Summary: The bill will ensure better assessment, prevention, and help for communities to manage wildfires. It focuses on modernizing wildfire policies, bolstering resilience, and enhancing restoration efforts.

Endangered Species Act (ESA) Amendments Act (H.R.1897) Rep. Bruce Westerman (R-AR)
Status: House - 03/25/2025 Subcommittee on Water, Wildlife and Fisheries Hearings Held
Summary: This bill will amend the Endangered Species Act of 1973 to improve conservation of resources and wildlife, protect endangered species, and streamline permitting.

Urban Waters Federal Partnership Act (H.R.2401) Rep. Greg Stanton (D-AZ)
Status: House - 03/27/2025 Referred to the Committee on Transportation and Infrastructure, and to the Committees on Natural Resources, and Appropriations.
Summary: This bill will formally authorize the Urban Waters Federal Partnership Program, which supports improvements to waterways and urban renewal.

Water Intelligence, Security, and Cyber (Water ISAC) Threat Protection Act (H.R. 2344/S. 1118) Rep. Jan Schakowsky (D-IL) and Sen. Ed Markey (D-MA)

Status: House - 03/25/2025 Referred to the Committee on Transportation and Infrastructure, and to the Committee on Energy and Commerce.
Senate - 03/25/2025 Referred to the Committee on Environment and Public Works.
Summary: This bill will increase drinking water and wastewater system threat preparedness and resilience by directing the EPA to establish a program to offset costs to water systems and increase support.

Providing for congressional disapproval of a rule published by the Fish and Wildlife Service relating to "Endangered and Threatened Wildlife and Plants" (H.J.Res.78) Rep. Doug LaMalfa (R-CA)
Status: House - 05/01/2025 Passed with a voice vote of 216 - 195
Senate - 05/05/2025 Received in the Senate.
Summary: This bill provides congressional disapproval for a rule from the Fish and Wildlife Service which lists the San Francisco Bay-Delta distinct population segment (DPS) of longfin smelt as an endangered species under the Endangered Species Act

Water Risk and Resilience Reorganization (H.R.2594) Rep. Eric Crawford (R-AR)
Status: House - 04/02/2025 Referred to the Committee on Transportation and Infrastructure, and to the Committee on Energy and Commerce.
Summary: This bill will establish a Water Risk and Resilience Organization to support modifications and implementation for water systems to meet risk and resilience requirements.

Forest Service Accountability Act (H.R.1762, S.1061) Rep. Ryan Zinke (R-MT), Sen. Mike Lee (R-UT)
Status: House - 03/28/2025 Referred to the Subcommittee on Forestry and Horticulture.
Senate - 03/13/2025 Read twice and referred to the Committee on Agriculture, Nutrition, and Forestry
Summary: This bill will make the Chief of the Forest Service a Presidentially appointed position

Safeguard American Voter Eligibility (SAVE) Act (H.R.22) Rep. Chip Roy (R-TX)
Status: House – 04/10/2025 Passed by the Yeas and Nays: 220 – 208
Senate - 04/10/2025 Received in the Senate
Summary: This bill will amend the National Voter Registration Act of 1993 to people provide proof of citizenship when registering to vote in a federal election. The documents for proof of citizenship include a passport, REAL ID, birth certificate, or a military ID.

Restoring WIFIA Eligibility Act (H.R.3035, S.1760) Rep. Jim Costa (D-CA), Sen. John Curtis (R-UT)
Status: House - 04/28/2025 Referred to the Committee on Transportation and Infrastructure, and the Committee on Energy and Commerce.
Senate - 05/14/2025 Referred to the Committee on the Budget.

Summary: This bill would amend the Water Infrastructure Finance and Innovation Act of 2014 (WIFIA) to clarify that federally-owned infrastructure projects managed by non-federal entities are eligible for WIFIA funding.

Help Hoover Dam Act (S.1570) Sen. Catherine Cortez Masto (D-NV)
Status: Senate - 05/01/2025 Referred to the Committee on Energy and Natural Resources.
Summary: This legislation will preserve Hoover Dam as an affordable energy source and strengthen the Southwest's electrical grid by giving the Bureau of Reclamation the authority to use "stranded funds" currently in the Colorado River Dam Fund to pay for operation, maintenance, and replacement projects at Hoover Dam.

Investing In Our Communities Act (H.R.1255) Rep. David Kustoff (R-TN)
Status: House - 02/12/2025 Referred to the House Committee on Ways and Means.
Summary: This bill will restore tax-exempt advance refunding for municipal bonds so state and local governments can more efficiently invest in projects throughout their communities.

Technical Fix for the State Response to Contaminants Program (S.1324) Sen. Jeanne Shaheen (D-NH)
Status: Senate - 04/08/2025 Referred to the Committee on Environment and Public Works.
Summary: This bill will provide flexibility for states to use funding from the Bipartisan Infrastructure Law for PFAS in small and disadvantaged communities to assist private well owners.

Wastewater Infrastructure Pollution Prevention and Environmental Safety (WIPPES) Act (S.1092/H.R.2269) Sen. Jeff Merkley (D-OR), Rep. Lisa McClain (R-MI)
Status: Senate - 05/21/2025 Committee on Commerce, Science, and Transportation. Ordered to House – 04/08/2025 House Committee on Energy and Commerce Consideration and Mark-up Session Held. Bill ordered to be Reported by Voice Vote.
Summary: This bill will require products with significant potential to be flushed to be labeled with "Do Not Flush" notices to protect pipe infrastructure.

Modification of the Aquifer Recharge Flexibility Act (H.R.331) Rep. Russ Fulcher
Status: House – 05/13/2025 Passed the House.
Senate - 05/14/2025 Received in the Senate and referred to the Committee on Energy and Natural Resources.
Summary: This bill will allow holders of existing right-of-way grants to use them for aquifer recharge without needing additional authorization from the Secretary of the Interior.

To provide technical and financial assistance for groundwater recharge, aquifer storage, and water source substitution projects (H.R.337) Rep. Jim Costa (D-CA)
Status: House - 01/13/2025 Referred to the House Committee on Natural Resources.

Summary: This bill will modify the Infrastructure Investment and Jobs Act to allow unobligated funds for groundwater recharge projects, aquifer storage and recovery projects, and water source substitution for aquifer protection projects.

Agriculture Export Promotion Act of 2025 (H.R.1086) Rep. Dan Newhouse (R-WA)
Status: House - 02/06/2025 Referred to the House Committee on Agriculture.
Summary: This bill will extend and increase funding for the Market Access Program (MAP) and Foreign Market Development (FMD) Program through Fiscal Year 2029.

Fair Access to Agriculture Disaster Programs Act (H.R.2156/S.984) Rep. Jimmy Panetta (D-CA), Sen. Alex Padilla
Status: House - 04/04/2025 Referred to the Subcommittee on General Farm Commodities, Risk Management, and Credit.
Senate - 03/12/2025 Referred to the Committee on Agriculture, Nutrition, and Forestry.
Summary: This bill will expand eligibility for USDA disaster assistance programs by waiving gross income limitations.

Advancing Water Reuse Act (H.R.2940) Rep. Darin LaHood (R-IL)
Status: House - 04/17/2025 Referred to the House Committee on Ways and Means.
Summary: This bill will catalyze the use of recycled water by manufacturers, data centers, and other industrial entities.

Disaster Related Extension of Deadlines Act (H.R.1491/S.1438) Rep. Gregory Murphy (R-NC), Sen. Raphael Warnock (D-GA)
Status: House – 04/01/2025 Passed the House.
Senate – 04/10/2025 Referred to the Committee on Finance.
Summary: This bill will ensure that natural disaster victims have sufficient time to claim tax refunds and credits, even when their filing deadlines are extended due to a disaster.

Proven Forest Management Act of 2025 (H.R.179) Rep. Tom McClintock (R-CA)
Status: House - 04/04/2025 Referred to the Subcommittee on Forestry and Horticulture.
Summary: This bill will expand forest management practices that have proven successful in reducing wildfire risks and promoting forest health, improving forest resiliency.

Filing Relief for Natural Disasters Act (H.R.517/S.132) Rep. David Kustoff (R-TN), Sen. Catherine Cortez Masto (D-NV)
Status: House – 03/31/2025 Passed the House.
Senate – 01/16/2025 Received in the Senate and referred to the Committee on Finance
Summary: This bill will grant the IRS the authority to postpone federal tax filing deadlines for taxpayers affected by state-declared disasters and states of emergency.

FEMA Independence Act (H.R. 2308) Rep. Jared Moskowitz (D-FL)
Status: House - 03/24/2025 Referred to the Subcommittee on Emergency Management and Technology.
Summary: This bill will remove FEMA from the Department of Homeland Security (DHS) and restore it as an independent, Cabinet-level agency.

Water Affordability, Transparency, Equity, and Reliability (WATER) Act of 2023 (S.1730) Sen. Bernard Sanders (I-VT)
Status: Senate - 05/13/2025 Referred to the Committee on Environment and Public Works.
Summary: The legislation would assist communities in securing access to clean and reliable drinking water. The bill also contains provisions to combat PFAS and provide grants for low-income communities struggling with unaffordable water bills.

Veterans Exposed to Toxic PFAS Act (H.R.3639) Rep. Michael Lawler
Status: House - 05/29/2025 Referred to the House Committee on Veterans' Affairs.
Summary: This bill provides eligibility for Department of Veterans Affairs hospital care and medical services to veterans and their family members (including those in utero) who have specified conditions and resided at a military installation where individuals were exposed to perfluoroalkyl and polyfluoroalkyl substances, commonly known as PFAS. PFAS are manufactured and may have adverse human health effects.

SUPPORT (if/when introduced in the 119th Congress)
Low-Income Household Assistance Water Program (LIHWAP) Establishment Act
Status: Has not yet been introduced in the 119th Congress.
Summary: The bill would direct the Secretary of the Department of Health and Human Services (HHS) and Administrator of the Environmental Protection Agency (EPA) to make permanent the Low-Income Household Assistance Water Program (LIHWAP). The bill would allow HHS to award grants to eligible entities to provide funds to public water systems to assist low-income households in paying for drinking water or wastewater services.

Water Efficiency, Conservation, and Sustainability Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would create programs at the EPA for states, municipalities, and utilities for water improvement program, a water loss control program, and a program to adopt and implement water-efficient plumbing codes.

Support to Rehydrate the Environment, Agriculture, and Municipalities Act (STREAM) Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would expedite non-federal storage projects with less than $250 million in federal funding, water recycling, and desalination projects by allowing the Department of the Interior to approve the projects. This provision is needed following the Water Infrastructure Improvements for the Nation Act's expiration in December 2021. Absent this provision, Congress must individually authorize all water recycling, desalination, and storage projects,

with the exception of projects that receive construction funding under the bipartisan infrastructure legislation.

Reclamation Climate Change and Water Program Reauthorization Act of 2023
Status: Has not yet been introduced in the 119th Congress.
Summary: The bill would reauthorize the Bureau of Reclamation's Climate Change and Water Program which will expire at the end of 2023.

