

CONSTRUCTION NOTICE

February 25, 2022

Pipeline Construction on MacArthur Boulevard to Begin on Feb. 28

Project Timeline

August 2020 – Spring 2022

Construction Hours

Monday - Friday

8:30 a.m. – 3:30 p.m.

Location

MacArthur Boulevard, between Croddy Way and Hyland Avenue, Cities of Costa Mesa and Santa Ana

Background

As part of its Capital Improvement Program, Mesa Water® is constructing two new water wells and a 4,500-foot pipeline that will allow the District to increase local water production capacity by 8 million gallons of high-quality drinking water daily.

Mesa Water District (Mesa Water®) is constructing two new water wells and a pipeline within the cities of Santa Ana and Costa Mesa.

The next phase of work from February 28 - May 1, 2022, includes construction of pipeline on MacArthur Boulevard between Croddy Way and Hyland Avenue. The circle on the map below shows the work area.

Project Activity During Construction

- Open trench construction
- Excavation and backfill work
- Deliveries of materials and use of construction equipment

Potential Impacts

Safety is Mesa Water's top priority. There will be no disruption in water service to customers. Potential impacts include:

- Minimal noise, dust and vibration during work activity

Traffic Management & Access

- Temporary closure of one westbound lane on MacArthur Boulevard during work hours
- Through-traffic will be maintained at all times
- Driveway access, trash and delivery services will not be affected
