### Background

Mesa Water District (Mesa Water®) is replacing the underground steel pipeline on Wilson Street from Harbor Boulevard to Newport Boulevard in Costa Mesa. The existing pipeline is 70 years old and is being replaced by a new 12-inch polyvinyl chloride (PVC) pipeline. Construction started in August 2021 and will be completed by Spring 2022.

Mesa Water District (Mesa Water®) is constantly investing in its infrastructure to ensure a reliable water supply. Construction is now under way for a new underground pipeline to replace an existing 70-year-old pipeline. Construction will take place on Wilson Street from Newport Boulevard to Harbor Boulevard in Costa Mesa.

The first stretch of construction for the Wilson Street Pipeline Replacement Project will begin at Newport Boulevard and proceed west to Fairview Road. The circle on the map below shows the work area. Work is expected to be completed by the last week in October.

### Project Activity During Construction

- Open trench construction
- Excavation and backfill work
- Deliveries of materials and use of construction equipment

### Potential Impacts

Safety is Mesa Water's top priority. There will be no disruption in water service to customers. Potential impacts include:

- Temporary lane closure in work areas
- Temporary sidewalk closures and parking restrictions
- Temporary bus stop closures or relocations
- Minimal noise, dust and vibration during work activities

### Traffic Management & Access

- Through-traffic on Wilson Street will be accessible and/or detoured
- Driveway access, trash and delivery services will not be affected