Desalination Research Advancement Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would reauthorize the Bureau of Reclamation's Desalination and Water Purification Research (DWPR) Program, which funds projects to improve water supply development from seawater, brackish groundwater, and wastewater.

WATCH (if/when introduced in the 119th Congress)
The Healthy Drinking Water Affordability Act (Healthy H2O Act)
Status: Has not yet been introduced in the 119th Congress.
Summary: The bill would provide grants through the U.S. Department of Agriculture for water quality testing and to purchase and install point-of-entry water filtration systems to remove contaminants from drinking water.

Clean Water Act of 2023
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would clarify "protected water resources" under the Clean Water Act and would reinstate protections on 50% of wetlands and 70% of rivers that lost protection under the *Sackett v. EPA Hearing.*

PFAS Accountability Act of 2024
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill establishes requirements and incentives to limit the use of perfluoroalkyl and polyfluoroalkyl substances, commonly referred to as PFAS, and remediate PFAS in the environment. The bill directs the EPA to designate the PFAS perfluorooctanoic acid (PFOA) and perfluorooctanesulfonic acid (PFOS) as a hazardous substance under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, thereby requiring remediation of releases of those PFAS into the environment.

Water Access Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would appropriate $500 million to LIHWAP under sec. 2912 of the American Rescue Plan Act of 2021, for fiscal year 2024.

Canal Conveyance Capacity Restoration Act
Status: Has not yet been introduced in the 119th Congress.

Summary: This bill would authorize a one-third federal cost share for restoring canal capacity. Additionally, the bill would authorize over $833 million for restoration efforts at the Friant-Kern Canal, Delta Mendota Canal, California Aqueduct, and San Joaquin River.

Flood Prevention and Snowpack Management Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This legislation would create a task force to monitor California snowpack and flood mitigation. The task force would be established by the Secretary of the Army, acting through the Chief of Engineers, and led by representatives in Congress and Federal agencies.

Working to Advance Tangible and Effective Reforms (WATER) for California Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would require the Central Valley Project and State Water Project promote more water deliveries to farmers under a 2019 Trump-era biological opinion. This legislation would also reauthorize the surface water storage project program and operations of the Central Valley and State Water Projects created in the WIIN Act.

Water Supply Permitting Coordination Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This legislation would establish a framework for federal agencies that hold permitting authority to coordinate reservoir construction work and make public the construction schedules, data, and technical materials to prevent delays and create more water supply.

Protect Our Water Rights Act
Status: Has not yet been introduced in the 119th Congress.
Summary: To mandate contract water deliveries of the Central Valley Project and Klamath River Basin Reclamation Project by the Bureau of Reclamation in normal precipitation years and guarantee additional water in dry years.

Water Quality and Environmental Innovation Act
Status: Has not yet been introduced in the 119th Congress.
Summary: To authorize the Administrator of the Environmental Protection Agency to award grants and contracts for projects that use emerging technologies to address threats to water quality.

California Water Infrastructure Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would assist in expediting U.S. Bureau of Reclamation water projects by accepting alternative environmental reviews conducted under state laws, such as the California Environmental Quality Act, in place of federal reviews under the National Environmental Policy Act.

Open Access Evapotranspiration Data Act

Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would create a program within the Department of the Interior to share public data on estimates of evapotranspiration from satellites and weather stations with water managers

Providing for congressional disapproval relating to "Revised Definition of 'Waters of the United States'"
Status: Has not yet been introduced in the 119th Congress.
Summary: A joint resolution providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Department of the Army, Corps of Engineers, Department of Defense, and the Environmental Protection Agency relating to "Revised Definition of 'Waters of the United States"

Clean Water Allotment Modernization Act of 2023
Status: Has not yet been introduced in the 119th Congress.
Summary: A bill to revamp the 36-year-old formula used by the federal government to allocate the clean water state revolving fund allocation among states. It would require the Environmental Protection Agency to regularly update how funding allocations are based.

Wildfire Response and Drought Resiliency Act
Status: Has not yet been introduced in the 119th Congress.
Summary: A legislative package that includes over 40 bills that would authorize billions of dollars in federal funding for the Departments of Interior and Agriculture for implementation of forest management, water, and climate programs. It would also expand federal disaster relief assistance and research efforts on effects of wildfire on public health, and programs to improve water efficiency and conservation in tribal and low-income communities.

Controlling America's Perilous Spending (CAPS) Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would amend the Balanced Budget and Emergency Deficit Control Act of 1985 to extend the discretionary spending limits through fiscal year 2032.

Priority for Water Supply and Conservation Act of 2024
Status: Has not yet been introduced in the 119th Congress.
Summary: This bill would include water supply and water conservation as a primary mission of the Corps of Engineers in planning, designing, constructing, modifying, operating, and maintaining water resources development projects.

Clean Water SRF Parity Act
Status: Has not yet been introduced in the 119th Congress.
Summary: A bill to expand the state revolving fund established under the Clean Water Act, including by allowing low-interest loans to be given to privately owned treatment works to address wastewater. Currently, loans are given to wastewater systems that are publicly owned.

PFAS Action Act of 2023
Status: Has not yet been introduced in the 119th Congress.
Summary: To require the Administrator of the Environmental Protection Agency to designate per- and polyfluoroalkyl substances as hazardous substances under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980.

Drought Resilience Infrastructure Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This legislation will provide new resources and authorities through the U.S. Army Corps of Engineers to support communities experiencing long-term drought conditions.

Water Infrastructure Finance and Innovation Act Amendments
Status: Has not yet been introduced in the 119th Congress.
Summary: A bill to update and improve a loan program that funds critical water and wastewater infrastructure projects in Washington State

Drought Relief Obtained Using Government Help Today (DROUGHT) Act of 2024
Status: Has not yet been introduced in the 119th Congress.
Summary: This legislation will increase the federal share of Water Infrastructure Finance and Innovation Act loans from 80 percent to 90 percent for qualified disadvantaged communities experiencing severe drought.

Large-Scale Water Recycling Reauthorization and Investment Act
Status: Has not yet been introduced in the 119th Congress.
Summary: This legislation aims to reauthorize a water recycling grant program for large-scale projects in California and other western states. The bill builds on the success of water recycling projects funded by the Bipartisan Infrastructure Law, providing additional funding opportunities to boost existing projects and initiate new ones.

MEMORANDUM

Dedicated to Satisfying our Community's Water Needs

TO: Board of Directors
FROM: Stacy Taylor, Water Policy Manager
DATE: June 25, 2025
SUBJECT: State Advocacy Update

RECOMMENDATION

Receive and file the State Advocacy Update.

STRATEGIC PLAN

Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

This item is provided monthly at a Mesa Water District (Mesa Water®) Board of Directors meeting.

DISCUSSION

Attached are the State Advocacy Report and the list of State legislation that Mesa Water is tracking.

FINANCIAL IMPACT

In Fiscal Year 2025, $445,000 is budgeted for Water Policy Support Services; $341,735 has been spent to date.

ATTACHMENTS

Attachment A: State Advocacy Report
Attachment B: State Legislative Status Report

-VIA ELECTRONIC MAIL-

June 17, 2025

To: Stacy Taylor, Mesa Water District

From: Dennis Albiani and Adam Quiñonez, California Advocates

Subject: June 2025 Monthly Report

As the California Legislature reached the house of origin deadline for the 2025 session, lawmakers advanced several significant bills addressing water management, natural resources, and environmental safety. In addition, the Senate elected a new leader Senator Monique Limon (D-Santa Barbara) who will take office sometime in early 2026.

Meanwhile, the Governor's Delta Conveyance streamlining proposal has been at the center of negotiations on the budget between the Legislature and Administration. In order to meet the statutory deadline of June 15 and continue to be paid, the Legislature passed the first budget bill on Friday June 13. This initial salvo from the Legislature rejects the Governor's Delta streamlining proposal and goes further by clawing back more than $300 million that was intended for the Healthy Rivers and Landscapes Program (formerly Voluntary Agreements). The Governor must now decide if he wants to veto the budget bill or enter into negotiations and pass a follow up budget bill that contains his priorities. This is often referred to as a Budget Bill Junior.

To further complicate the Delta Conveyance conversation, the Legislature not only rejected the Governor's proposal but also called for an audit of the Delta Conveyance Project. That audit must be approved by the Joint Legislative Audit Committee which will hear the issue on June 18.

California Advocates has been leading on many meetings in support of the Delta Conveyance streamlining proposal and opposed to an audit of the project which is only a delay tactic. Somehow, conversations will intensify even further over the next two weeks in order to get a budget in place by July. California Advocates is in frequent communication with the Administration and will continue to support the Delta Conveyance Project.

Key Bills

AB 794 (Gabriel - D) California Safe Drinking Water Act: emergency regulations

AB 794 was moved to the inactive file on the Assembly Floor. This bill would have provided the State Water Board with the authority to adopt Federal drinking water standards under an emergency rulemaking regardless of whether the requirements were repealed or amended to be less stringent. The bill would have prohibited an emergency regulation adopted pursuant to these provisions from implementing less stringent drinking water standards.

ACWA, CMUA, and California Advocates lobbied the bill extensively and it was held on the Assembly Floor.

Status: Moved to Assembly Inactive File

Position: Oppose (Coalition)

SB 72 (Caballero-D) The California Water Plan: long-term supply targets.

SB 72 is being co-sponsored by the California Municipal Utilities Association, California State Association of Counties, and the California Council for Environmental and Economic Balance. This bill is a reintroduction of SB 366 (Caballero) from 2024. The bill would require DWR to establish an interim planning target of 9,000,000 acre-feet of additional water, water conservation, or water storage capacity to be achieved by 2040. The bill would require the target to consider the identified and future water needs for a sustainable urban sector, agricultural sector, and environment, and ensure safe drinking water for all Californians, among other things.

Status: Passed out of the Senate 37-0 and referred to Assembly Water, Parks, and Wildlife

Position: Support (Coalition)

SB 454 (McNerney – D) State Water Resources Control Board: PFAS Mitigation Program.

Sponsored by ACWA and Cal Cities, this bill would create the PFAS Mitigation Fund in the General Fund and would authorize the fund to be expended by the State Water Resources Control Board to issue grants and/or loans for the purpose of addressing PFAS contamination. While the bill has met no opposition the State Water Board identified a cost of $6.5 million ongoing to administer the fund. As a result, the bill was amended to not take effect until funding was identified and appropriated.

Status: The bill will be heard on June 17 in the Assembly Environmental Safety and Toxic Materials Committee.

Position: Support (Coalition)

SB 496 (Hurtado-D) Advanced Clean Fleets Regulation: appeals advisory committee: exemptions

SB 496 was unfortunately held in the Senate Appropriations Committee despite significant support from local governments.

SB 496 would have clarified that vehicles expected to respond to emergencies or support disaster response efforts are exempt from the Advanced Clean Fleets Regulation to the same extent as officially designated emergency vehicles. This means that certain non-traditional emergency response vehicles, such as those used by water utilities in responding to emergencies would not have been required to transition to zero-emission standards under the regulation.

Status: Held in the Senate Suspense hearing May 23.

Position: Support (Coalition)

SB 601 (Allen-D) Water Waste Discharge

SB 601 is being classified as a job-killer, by the California Chamber of Commerce, a housing killer by the California Building Industry Association, and is being opposed by ACWA and a host of other organizations.

The primary intent of SB 601 is to undo the May 2023 US Supreme Court ruling in Sackett v EPA which narrowed which waters fell under the Waters of the United States definition.

However, SB 601 goes much farther by enshrining a new framework into state law for the previously federally protected waters and empowering the State Water Board to expand the scope of their regulation to “nexus waters” which are broadly defined in the bill. As a result, SB 601 could greatly expand the number of water bodies subject to water quality regulations and thus additional permitting.

The full impact of SB 601 is unclear as it would depend on the State Water Board’s interpretation of the term “nexus waters”, however it is clear that some environmental groups are seeking an expansion of the State Water Board’s authority in response to recent actions at the federal level.

Notably, after intense opposition from the water, ag, and business communities, SB 601 was amended to remove provisions allowing private citizens to sue water agencies for alleged violations of the onerous discharge requirements. Senator Allen was forced to make this amendment in order to move the bill off the Senate Floor and even then, the bill narrowly moved forward.

Status: Passed out of the Senate 22-12 and referred to Assembly Environmental Safety and Toxic Materials as well as the Assembly Judiciary Committee.

Position: Oppose (Coalition)

Regulatory and Administrative Actions

State Revolving Fund Policy Amendments

On May 6, the State Water Board hosted a public hearing on their released draft Policy Amendments (Policy Amendments) to the Clean Water State Revolving Fund (CWSRF) and Drinking Water Sate Revolving Fund (DWSRF). The Policy Amendments will update the requirements for obtaining CWSRF and DWSRF dollars to align with the respective annual Intended Use Plans.

The State Water Board also recently released updated the 2024-25 DWSRF comprehensive list and fundable list, and the CWSRF comprehensive list and fundable list.

On May 30, the State Water Board released a public notice for input on the draft 2025-26 CWSRF Intended Use Plan (IUP). The CWSRF IUP outlines the State Water Board's business plan for administering the CWSRF and its complementary funding for the state fiscal year. The IUP specifically identifies the available funding, the types of projects eligible for financing, the criteria for selecting projects, a fundable list of projects, the associated financing terms, certain technical assistance funding, the financial status of the program, and the measures that will be used to track the program's performance.

- Public board meeting: June 17 at 9:00 am
- Written comments due: June 30 at 12:00 pm
- Potential adoption hearing: August 5 at 9:00 am

Advanced Clean Fleets

The California Air Resources Board (CARB) held a kick-off workshop June 16, 2025, on the fiscal year (FY) 2025-26 Clean Transportation Incentives Funding Plan (Plan). The workshop was to provide information about eligible incentive projects and identify which projects may have policy changes. The anticipated release of the proposed FY 2025-26 Plan is Fall 2025. More information can be found here.

PFAS Notification Levels and Response Levels

Through informal conversations, California Advocates has learned that the State Water Board intends to lower the PFAS notification level to 4 ppt and establish a new response level for PFHXS to 10 ppt. The State Water Board may adopt notification and response levels with extraordinarily little public input. This change in response levels could have a significant impact on additional wells in California.

California Advocates, Inc. Activity Report

- Organized a lobby day in support of the Delta Conveyance Streamlining proposal.
- Organized dozens of meetings in support of the Governor's Delta Conveyance streamlining proposal.
- Attended Delta Conveyance coalition meetings with the Governor's Office, labor groups, water agencies, and others.

- Met with Assembly staff regarding AB 794 to express opposition.
- Lobbied members on the Senate floor in opposition to SB 601.
- Attended workgroup meetings led by the California Chamber in opposition to SB 601.
- Attended weekly Monday morning meetings of water advocates to discuss priority bills.

Important Dates and Deadlines for 2025

July

- July 18 – Summer recess begins upon adjournment

August

- August 18 – Legislature reconvenes from summer recess
- August 29 – Last day for fiscal committees to report bills to the floor

CALIFORNIA ADVOCATES

Sacramento, CA 95814

Mesa Water District - Active Legislative Status Report as of 6/17/2025

Oppose - Coalition

AB 794 **(Gabriel D) California Safe Drinking Water Act: emergency regulations.**
(Amended: 4/10/2025 html pdf)

Status: 6/12/2025-Ordered to inactive file at the request of Assembly Member Gabriel.

Location: 6/12/2025-A. INACTIVE FILE

Summary: Existing law, the California Safe Drinking Water Act (state act), requires the State Water Resources Control Board to administer provisions relating to the regulation of drinking water to protect public health. The state board's duties include, but are not limited to, enforcing the federal Safe Drinking Water Act (federal act) and adopting and enforcing regulations. Existing law authorizes the state board to adopt as an emergency regulation, a regulation that is not more stringent than, and is not materially different in substance and effect than, the requirements of a regulation promulgated under the federal act, with a specified exception. This bill would provide that the authority of the state board to adopt an emergency regulation pursuant to these provisions includes the authority to adopt requirements of a specified federal regulation that was in effect on January 19, 2025, regardless of whether the requirements were repealed or amended to be less stringent. The bill would prohibit an emergency regulation adopted pursuant to these provisions from implementing less stringent drinking water standards, as provided, and would authorize the regulation to include monitoring requirements that are more stringent than the requirements of the federal regulation. The bill would prohibit maximum contaminant levels and compliance dates for maximum contaminant levels adopted as part of an emergency regulation from being more stringent than the maximum contaminant levels and compliance dates of a regulation promulgated pursuant to the federal act. The bill would require, on or before December 31, 2026, the state board to adopt an emergency regulation and to initiate a primary drinking water standard for perfluoroalkyl and polyfluoroalkyl substances, as provided. The bill would make other changes to proceedings initiated upon the adoption of an emergency regulation to establish a public health goal and primary drinking water standards, as specified.

Position
Oppose - Coalition

AB 810 **(Irwin D) Local government: internet websites and email addresses.**
(Amended: 4/10/2025 html pdf)

Status: 5/23/2025-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/7/2025)(May be acted upon Jan 2026)

Location: 5/23/2025-A. 2 YEAR

Summary: Existing law requires that a local agency that maintains an internet website for use by the public to ensure that the internet website uses a ".gov" top-level domain or a ".ca.gov" second-level domain no later than January 1, 2029. Existing law requires that a local agency that maintains public email addresses to ensure that each email address provided to its employees uses a ".gov" domain name or a ".ca.gov" domain name no later than January 1, 2029. Existing law defines "local agency" for these purposes as a city, county, or city and county. This bill would recast these provisions by instead requiring a city, county, or city and county to comply with the above-described domain requirements and by deleting the term "local agency" from the above-described provisions. The bill would also require a special district, joint powers authority, or other political subdivision to comply with similar domain requirements no later than January 1, 2031. The bill would allow a community college district or community college to use a ".edu" domain to satisfy these requirements, and would specify that these requirements do not apply to a K–12 public school district. By adding to the duties of local officials, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Position
Oppose - Coalition

AB 1146 **(Papan D) Water infrastructure: dams and reservoirs: water release: false pretenses.** (Amended: 5/1/2025 html pdf)

Status: 6/9/2025-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 6/9/2025-S. RLS.

Summary: Existing law provides for the regulation and supervision of dams and reservoirs exclusively by the state. This bill would prohibit the release of stored water from a reservoir in this state if the release is done under false pretenses, which the bill would define to mean a release of water from a reservoir in a manner that is knowingly, designedly, and intentionally under any false or fraudulent representation as to the purpose and intended use of the water. The bill would authorize the State Water Resources Control Board to issue an interim relief order, as specified, to a reservoir operator to prohibit the release of stored water in violation of the above-described prohibition. The bill would authorize the board to commence an interim relief proceeding on its own motion. The bill would make any person who violates these provisions civilly liable in an amount not to exceed $10,000 for each day in which the violation occurs. The bill would also require these penalties to apply to the United States to the extent authorized under federal law, as specified.

Position
Oppose - Coalition

SB 601 **(Allen D) Water: waste discharge.** (Amended: 5/23/2025 html pdf)

Status: 6/16/2025-Referred to Coms. on E.S & T.M. and JUD.

Location: 6/16/2025-A. E.S. & T.M.

Summary: (1)Under existing law, the State Water Resources Control Board and the 9 California regional water quality control boards regulate water quality and prescribe waste discharge requirements in accordance with the Porter-Cologne Water Quality Control Act (act) and the National Pollutant Discharge Elimination System (NPDES) permit program. Under the act, the State Water Resources Control Board is authorized to adopt water quality control plans for waters for which quality standards are required by the federal Clean Water Act, as specified, and that in the event of a conflict, those plans supersede regional water quality control plans for the same waters. This bill would delete the limitation on the state board's authorization, and instead would authorize the state board to adopt water quality control plans for any waters of the state, which would include nexus waters, which the bill would define as all waters of the state that are not also navigable, except as specified. The bill would require any water quality standard applicable to nexus waters, which was submitted to, and approved by, or is awaiting approval by, the United States Environmental Protection Agency or the state board as of January 19, 2025, to remain in effect, except where the state board, regional board, or United States Environmental Protection Agency adopts a more stringent standard. The bill would require the state board and regional boards to include nexus waters in all processes pursuant to the federal Clean Water Act, including, but not limited to, the California Integrated Report and the establishment of total maximum daily loads, as specified.

AB 1413 **(Papan D) Sustainable Groundwater Management Act: groundwater adjudication.** (Amended: 4/10/2025 html pdf)

Status: 6/4/2025-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 6/4/2025-S. RLS.

Summary: Existing law, the Sustainable Groundwater Management Act, requires all groundwater basins designated as high- or medium-priority basins by the Department of Water Resources to be managed under a groundwater sustainability plan or coordinated groundwater sustainability plans, except as specified. Existing law requires the department to periodically review the groundwater sustainability plans developed by groundwater sustainability agencies pursuant to the act to evaluate whether a plan conforms with specified laws and is likely to achieve the sustainability goal for the basin covered by the plan. Existing law authorizes a groundwater sustainability agency that

adopts a groundwater sustainability plan to file a court action to determine the validity of the plan no sooner than 180 days following the adoption of the plan, as provided. This bill would instead authorize groundwater sustainability agencies to file those actions within 180 days following the adoption of the plan. This bill contains other related provisions and other existing laws.

SB 350 **(Durazo D) Water Rate Assistance Program.** (Amended: 5/7/2025 html pdf)

Status: 5/23/2025-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/12/2025)(May be acted upon Jan 2026)

Location: 5/23/2025-S. 2 YEAR

Summary: Existing law requires the State Water Resources Control Board to develop a plan for the funding and implementation of the Low-Income Water Rate Assistance Program. Existing law requires the plan to include, among other things, a description of the method for collecting moneys to support and implement the program and a description of the method for determining the amount of moneys that may need to be collected from water ratepayers to fund the program. This bill would establish the Water Rate Assistance Program. As part of the program, the bill would establish the Water Rate Assistance Fund in the State Treasury, available upon appropriation by the Legislature, to provide water affordability assistance, for both residential water and wastewater services, to low-income residential ratepayers, as specified. The bill would require the state board to take various actions in administering the fund, including, among other things, tracking and managing revenue in the fund separately from all other revenue. The bill would require the state board, in consultation with relevant agencies and after a public hearing, to adopt guidelines for implementation of the program and to adopt an annual report to be posted on the state board's internet website identifying how the fund has performed, as specified. The bill would require the guidelines to include minimum requirements for eligible systems, including the ability to confirm eligibility for enrollment through a request for self-certification of eligibility under penalty of perjury. By expanding the crime of perjury, the bill would impose a state-mandated local program. The bill would require the state board to take various actions in administering the program, including, but not limited to, providing guidance, oversight, and funding for low-income rate assistance for residential ratepayers of eligible systems. The bill would authorize the Attorney General, at the request of the state board, to bring an action in state court to restrain the use of any method, act, or practice in violation of these provisions, except as provided. The bill would make the implementation of all of these provisions contingent upon an appropriation by the Legislature. This bill contains other related provisions and other existing laws.

AB 259 **(Rubio, Blanca D) Open meetings: local agencies: teleconferences.** (Amended: 4/21/2025 html pdf)

Status: 5/14/2025-Referred to Coms. on L. GOV. and JUD.

Location: 5/14/2025-S. L. GOV.

Calendar: 7/2/2025 9:30 a.m. - State Capitol, Room 113 SENATE LOCAL GOVERNMENT, DURAZO, MARÍA ELENA, Chair

Summary: Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate. The act authorizes the legislative body of a local agency to use teleconferencing, as specified, and requires a legislative body of a local agency that elects to use teleconferencing to comply with specified requirements, including that the local agency post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Existing law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing if, during the teleconference meeting, at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the boundaries of the territory over which the local agency exercises jurisdiction, and the legislative body complies with

prescribed requirements. Existing law requires a member to satisfy specified requirements to participate in a meeting remotely pursuant to these alternative teleconferencing provisions, including that specified circumstances apply. Existing law establishes limits on the number of meetings a member may participate in solely by teleconference from a remote location pursuant to these alternative teleconferencing provisions, including prohibiting such participation for more than 2 meetings per year if the legislative body regularly meets once per month or less. This bill would extend the alternative teleconferencing procedures until January 1, 2030. This bill contains other related provisions and other existing laws.

AB 807 **(Dixon R) Conservation and mitigation bank: marine artificial reefs.** (Introduced: 2/18/2025 html pdf)

Status: 5/1/2025-Failed Deadline pursuant to Rule 61(a)(2). (Last location was W.,P. & W. on 3/10/2025)(May be acted upon Jan 2026)

Location: 5/1/2025-A. 2 YEAR

Summary: Existing law provides that mitigation banks and conservation banks provide for the conservation of important habitats and habitat linkages, take advantage of economies of scale that are often not available to individualized mitigation projects, and simplify the state regulatory compliance process while achieving conservation goals. Existing law provides that no conservation bank, mitigation bank, or conservation and mitigation bank is operative, vested, or final, nor bank credits issued, until the Department of Fish and Wildlife has approved in writing and a conservation easement has been recorded on the site. Existing law authorizes banks to issue and sell bank credits to private and public entities. Existing law defines "conservation bank" and "mitigation bank" for these purposes. This bill would expand the definition of "conservation bank" and "mitigation bank" to include marine artificial reefs. The bill would authorize a person to, after completion of a full environmental review in compliance with applicable California and federal laws and regulations, create a marine artificial reef for purposes of establishing a mitigation or conservation bank. The bill would clarify that both nonprofit and for-profit organizations are authorized to establish and operate a conservation bank, mitigation bank, or conservation and mitigation bank. The bill would provide that if a marine artificial reef is located on state sovereign land then a lease is required from the State Lands Commission, as provided. The bill would provide that the lease from the commission would satisfy the requirements for a bank enabling instrument and for the department to grant a conservation easement.

SB 72 **(Caballero D) The California Water Plan: long-term supply targets.** (Amended: 4/10/2025 html pdf)

Status: 6/9/2025-Referred to Com. on W. P., & W.

Location: 6/9/2025-A. W.,P. & W.

Summary: Existing law requires the Department of Water Resources to update every 5 years the plan for the orderly and coordinated control, protection, conservation, development, and use of the water resources of the state, which is known as "The California Water Plan." Existing law requires the department to include a discussion of various strategies in the plan update, including, but not limited to, strategies relating to the development of new water storage facilities, water conservation, water recycling, desalination, conjunctive use, and water transfers, that may be pursued in order to meet the future needs of the state. Existing law requires the department to establish an advisory committee to assist the department in updating the plan. This bill would revise and recast certain provisions regarding The California Water Plan to, among other things, require

the department to expand the membership of the advisory committee to include, among others, tribes, labor, and environmental justice interests. The bill would require the department, as part of the 2033 update to the plan, to update the interim planning target for 2050, as provided. The bill would require the target to consider the identified and future water needs for all beneficial uses, including, but not limited to, urban uses, agricultural uses, tribal uses, and the environment, and ensure safe drinking water for all Californians, among other things. The bill would require the plan to include specified components, including a discussion of the estimated costs, benefits, and impacts of any project type or action that is recommended by the department within the plan that could help achieve the water supply targets. The bill would require the department to report to the Legislature the amendments, supplements, and additions included in the updates of the plan, together with a summary of the department's conclusions and recommendations, in the session in which the updated plan is issued. The bill would also require the department to conduct public workshops to give interested parties an opportunity to comment on the plan.

SB 394 **(Allen D) Water theft: fire hydrants.** (Amended: 6/9/2025 html pdf)

Status: 6/9/2025-From committee with author's amendments. Read second time and amended. Re-referred to Com. on L. GOV.

Location: 6/5/2025-A. L. GOV.

Calendar: 6/18/2025 1:30 p.m. - State Capitol, Room 447 ASSEMBLY LOCAL GOVERNMENT, CARRILLO, JUAN, Chair

Summary: Existing law authorizes a utility to bring a civil action for damages against any person who commits, authorizes, solicits, aids, abets, or attempts certain acts, including, diverting or causing to be diverted, utility services by any means whatsoever. Existing law creates a rebuttable presumption that there is violation of these provisions if, on premises controlled by the customer or by the person using or receiving the direct benefit of utility service, certain actions occur, including that there is an instrument, apparatus, or device primarily designed to be used to obtain utility service without paying the full lawful charge for the utility. This bill would add to the list of acts for which a utility may bring a civil cause of action under these circumstances to include tampering with a fire hydrant, fire hydrant meter, or fire detector check, or connecting to, diverting water from, or causing water to be diverted from, a fire hydrant without authorization from the utility that owns the fire hydrant. The bill would also expand the rebuttable presumption for a violation of these provisions to include, among other things, if a person tampers with or uses a fire hydrant, fire hydrant meter, or fire detector check without authorization to obtain water and without paying the full lawful charge of the water. This bill contains other related provisions and other existing laws.

SB 454 **(McNerney D) State Water Resources Control Board: PFAS Mitigation Program.** (Amended: 5/23/2025 html pdf)

Status: 6/5/2025-Referred to Com. on E.S & T.M.

Location: 6/5/2025-A. E.S. & T.M.

Calendar: 6/17/2025 1:30 p.m. - State Capitol, Room 444 ASSEMBLY ENVIRONMENTAL SAFETY AND TOXIC MATERIALS CONSENT CALENDAR, CONNOLLY, DAMON, Chair

Summary: Existing law designates the State Water Resources Control Board as the agency responsible for administering specific programs related to drinking water, including, among others, the California Safe Drinking Water Act and the Emerging Contaminants for Small or Disadvantaged Communities Funding Program. This bill, which would become operative upon an appropriation by the Legislature, would enact a PFAS mitigation program. As part of that program, the bill would create the PFAS Mitigation Fund in the State Treasury and would authorize certain moneys in the fund to be expended by the state board, upon appropriation by the Legislature, for specified purposes. The bill would authorize the state board to seek out and deposit nonstate, federal, and private funds, require those funds to be deposited into the PFAS Mitigation Fund, and continuously appropriate the nonstate, federal, and private funds in the fund to the state board for specified purposes. The bill would authorize the state board to establish accounts within the PFAS Mitigation Fund. The bill would authorize the state board to expend moneys from the fund in the form of a grant, loan, or contract, or to provide assistance services to water suppliers and sewer system providers, as those terms are defined, for multiple purposes, including, among other things, to cover or reduce the costs for water suppliers associated with treating drinking water to meet the applicable state and federal maximum perfluoroalkyl and polyfluoroalkyl substances (PFAS)

contaminant levels. The bill would require a water supplier or sewer system provider to include a clear and definite purpose for how the funds will be used to provide public benefits to their community related to safe drinking water, recycled water, or treated wastewater in order to be eligible to receive funds. The bill would require the state board to adopt guidelines to implement these provisions, as provided.

SB 466 **(Caballero D) Drinking water: hexavalent chromium: civil liability: exemption.** (Amended: 5/21/2025 html pdf)

Status: 6/5/2025-Referred to Coms. on E.S & T.M. and JUD.

Location: 6/5/2025-A. E.S. & T.M.

Calendar: 7/1/2025 1:30 p.m. - State Capitol, Room 444 ASSEMBLY ENVIRONMENTAL SAFETY AND TOXIC MATERIALS, CONNOLLY, DAMON, Chair

Summary: The California Safe Drinking Water Act provides for the operation of public water systems and imposes on the State Water Resources Control Board various duties and responsibilities for the regulation and control of drinking water in the State of California. The act requires the state board to adopt primary drinking water standards for contaminants in drinking water based upon specified criteria, and requires a primary drinking water standard to be established for hexavalent chromium. Existing law authorizes the state board to grant a variance from primary drinking water standards to a public water system. This bill would prohibit a public water system that meets the total chromium maximum containment level (MCL) enforceable standard for drinking water in California from being held liable in any civil action brought by an individual or entity that is not a governmental agency related to hexavalent chromium in drinking water while implementing and in compliance with a state board-approved hexavalent chromium MCL compliance plan, or during the period between when it has submitted a hexavalent chromium MCL compliance plan for approval to the state board and action on the proposed compliance plan by the state board is pending, except as specified.

SB 496 **(Hurtado D) Advanced Clean Fleets Regulation: appeals advisory committee: exemptions.** (Amended: 4/7/2025 html pdf)

Status: 5/23/2025-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/5/2025)(May be acted upon Jan 2026)

Location: 5/23/2025-S. 2 YEAR

Summary: Existing law requires the State Air Resources Board to adopt and implement motor vehicle emission standards, in-use performance standards, and motor vehicle fuel specifications for the control of air contaminants and sources of air pollution that the state board has found necessary, cost effective, and technologically feasible. The California Global Warming Solutions Act of 2006 establishes the state board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases and requires the state board to adopt rules and regulations to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions from those sources. Pursuant to its authority, the state board has adopted the Advanced Clean Fleets Regulation, which imposes various requirements for transitioning local, state, and federal government fleets of medium- and heavy-duty trucks, other high-priority fleets of medium- and heavy-duty trucks, and drayage trucks to zero-emission vehicles. The Advanced Clean Fleets Regulation authorizes entities subject to the regulation to apply for exemptions from its requirements under certain circumstances. This bill would require the state board to establish the Advanced Clean Fleets Regulation Appeals Advisory Committee by an unspecified date for purposes of reviewing appeals of denied requests for exemptions from the requirements of the Advanced Clean Fleets Regulation. The bill would require the committee to include representatives of specified governmental and nongovernmental entities. The bill would require the committee to meet monthly and would require recordings of its meetings to be made publicly available on the state board's internet website. The bill would require the committee to consider, and make a recommendation on, an appeal of an exemption request denial no later than 60 days after the appeal is made. The bill would require specified information relating to the committee's consideration of an appeal to be made publicly available on the state board's internet website. The bill would require the state board to consider a recommendation of the committee at a public meeting no later than 60 days after the recommendation is made.

Status: 5/1/2025-Failed Deadline pursuant to Rule 61(a)(2). (Last location was H. & C.D. on 3/24/2025)(May be acted upon Jan 2026)
Location: 5/1/2025-A. 2 YEAR
Summary: Existing law, the Davis-Stirling Common Interest Development Act, governs the management and operation of common interest by an association. If a provision of that act requires an association to deliver a document by "individual delivery" or "individual notice," the act requires the association to deliver that document in accordance with the preferred delivery method specified by the member. Existing law also requires the board of an association to provide general notice of a proposed rule change at least 28 days before making the rule change, in accordance with certain procedures. This bill would revise the above-described rule change provision to require the board to provide individual notice pursuant to the above-described provision governing document delivery. This bill contains other related provisions and other existing laws.

Location: 5/1/2025-A. 2 YEAR
Summary: The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include in its regulation of those emissions the use of market-based compliance mechanisms. Pursuant to the act, the state board has adopted

the California Greenhouse Gas Cap-and-Trade Program to reduce emissions of greenhouse gases by applying a greenhouse gas allowance budget to specified entities and providing a trading mechanism for achieving compliance, as provided. The act requires the state board to adopt rules and regulations to achieve the maximum technologically feasible and cost-effective greenhouse gas emissions reductions to ensure that the statewide greenhouse gas emissions are reduced to at least 40% below the statewide greenhouse gas emissions limit, as defined, no later than December 31, 2030. Pursuant to the act, the state board has adopted the Low Carbon Fuel Standard regulations to reduce the carbon intensity of transportation fuels used in California, as specified. This bill would prohibit the state board from adopting any standard, regulation, or rule that affects the Low Carbon Fuel Standard or the California Greenhouse Gas Cap-and-Trade Program until the Legislative Analyst has analyzed the cost to the consumer of the proposed standard, regulation, or rule, as specified, and submitted its analysis to the Legislature.

Location: 5/1/2025-A. 2 YEAR

Summary: The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include in its regulation of those emissions the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund. Existing law continuously appropriates 25% of the annual proceeds of the fund to the High-Speed Rail Authority for certain purposes. This bill would suspend the appropriation to the High-Speed Rail Authority for the 2026–27 and 2027–28 fiscal years and would instead require those amounts from moneys collected by the state board to be transferred to the General Fund. The bill would specify that the transferred amounts shall be available, upon appropriation by the Legislature, to augment funding for water infrastructure and wildfire prevention.

AB 275 **(Petrie-Norris D) Office of Emergency Services: wildfire aerial response program.** (Amended: 4/23/2025 html pdf)

Status: 5/1/2025-Failed Deadline pursuant to Rule 61(a)(2). (Last location was U. & E. on 4/24/2025)(May be acted upon Jan 2026)

Location: 5/1/2025-A. 2 YEAR

Summary: Existing law, the California Emergency Services Act, establishes the Office of Emergency Services in the office of the Governor, with specified powers and duties relative to coordinating emergency services. Existing law requires the Office of Emergency Services to enter into a joint powers agreement with the Department of Forestry and Fire Protection to develop and administer a comprehensive wildfire mitigation program, as specified. This bill would require the Office of Emergency Services, in consultation with the Department of Forestry and Fire Protection, to establish, on or before December 31, 2026, a working group to evaluate and develop recommendations for implementing a wildfire aerial response program to provide year-round, 24 hours per day, 7 days per week, rapid aerial suppression capabilities. The bill would require the working group to consider specified elements to ensure effective statewide aerial wildfire suppression and to develop recommendations, including whether the program should be implemented as a pilot program, a full-scale statewide initiative, or if implementation is not recommended based on feasibility findings. The bill would require the Director of Emergency Services, in consultation with the department, to appoint members to the working group who are familiar with wildfire aviation response programs, as provided. The bill would require the working group to report its findings and implementation recommendations to the Assembly Committee on Emergency Management and the Senate Committee on Governmental Organization on or before December 31, 2027, as provided.

AB 295 **(Macedo R) California Environmental Quality Act: environmental leadership development projects: water storage, water conveyance, and groundwater recharge projects: streamlined review.** (Introduced: 1/23/2025 html pdf)

Status: 5/1/2025-Failed Deadline pursuant to Rule 61(a)(2). (Last location was NAT. RES. on 2/10/2025)(May be acted upon Jan 2026)

Location: 5/1/2025-A. 2 YEAR

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that the lead agency proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have

that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure by which a person may seek judicial review of the decision of the lead agency made pursuant to CEQA. The Jobs and Economic Improvement Through Environmental Leadership Act of 2021 authorizes the Governor, until January 1, 2032, to certify environmental leadership development projects that meet specified requirements for certain streamlining benefits related to CEQA. The act, among other things, requires a lead agency to prepare the record of proceedings for an environmental leadership development project, as provided, and to provide a specified notice within 10 days of the Governor certifying the project. The act is repealed by its own term on January 1, 2034. This bill would extend the application of the act to water storage projects, water conveyance projects, and groundwater recharge projects that provide public benefits and drought preparedness. Because a lead agency would be required to prepare the record of proceedings for water storage projects, water conveyance projects, and groundwater recharge projects pursuant to the act, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

AB 307 **(Petrie-Norris D) Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024: Department of Forestry and Fire Protection: fire camera mapping system.** (Introduced: 1/23/2025 html pdf)

Status: 5/1/2025-Failed Deadline pursuant to Rule 61(a)(2). (Last location was NAT. RES. on 2/10/2025)(May be acted upon Jan 2026)

Location: 5/1/2025-A. 2 YEAR

Summary: The Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024, approved by the voters as Proposition 4 at the November 5, 2024, statewide general election, authorized the issuance of bonds in the amount of $10,000,000,000 pursuant to the State General Obligation Bond Law to finance projects for safe drinking water, drought, flood, and water resilience, wildfire and forest resilience, coastal resilience, extreme heat mitigation, biodiversity and nature-based climate solutions, climate-smart, sustainable, and resilient farms, ranches, and working lands, park creation and outdoor access, and clean air programs. Of these funds, the act makes available $1,500,000,000, upon appropriation by the Legislature, for wildfire prevention, including, among other things, by making $25,000,000 available, upon appropriation by the Legislature, to the Department of Forestry and Fire Protection for technologies that improve detection and assessment of new fire ignitions. This bill would require, of the $25,000,000 made available to the department, $10,000,000 be allocated for purposes of the ALERTCalifornia fire camera mapping system.

AB 339 **(Ortega D) Local public employee organizations: notice requirements.** (Amended: 5/23/2025 html pdf)

Status: 6/13/2025-In committee: Set, first hearing. Hearing canceled at the request of author.

Location: 6/11/2025-S. L., P.E. & R.

Summary: Existing law, the Meyers-Milias-Brown Act, contains various provisions that govern collective bargaining of local represented employees and delegates jurisdiction to the Public Employment Relations Board to resolve disputes and enforce the statutory duties and rights of local public agency employers and employees. Existing law requires the governing body of a public agency to meet and confer in good faith regarding wages, hours, and other terms and conditions of employment with representatives of recognized employee organizations. Existing law requires the governing body of a public agency, and boards and commissions designated by law or by the governing body, to give reasonable written notice, except in cases of emergency, as specified, to each recognized employee organization affected of any ordinance, rule, resolution, or regulation directly relating to matters within the scope of representation proposed to be adopted by the governing body or the designated boards and commissions. This bill would require the governing body of a public agency, and boards and commissions designated by law or by the governing body of a public agency, to give the recognized employee organization no less than 120 days' written notice before issuing a request for proposals, request for quotes, or renewing or extending an existing contract to perform services that are within the scope of work of the job classifications represented by the recognized employee organization. The bill would require the notice to include specified information, including the anticipated duration of the contract. The bill would also require the public agency, if an emergency or other exigent circumstance prevents the public agency from

providing the written notice described above, to provide as much advance notice as is practicable under the circumstances. If the recognized employee organization demands to meet and confer after receiving the written notice, the bill would require the public agency and recognized employee organization to meet and confer in good faith within a reasonable time, as specified. By imposing new duties on local public agencies, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

AB 372 **(Bennett D) Office of Emergency Services: state matching funds: water system infrastructure improvements.** (Amended: 4/21/2025 html pdf)

Status: 6/11/2025-Referred to Coms. on G.O. and N.R. & W.

Location: 6/11/2025-S. G.O.

Calendar: 6/24/2025 9 a.m. - 1021 O Street, Room 1200 SENATE GOVERNMENTAL ORGANIZATION, PADILLA, STEPHEN, Chair

Summary: Existing law establishes, within the office of the Governor, the Office of Emergency Services (OES), under the direction of the Director of Emergency Services. Existing law charges the OES with coordinating various emergency activities within the state. The California Emergency Services Act, contingent upon an appropriation by the Legislature, requires the OES to enter into a joint powers agreement pursuant to the Joint Exercise of Powers Act with the Department of Forestry and Fire Protection to develop and administer a comprehensive wildfire mitigation program relating to structure hardening and retrofitting and prescribed fuel modification activities. Existing law authorizes the joint powers authority to establish financial assistance limits and matching funding or other recipient contribution requirements for the program, as provided. This bill, contingent on funding being appropriated pursuant to a specified bond act, would establish the Rural Water Infrastructure for Wildfire Resilience Program within the OES for the distribution of state matching funds to urban wildland interface communities, as defined, in designated high fire hazard severity zones or very high fire hazard severity zones to improve water system infrastructure, as prescribed. The bill would require the OES to work in coordination with the Department of Water Resources, the State Water Resources Control Board, the Office of the State Fire Marshal, and other state entities as the OES determines to be appropriate, to achieve the purposes of the program. The bill would require the OES to develop criteria and a scoring methodology to prioritize the distribution of state matching funds provided under the program to rural communities based upon specified criteria.

AB 428 **(Rubio, Blanca D) Joint powers agreements: water corporations.** (Amended: 3/28/2025 html pdf)

Status: 5/14/2025-Referred to Coms. on L. GOV. and E., U & C.

Location: 5/14/2025-S. L. GOV.

Calendar: 6/18/2025 9:30 a.m. - 1021 O Street, Room 2200 SENATE LOCAL GOVERNMENT, DURAZO, MARÍA ELENA, Chair

Summary: Existing law, the Joint Exercise of Powers Act, authorizes 2 or more public agencies, if authorized by their governing bodies, by agreement to jointly exercise any power common to the contracting parties. Existing law authorizes 2 or more local public entities, or a mutual water company, as defined, and a public agency, to provide insurance, as specified, by a joint powers agreement. Existing law authorizes a mutual water company and a public agency to enter into a joint powers agreement for the purposes of risk pooling, as specified. This bill would authorize a water corporation, as defined, a mutual water company, and one or more public agencies to provide insurance, as specified, by a joint powers agreement. The bill would also authorize a water corporation, a mutual water company, and one or more public agencies to enter into a joint powers agreement for the purposes of risk pooling, as specified. The bill would prohibit the Public Utilities Commission from allowing a water corporation to join a joint powers agency for insurance coverage if there are no greater benefits to the customers of the water corporation than are provided by the water corporation's current insurance policy. The bill would require the joint powers agency to be 100% reinsured with no joint and several liability, no assessments, and no financial liability attributable to the participating members, as provided. If a water corporation enters into a joint powers agreement for the purposes of risk pooling, the bill would require the water corporation to submit an annual information filing to the Public Utilities Commission and the joint powers agency, as specified. This bill contains other existing laws.

Status: 5/23/2025-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/14/2025)(May be acted upon Jan 2026)

Location: 5/23/2025-A. 2 YEAR

Summary: Existing law provides that an emergency regulation adopted by the State Water Resources Control Board following a Governor's proclamation of a state of emergency based on drought conditions, for which the board makes specified findings, may remain in effect for up to one year, as provided, and may be renewed if the board determines that specified conditions relating to precipitation are still in effect. This bill would require the board, within 180 days following a finding by the board that a nonfee emergency regulation is no longer necessary, as provided, to conduct a comprehensive economic study assessing the impacts of the regulation, as specified. The bill would require the board to make the study publicly available on its internet website no later than 30 days after completion.

AB 532 **(Ransom D) Water rate assistance program.** (Amended: 5/23/2025 html pdf)

Status: 6/4/2025-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 6/4/2025-S. RLS.

Summary: Existing federal law, the Consolidated Appropriations Act, 2021, among other things, requires the federal Department of Health and Human Services to carry out a Low-Income Household Drinking Water and Wastewater Emergency Assistance Program, which is also known as the Low Income Household Water Assistance Program, for making grants to states and Indian tribes to assist low-income households that pay a high proportion of household income for drinking water and wastewater services, as provided. Existing law requires the Department of Community Services and Development to administer the Low Income Household Water Assistance Program in this state, and to receive and expend moneys appropriated and allocated to the state for purposes of that program, pursuant to the above-described federal law. The Low Income Household Water Assistance Program was only operative until March 31, 2024. This bill would repeal the above-described requirements related to the Low Income Household Water Assistance Program. This bill contains other related provisions and other existing laws.

AB 550 **(Petrie-Norris D) The California Endangered Species Act: take of species: renewable electrical generation facilities.** (Amended: 5/6/2025 html pdf)

Status: 6/11/2025-Referred to Com. on N.R. & W.

Location: 6/11/2025-S. N.R. & W.

Summary: The California Endangered Species Act prohibits the taking of an endangered, threatened, or candidate species, except as specified. Under the act, the Department of Fish and Wildlife may authorize the take of listed species by certain entities through permits or memorandums of understanding for specified purposes. The act allows take by permit if, among other things, the impact of the authorized take is fully minimized and mitigated. This bill would provide that if an at-risk species, as defined, becomes listed as an endangered, threatened, or candidate species, further authorization or approval shall not be required for a take of that species,

if specified conditions are met, including that the potential listing of the at-risk species was anticipated in a permit previously issued by the department for incidental take caused by a renewable electrical generation facility. The bill would authorize the department, in partnership with a permit applicant for an incidental take caused by a renewable electrical generation facility, to develop a research project that evaluates specified factors. The bill would authorize a research project reviewed and approved by the department to contribute to a renewable electrical generation project's mitigation, as provided. The bill would require the department to report to the Legislature specified information, including among other things, a report on each at-risk species authorized for take, as provided.

Status: 5/23/2025-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/21/2025)(May be acted upon Jan 2026)

Location: 5/23/2025-A. 2 YEAR

Summary: Existing law, the California Public Employees' Pension Reform Act of 2013 (PEPRA), on and after January 1, 2013, requires a public retirement system, as defined, to modify its plan or plans to comply with PEPRA, as specified. Among other things, PEPRA prohibits a public employer from offering a defined benefit pension plan exceeding specified retirement formulas, requires new members of public retirement systems to contribute at least a specified amount of the normal cost, as defined, for their defined benefit plans, and prohibits an enhancement of a public employee's retirement formula or benefit adopted after January 1, 2013, from applying to service performed prior to the operative date of the enhancement. PEPRA prohibits a public employer from offering a supplemental defined benefit plan if the public employer did not do so before January 1, 2013, or, if it did, from offering that plan to an additional employee group after that date. This bill would authorize a public employer, as defined, to bargain over contributions for supplemental retirement benefits administered by, or on behalf of, an exclusive bargaining representative of one or more of the public employer's bargaining units, subject to the limitations specified above. This bill contains other existing laws.

AB 620 **(Jackson D) Medium- and Heavy-Duty Zero-Emission Vehicle Fleet Purchasing Assistance Program: rental vehicles.** (Introduced: 2/13/2025 html pdf)

Status: 6/11/2025-Referred to Coms. on E.Q. and TRANS.

Location: 6/11/2025-S. E.Q.

Calendar: 7/2/2025 9 a.m. - State Capitol, Room 112 SENATE ENVIRONMENTAL QUALITY, BLAKESPEAR, CATHERINE, Chair

Summary: Existing law establishes the Air Quality Improvement Program that is administered by the State Air Resources Board for purposes of funding projects related to, among other things, the reduction of criteria air pollutants and improvement of air quality. Existing law establishes the Medium- and Heavy-Duty Zero-Emission Vehicle Fleet Purchasing Assistance Program (program) within the Air Quality Improvement Program to make financing tools and nonfinancial supports available to operators of medium- and heavy-duty vehicle fleets to enable those operators to transition their fleets to zero-emission vehicles. This bill, for any regulation adopted to develop or implement the program, or other regulations that are regarding the procurement or use of medium- and heavy-duty zero-emission vehicles by a public or private fleet, would require the state board to consider specified things, including, among other things, the environmental and supply chain benefits of renting medium- and heavy-duty zero-emission vehicles compared to procuring them.

AB 874 **(Ávila Farías D) Mitigation Fee Act: waiver of fees: affordable rental housing.** (Introduced: 2/19/2025 html pdf)

Status: 5/1/2025-Failed Deadline pursuant to Rule 61(a)(2). (Last location was L. GOV. on 3/10/2025)(May be acted upon Jan 2026)

Location: 5/1/2025-A. 2 YEAR

Summary: Existing law, the Mitigation Fee Act, imposes certain requirements on a local agency that imposes a fee as a condition of approval of a development project that is imposed to provide for an improvement to be constructed to serve the development project, or a fee for public

improvements, as specified. The act also regulates fees for development projects and fees for specific purposes, including water and sewer connection fees, among others. The act, among other things, requires local agencies to comply with various conditions when imposing fees, extractions, or charges as a condition of approval of a proposed development or development project. The act prohibits a local agency that imposes fees or charges on a residential development for the construction of public improvements or facilities from requiring the payment of those fees or charges until the date of the final inspection or the date the certificate of occupancy is issued, whichever occurs first, except for utility service fees, as provided. This bill would require a local agency to waive fees or charges that are collected by a local agency to fund the construction of public improvements or facilities for residential developments subject to a regulatory agreement with a public entity, as provided, that includes certain income and affordability requirements. The bill would exclude from this requirement those fees or charges, as applicable, for the construction or reconstruction of school facilities or that cover the cost of code enforcement, inspection services, or other fees collected to pay for the cost of enforcement of local ordinances or state law.

Location: 5/23/2025-A. 2 YEAR
Summary: Existing law vests the Public Utilities Commission with regulatory authority over public utilities, including electrical corporations and gas corporations. Existing law authorizes the commission to fix the rates and charges for every public utility and requires that those rates and charges be just and reasonable. Existing law requires each electrical corporation and gas corporation to disclose on the billing statement of a residential customer certain information, including itemized components in the bill to identify state and local taxes, identification of delivery, generation, public purpose, and other charges, and the contact information for the commission's Consumer Affairs Branch. This bill would require the commission, on or before June 1, 2026, to evaluate all customer billing and noticing requirements existing on January 1, 2026, that apply to gas or electric utilities, and to identify and consider potential avenues to consolidate and enhance billing transparency, including avenues that clearly show the source and value of each charge within each customer's bill, as specified, and use the most cost-effective communications channels, as provided. The bill would authorize the commission to seek and consider input from utilities and other relevant stakeholders to inform its evaluation and identification and consideration of potential avenues to consolidate notices and enhance billing transparency.

Location: 5/8/2025-A. 2 YEAR
Summary: Existing law, the California Emergency Services Act, requires all public water systems, as defined, with 10,000 or more service connections to review and revise their disaster preparedness plans in conjunction with related agencies, including, but not limited to, local fire departments and the Office of Emergency Services to ensure that the plans are sufficient to address

possible disaster scenarios. Existing law requires these public water systems to, following a declared state of emergency, furnish an assessment of their emergency response and recommendations to the Legislature within 6 months after each disaster, and to implement the recommendations in a timely manner. Existing law requires the office to establish emergency response and recovery plans in coordination with these public water systems. This bill would make nonsubstantive changes to those provisions.

ACA 1 **(Valencia D) Public finance.** (Introduced: 12/2/2024 html pdf)
Status: 1/29/2025-Introduced measure version corrected.
Location: 12/2/2024-A. PRINT
Summary: The California Constitution prohibits the total annual appropriations subject to limitation of the State and of each local government from exceeding the appropriations limit of the entity of government for the prior year adjusted for the change in the cost of living and the change in population. The California Constitution defines "appropriations subject to limitation" of the State for these purposes. This measure would change the 1.5% required transfer to an undetermined percentage of the estimated amount of General Fund revenues for that fiscal year. The measure would change the 10% limit on the balance in the Budget Stabilization Account to 20% of the amount of the General Fund proceeds of taxes for the fiscal year estimate, as specified. The measure would specify that funds transferred under these provisions to the Budget Stabilization Account do not constitute appropriations subject to the above-described annual appropriations limit. This bill contains other existing laws.

Status: 3/25/2025-From printer. May be heard in committee April 24.
Location: 3/24/2025-A. PRINT
Summary: The California Constitution declares that the general welfare requires that the water resources of the state be put to beneficial use to the fullest extent of which they are capable, and that the right to the use of water does not extend to the waste or unreasonable use, method of use, or method of diversion of water. This measure, the California Water Resiliency Act, would require the Treasurer to annually transfer an amount equal to 1% of all state revenues from the General Fund to the Water Conveyance and Capacity Infrastructure Fund, which the measure would create. The measure would continuously appropriate moneys in the fund to the California Water Commission for its actual costs of implementing these provisions and for administering grants for the entitlement, repair, design, and construction of water infrastructure projects that will maintain or expand the availability of clean, safe drinking water for homes and businesses, and water for agricultural uses, consistent with area of origin water rights.

Location: 6/5/2025-A. L. GOV.

Calendar: 6/18/2025 1:30 p.m. - State Capitol, Room 447 ASSEMBLY LOCAL GOVERNMENT, CARRILLO, JUAN, Chair

Summary: Existing law establishes the Office of Land Use and Climate Innovation in the Governor's office for the purpose of serving the Governor and the Governor's cabinet as staff for long-range planning and research and constituting the comprehensive state planning agency. Existing law authorizes a local agency to finance infrastructure projects through various means, including by authorizing a city or county to establish an enhanced infrastructure financing district to finance public capital facilities or other specified projects of communitywide significance that provide significant benefits to the district or the surrounding community. This bill would require the office, upon appropriation by the Legislature, to establish the Infrastructure Gap-Fund Program to provide grants to local agencies for the development and construction of infrastructure projects, as defined, facing unforeseen costs after starting construction. The bill would authorize the office to provide funding for up to 20% of a project's additional projected cost, as defined, after the project has started construction, subject to specified conditions, including, among other things, that the local agency has allocated existing local tax revenue for at least 45% of the initially budgeted total cost of the infrastructure project. When applying to the program, the bill would require the local agency to demonstrate challenges with completing the project on time and on budget and how the infrastructure project helps meet state and local goals, as specified. The bill would require the office to develop guidelines to implement the program that establish the criteria by which grant applications will be evaluated and funded. The bill would make these provisions operative on January 1, 2030.

SB 90 **(Seyarto R) Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024: grants: improvements to public evacuation routes: mobile rigid water storage: electrical generators.** (Amended: 3/12/2025 html pdf)

Status: 5/23/2025-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/5/2025)(May be acted upon Jan 2026)

Location: 5/23/2025-S. 2 YEAR

Summary: The Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024, approved by the voters as Proposition 4 at the November 5, 2024, statewide general election, authorized the issuance of bonds in the amount of $10,000,000,000 pursuant to the State General Obligation Bond Law to finance projects for safe drinking water, drought, flood, and water resilience, wildfire and forest resilience, coastal resilience, extreme heat mitigation, biodiversity and nature-based climate solutions, climate-smart, sustainable, and resilient farms, ranches, and working lands, park creation and outdoor access, and clean air programs. The act makes $135,000,000 available, upon appropriation by the Legislature, to the Office of Emergency Services for a wildfire mitigation grant program to provide, among other things, loans, direct assistance, and matching funds for projects that prevent wildfires, increase resilience, maintain existing wildfire risk reduction projects, reduce the risk of wildfires to communities, or increase home or community hardening. The act provides that eligible projects include, but are not limited to, grants to local agencies, state agencies, joint powers authorities, tribes, resource conservation districts, fire safe councils, and nonprofit organizations for structure hardening of critical community infrastructure, wildfire smoke mitigation, evacuation centers, including community clean air centers, structure hardening projects that reduce the risk of wildfire for entire neighborhoods and communities, water delivery system improvements for fire suppression purposes for communities in very high or high fire hazard areas, wildfire buffers, and incentives to remove structures that significantly increase

hazard risk. This bill would include in the list of eligible projects grants to the above-mentioned entities for improvements to public evacuation routes in very high and high fire hazard severity zones, mobile rigid dip tanks, as defined, to support firefighting efforts, prepositioned mobile rigid water storage, as defined, and improvements to the response and effectiveness of fire engines and helicopters. The bill would also include grants, in coordination with the Public Utilities Commission, to local agencies, state agencies, special districts, joint powers authorities, tribes, and nonprofit organizations for backup electrical generators for water reservoirs.

SB 224 **(Hurtado D) Department of Water Resources: water supply forecasting.** (Amended: 5/23/2025 html pdf)

Status: 6/16/2025-Referred to Com. on W. P., & W.

Location: 6/16/2025-A. W.,P. & W.

Summary: Existing law requires the Department of Water Resources to gather and correlate information and data pertinent to an annual forecast of seasonal water crop. Existing law also requires the department to update every 5 years the plan for the orderly and coordinated control, protection, conservation, development, and use of the water resources of the state, which is known as "The California Water Plan." This bill would require the department, on or before January 1, 2027, to adopt a new water supply forecasting model and procedures that better address the effects of climate change and implement a formal policy and procedures for documenting the department's operational plans and the department's rationale for its operating procedures, including the department's rationale for water releases from reservoirs. The bill would also require the department to establish, and publish on the department's internet website, the specific criteria that it will employ to determine when its updated water supply forecasting model has demonstrated sufficient predictive capability to be ready for use in each of the watersheds. The bill would require the department, on or before January 1, 2028, and annually thereafter, to prepare and submit to the Legislature a report on its progress toward implementing the new forecasting model and to post the report on the department's internet website. The bill would also require the department, on or before January 1, 2028, and annually thereafter, to prepare and submit to the Legislature a report that explains the rationale for the department's operating procedures specific to the previous water year. The bill would require the department, commencing in 2027 and annually thereafter, to present specified information, including the department's operational decisions and its rationale for the state's water supply during the preceding water year, at 5 at least 2 open and public meetings in specified locations. The bill would require the department to include the information presented at the meetings in a report, post the report on its internet website, and submit the report to the Legislature.

SB 231 **(Seyarto R) California Environmental Quality Act: the Office of Land Use and Climate Innovation: technical advisory.** (Amended: 3/20/2025 html pdf)

Status: 5/23/2025-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 4/7/2025)(May be acted upon Jan 2026)

Location: 5/23/2025-S. 2 YEAR

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. Under existing law, the recommendation, continuous evaluation, and execution of statewide environmental goals, policies, and plans are included within the scope of the executive functions of the Governor. Existing law establishes the Office of Land Use and Climate Innovation in the Governor's office for the purpose of serving the Governor and the Governor's cabinet as staff for long-range planning and research and constituting the comprehensive state planning agency. This bill would require, on or before July 1, 2027, the Office of Land Use and Climate Innovation to consult with regional, local, state, and federal agencies to develop a technical advisory on thresholds of significance for greenhouse gas and noise pollution effects on the environment to assist local agencies. The bill would require the technical advisory to provide suggested thresholds of significance for all areas of the state, as specified, and would provide that lead agencies may elect to adopt these suggested thresholds of significance. The bill would also

require the Office of Land Use and Climate Innovation to post the technical advisory on its internet website.

SB 232 **(Seyarto R) California Environmental Quality Act: guidelines: study.** (Amended: 3/20/2025 html pdf)

Status: 5/23/2025-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 4/7/2025)(May be acted upon Jan 2026)

Location: 5/23/2025-S. 2 YEAR

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA requires the Office of Land Use and Climate Innovation, formerly named the Office of Planning and Research, to prepare and develop, and the Secretary of the Natural Resources Agency to certify and adopt, guidelines for the implementation of CEQA. The CEQA guidelines require a lead agency, immediately after deciding that an environmental impact report is required for a project, to send a notice of preparation stating that an environmental impact report will be prepared to the office and each responsible and trustee agency, as specified. This bill would require the office to conduct a study to, among other things, evaluate how locked-in guidelines could impact regulatory certainty for future project proponents, lead agencies, and stakeholders and assess how locked-in guidelines could affect the speed and efficiency of the environmental review process pursuant to CEQA. The bill would define "locked-in guidelines" as CEQA guidelines, that are in effect at the time of the first issuance of the notice of preparation for a project, that apply to the project throughout the course of the environmental review process pursuant to CEQA, regardless of changes in the guidelines that occur after the first issuance of the notice of preparation. The bill would require, on or before January 1, 2027, the office to submit a report to the Governor and the Legislature on the study. The bill would repeal these provisions on January 1, 2028.

SB 268 **(Choi R) Income taxes: gross income exclusions: state of emergency: natural disaster settlements.** (Amended: 5/7/2025 html pdf)

Status: 5/23/2025-May 23 hearing: Held in committee and under submission.

Location: 5/19/2025-S. APPR. SUSPENSE FILE

Summary: The Personal Income Tax Law and the Corporation Tax Law, in conformity with federal income tax law, generally defines gross income as income from whatever source derived, except as specifically excluded, and provides various exclusions from gross income. This bill, for taxable years beginning on or after January 1, 2025, and before January 1, 2030, would provide an exclusion from gross income for amounts received from a settlement entity, as defined, by a qualified taxpayer, as defined, to replace property that is located in a city or county in this state and that was damaged or destroyed by a disaster or accidental or human-caused event for which a state of emergency or local emergency, as defined, was proclaimed. This bill contains other related provisions and other existing laws.

SB 280 **(Cervantes D) Political Reform Act of 1974: prohibition on contributions in state and local government office buildings.** (Amended: 4/10/2025 html pdf)

Status: 6/5/2025-Referred to Com. on ELECTIONS.

Location: 6/5/2025-A. ELECTIONS

Calendar: 7/2/2025 9 a.m. - State Capitol, Room 444 ASSEMBLY ELECTIONS, PELLERIN, GAIL, Chair

Summary: The Political Reform Act of 1974 comprehensively regulates political campaigns, including campaign contributions. The act prohibits the receipt, delivery, or attempted delivery of a contribution in the State Capitol, any state office building, or any office for which the state pays the majority of the rent other than a legislative district office. This bill would expand that prohibition to

apply to local government office buildings and offices for which the state or a local government pays rent. The bill would also eliminate the exception for legislative district offices. This bill contains other related provisions and other existing laws.

SB 470 **(Laird D) Bagley-Keene Open Meeting Act: teleconferencing.** (Amended: 4/10/2025 html pdf)

Status: 6/9/2025-Referred to Com. on G.O.

Location: 6/9/2025-A. G.O.

Summary: Existing law, the Bagley-Keene Open Meeting Act, requires, with specified exceptions, that all meetings of a state body be open and public and all persons be permitted to attend any meeting of a state body. The act authorizes meetings through teleconference subject to specified requirements, including, among others, that the state body post agendas at all teleconference locations, that each teleconference location be identified in the notice and agenda of the meeting or proceeding, that each teleconference location be accessible to the public, that the agenda provide an opportunity for members of the public to address the state body directly at each teleconference location, and that at least one member of the state body be physically present at the location specified in the notice of the meeting. This bill would instead repeal these provisions on January 1, 2030.

SB 474 **(Niello R) State Air Resources Board: regulatory authority: revocation.** (Introduced: 2/19/2025 html pdf)

Status: 5/1/2025-Failed Deadline pursuant to Rule 61(a)(2). (Last location was E.Q. on 2/26/2025) (May be acted upon Jan 2026)

Location: 5/1/2025-S. 2 YEAR

Summary: Existing law designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases that cause global warming in order to reduce emissions of greenhouse gases, and confers the state board various regulatory authorities, including the authority to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions, as specified. This bill would revoke all authority of the state board to adopt, revise, or repeal regulations and would declare that any law granting authority to or requiring the state board to adopt, revise, or repeal regulations, or take an action that requires exercising regulatory authority, instead be read as only authorizing the state board to provide advice and propose measures to the Legislature for statutory enactment. The bill would require the state board to, as necessary, provide advice and propose measures to the Legislature for statutory enactment regarding its duties, as provided. The bill would declare that it does not invalidate or repeal any regulation adopted by the state board before January 1, 2026.

Position

SB 614 **(Stern D) Carbon dioxide transport.** (Amended: 5/5/2025 html pdf)

Status: 6/16/2025-Referred to Coms. on NAT. RES. and E.M.

Location: 6/16/2025-A. NAT. RES.

Summary: Under the Elder California Pipeline Safety Act of 1981, the State Fire Marshal exercises safety regulatory jurisdiction over intrastate pipelines used for the transportation of hazardous or highly volatile liquid substances. The act imposes various requirements in relation to the regulation of these intrastate pipelines. A person who willfully and knowingly violates the act or a regulation adopted pursuant to the act is, upon conviction, subject to a fine, imprisonment, or both a fine and imprisonment, as provided. This bill would expand the regulation of intrastate pipelines under the act to intrastate pipelines used for the transportation of carbon dioxide by revising the definition of "pipeline" for purposes of the act to also include intrastate pipelines used for the transportation of carbon dioxide. The bill would require the State Fire Marshal, by April 1, 2026, to adopt regulations to regulate the transportation of carbon dioxide by a pipeline, with safety standards that, at a minimum, meet the standards proposed by certain draft federal regulations proposed by the federal Pipeline and Hazardous Materials Safety Administration. The bill would require the regulations to require a project applicant to demonstrate that the transportation of carbon dioxide in a pipeline complies with certain state laws. The bill would require the regulations to require pipelines permitted to transport carbon dioxide to be newly constructed and not converted from existing pipelines. The bill would authorize the State Fire Marshal to require additional safety standards, as

specified. The bill would authorize the State Fire Marshal to require an operator of a pipeline transporting carbon dioxide to cease operation of the pipeline if the operator is found to be in violation of the specified requirements or if continued pipeline operations present an immediate danger to the health, welfare, or the environment. Because a violation of the above provisions would be a crime, this bill would impose a state-mandated local program. The bill would require the State Fire Marshal, at least once every 5 years, to assess the additional safety standards and to amend the regulations to increase the safety standards. The bill would require the State Fire Marshal to establish, until January 1, 2036, the Carbon Dioxide Pipeline Safety Advisory Committee, as provided, for purpose of providing the State Fire Marshal with recommendations regarding additional safety standards for pipelines transporting carbon dioxide, informing local agencies and pipeline operators transporting carbon dioxide of changes in applicable laws and regulations affecting the operating of pipelines, and reviewing proposed carbon dioxide pipeline safety regulations. The bill would provide that to be recognized by the state board for meeting any requirement under the California Global Warming Solutions Act of 2006, carbon dioxide transported by pipeline is to be transported only by pipelines meeting or exceeding the standards adopted by the State Fire Marshal. This bill contains other related provisions and other existing laws.

SB 682 **(Allen D) Environmental health: product safety: perfluoroalkyl and polyfluoroalkyl substances.** (Amended: 5/23/2025 html pdf)
Status: 6/9/2025-Referred to Com. on E.S & T.M.
Location: 6/9/2025-A. E.S. & T.M.
Summary: (1)Existing law requires the Department of Toxic Substances Control, on or before January 1, 2029, to adopt regulations to enforce specified covered perfluoroalkyl and polyfluoroalkyl substances (PFAS) restrictions, which include prohibitions on the distribution, sale, or offering for sale of certain products that contain specified levels of PFAS. Existing law requires the department, on and after July 1, 2030, to enforce and ensure compliance with those provisions and regulations, as provided. Existing law requires manufacturers of these products, on or before July 1, 2029, to register with the department, to pay a registration fee to the department, and to provide a statement of compliance certifying compliance with the applicable prohibitions on the use of PFAS to the department, as specified. Existing law authorizes the department to test products and to rely on third-party testing to determine compliance with prohibitions on the use of PFAS, as specified. Existing law requires the department to issue a notice of violation for a product in violation of the prohibitions on the use of PFAS, as provided. Existing law authorizes the department to assess an administrative penalty for a violation of these prohibitions and authorizes the department to seek an injunction to restrain a person or entity from violating these prohibitions, as specified. This bill would, on and after January 1, 2027, prohibit a person from distributing, selling, or offering for sale a cleaning product, cookware, dental floss, juvenile product, food packaging, or ski wax, as provided, that contains intentionally added PFAS, as defined, except for previously used products and as otherwise preempted by federal law.

SB 707 **(Durazo D) Open meetings: meeting and teleconference requirements.** (Amended: 5/29/2025 html pdf)
Status: 6/9/2025-Referred to Com. on L. GOV.
Location: 6/9/2025-A. L. GOV.
Summary: Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate. This bill would, until January 1, 2030, require an eligible legislative body, as defined, to comply with additional meeting requirements, including that, except as specified, all open and public meetings include an opportunity for members of the public to attend via a 2-way telephonic service or a 2-way audiovisual platform, as defined, and that the eligible legislative body take specified actions to encourage residents to participate in public meetings, as specified. This bill contains other related provisions and other existing laws.

SB 724 **(Richardson D) Public housing: lead testing.** (Amended: 5/5/2025 html pdf)
Status: 6/5/2025-Referred to Coms. on E.S & T.M. and H. & C.D.
Location: 6/5/2025-A. E.S. & T.M.

Calendar: 6/17/2025 1:30 p.m. - State Capitol, Room 444 ASSEMBLY ENVIRONMENTAL SAFETY AND TOXIC MATERIALS CONSENT CALENDAR, CONNOLLY, DAMON, Chair

Summary: Existing law prohibits a person from using any pipe, pipe or plumbing fitting or fixture, solder, or flux that is not lead free in the installation or repair of any public water system or any plumbing in a facility providing water for human consumption, except when necessary for the repair of leaded joints of cast iron pipes. Existing law requires a community water system to compile an inventory of known lead user service lines in use in its distribution system and identify areas that may have lead user service lines in use in its distribution system, as provided. This bill would require the owner of a public housing unit that is owned or managed by a city, county, city and county, or city, county, or city and county housing authority, to provide information to the residents of the public housing unit regarding any applicable existing program that offers free testing of the water for lead. Because a local government would be required to provide a higher level of service by implementing its provisions, this bill would impose a state-mandated local program. This bill contains other existing laws.

Position

Watch-Key

SB 732 **(Ochoa Bogh R) Emergency backup generators: critical facilities: exemptions.** (Introduced: 2/21/2025 html pdf)

Status: 5/1/2025-Failed Deadline pursuant to Rule 61(a)(2). (Last location was E.Q. on 3/12/2025) (May be acted upon Jan 2026)

Location: 5/1/2025-S. 2 YEAR

Summary: Existing law imposes various limitations on emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Existing law generally designates air pollution control and air quality management districts with the primary responsibility for the control of air pollution from all sources other than vehicular sources. Existing law requires the State Air Resources Board to identify toxic air contaminants that are emitted into the ambient air of the state and to establish airborne toxic control measures to reduce emissions of toxic air contaminants from nonvehicular sources. This bill would require an air district without a specified rule on emergency backup generators, as defined, as of January 1, 2026, that adopts such a rule to include in the rule provisions that allow the operator of a critical facility, as defined, to use a permitted emergency backup generator in exceedance of the applicable runtime and testing and maintenance limits if specified conditions are met. The bill would require a critical facility allowed to exceed applicable limits under a rule adopted pursuant to that provision to attest to and provide evidence of having taken demonstrable steps toward implementing the use of backup power technologies that meet or exceed emission standards set by the state board. By adding to the duties of air districts, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

SB 769 **(Caballero D) The Golden State Infrastructure Corporation Act.** (Amended: 5/1/2025 html pdf)

Status: 6/16/2025-Re-referred to Coms. on JUD. and E.D., G., & H.I. pursuant to Assembly Rule 96.

Location: 6/16/2025-A. JUD.

Calendar: 6/24/2025 9 a.m. - State Capitol, Room 437 ASSEMBLY JUDICIARY, KALRA, ASH, Chair

Summary: Existing law, the Bergeson-Peace Infrastructure and Economic Development Bank Act, authorizes the California Infrastructure and Economic Development Bank, governed by a board of directors, to make loans, issue bonds, and provide other financial assistance for various types of infrastructure and economic development projects. Existing law establishes the California Infrastructure and Economic Development Bank Fund, a continuously appropriated fund, to support the bank. This bill would enact the Golden State Infrastructure Corporation Act and would establish the Golden State Infrastructure Corporation, within the State Treasurer's Office, as a not-for-profit corporation for the purpose of administering the act and financing infrastructure projects. The bill would require the corporation to be governed by a board of directors, with a prescribed membership, and would require the business and affairs of the corporation to be managed by an executive director appointed by the Treasurer. This bill would prescribe the powers and duties of the corporation, including entering into financing transactions, borrowing money or issuing bonds, and setting and charging fees for obtaining financing from the corporation. Under the bill, the state would not in any way be liable for any obligation of the corporation, and the corporation would not be required to pay any taxes, except as provided. The bill would require the corporation, not later than January 1 of each year, to submit to the Governor, the Legislature, and the Legislative

Analyst's Office a report for the preceding fiscal year containing information on the infrastructure corporation fund and the corporation's activities, including specified information. This bill contains other related provisions and other existing laws.

MEMORANDUM

Dedicated to Satisfying our Community's Water Needs

TO: Board of Directors
FROM: Stacy Taylor, Water Policy Manager
DATE: June 25, 2025
SUBJECT: Orange County Update

RECOMMENDATION

Receive the Orange County Update.

STRATEGIC PLAN

Goal #7: Actively participate in regional and statewide water issues.

PRIOR BOARD ACTION/DISCUSSION

This item is provided monthly at a Mesa Water District (Mesa Water®) Board of Directors meeting.

DISCUSSION

Mesa Water's governmental relations program includes monitoring local and regional political issues and policy-setting authorities (i.e., County of Orange, Orange County Local Agency Formation Commission, etc.). At the Board's June 25, 2025 meeting, Mesa Water staff will provide a verbal report on any actionable, relevant and/or timely issues.

FINANCIAL IMPACT

In Fiscal Year 2025, $445,000 is budgeted for Water Policy Support Services; $341,735 has been spent to date.

ATTACHMENTS

None.
